Youngeun Kim, 2025-09-11 This book explores the theological aesthetics of Jonathan Edwards through the lens of his biblical interpretation presenting a fresh and much needed perspective on one of America's greatest religious thinkers While previous scholarship has focused heavily on Edwards's philosophical or systematic theology this study uniquely centers his aesthetic vision on Scripture It argues that Edwards's understanding of beauty rooted in the Triune God revealed through

Christ and reflected in creation is fundamentally shaped by his exegetical writings and pastoral vocation. Engaging key works such as his *Sermons*, *Miscellanies*, *Religious Affections*, and *The Blank Bible* demonstrate that Edwards's theology of beauty permeates core doctrines including the Trinity, salvation, ecclesiology, and eschatology. In contrast to Enlightenment rationalism, Edwards upheld the Bible as the supreme source of truth, interpreted through the Spirit, enabling a new sense of the heart. This study fills a critical gap in Edwards scholarship by integrating his aesthetic theology with his biblical hermeneutics, offering new insights into his vision of divine beauty and its transformative impact on the believer and the church.

The Revival of Beauty Catherine Wesselinoff, 2023-08-18. This book provides original descriptive accounts of two schools of thought in the philosophy of beauty: the 20th-century Anti-Aesthetic movement and the 21st-century Beauty Revival movement. It also includes a positive defence of beauty as a lived experience extrapolated from the Beauty Revival position. Beauty was traditionally understood in the broadest sense as a notion that engages our sense perception and embraces everything evoked by that perception, including mental products and affective states. This book constructs and places in parallel with one another the Anti-Aesthetic and Beauty Revival movements. In the author's view, Anti-Aestheticism is devoted to a decisive negation of beauty, denying its importance as a philosophical notion and its significance as a lived experience. It suggests that beauty is a merely sensual experience which can be used at best as a distraction from justice and at worst as an instrument of evil. Alternatively, the Beauty Revival movement advances arguments for beauty as an experience that extends primarily to sensual experience but which also calls forth mental products and cognitive and affective states evoked by that experience. After reconstructing these two positions, the author elaborates on the notion of beauty as a lived experience through three key moments which occur in the process of our experiencing beautiful objects. These moments are: a) the conditions that constitute an experience of beauty; b) the attitudinal features most likely to lead to the experience of beauty; and c) the results of the experience of beauty. *The Revival of Beauty* will be of interest to scholars and advanced students working in aesthetics, history of philosophy, and art history.

God's Beauty Patrick T. McCormick, 2012-10-01. What if we began our study of Christian ethics not with an examination of our moral duties but with an exploration of the call of beauty? For like justice, beauty generates a call to a larger, more generous self. God's Beauty offers a fresh, positive approach to moral arguments, calling us to work for social justice. It focuses on the calling of divine beauty, summoning us to work for justice, protect human rights, overcome alienation and hostility, and be tenders and creators of beauty.
