History and Popular Memory Paul A Cohen, 2014-04-29 When people experience a traumatic event such as war or the threat of annihilation they often turn to history for stories that promise a positive outcome to their suffering During World War II the French took comfort in the story of Joan of Arc and her heroic efforts to rid France of foreign occupation To bring the Joan narrative more into line with current circumstances however popular retellings modified the original story so that what people believed took place in the past was often quite different from what actually occurred Paul A Cohen identifies this interplay between story and history as a worldwide phenomenon found in countries of radically different cultural religious and social character He focuses here on Serbia Israel China France the Soviet Union and Great Britain all of which experienced severe crises in the twentieth century and in response appropriated age old historical narratives that resonated with what was happening in the present to serve a unifying restorative purpose A central theme in the book is the distinction between popular memory and history Although vitally important to historians this distinction is routinely blurred in people's minds and the historian's truth often cannot compete with the power of a compelling story from the past even when it has been seriously distorted by myth or political manipulation Cohen concludes by suggesting that the patterns of interaction he probes given their near universality may well be rooted in certain human propensities that transcend cultural difference

Farber on Film: The Complete Film Writings of Manny Farber Manny Farber,2016-02-02 Manny Farber 1917 2008 was a unique figure among American movie critics Champion of what he called termite art focused often eccentric virtuosity as opposed to white elephant monumentality master of a one of a kind prose style whose jazz like phrasing and incandescent twists and turns made every review an adventure he has long been revered by his peers Susan Sontag called him the liveliest smartest most original film critic this country ever produced for Peter Bogdanovich he was razor sharp in his perceptions and never less than brilliant as a writer Farber was an early discoverer of many filmmakers later acclaimed as American masters Val Lewton Preston Sturges Samuel Fuller Raoul Walsh Anthony Mann A prodigiously gifted painter himself he brought to his writing an artist s eye for what was on the screen Alert to any filmmaker no matter how marginal or unsung who was doing go for broke art and not caring what comes of it he was uncompromising in his contempt for pretension and trendiness for as he put it directors who pin the viewer to the wall and slug him with wet towels of artiness and significance The excitement of his criticism however has less to do with his particular likes and dislikes than with the quality of attention he paid to each

film as it unfolds to the chains of rapport and intimate knowledge in its moment to moment reality To transcribe that knowledge he created a prose that in Robert Polito s words allows for oddities muddles crises contradictions dead ends multiple alternatives and divergent vistas The result is critical essays that are themselves works of art Farber on Film brings together this extraordinary body of work in its entirety for the first time from his early and previously uncollected weekly reviews for The New Republic and The Nation to his brilliant later essays some written in collaboration with his wife Patricia Patterson on Godard Fassbinder Herzog Scorsese Altman and others Featuring an introduction by editor Robert Polito that examines in detail the stages of Farber s career and his enduring significance as writer and thinker Farber on Film is a landmark volume that will be a classic in American criticism From the Trade Paperback edition **International**

The Making of Jane Austen Devoney Looser,2017-06-27 Returning author Devoney Looser has written a study of Jane Austen s legacy in high and popular culture looking at stage and film adaptations of her work how Austen has been taught in classrooms Austen s depiction in visual culture and Austen s role in the women s suffragist movement Looser draws on popular print and unpublished archival sources amassing evidence from high middlebrow and popular culture in order to craft a more capacious history of posthumous reception The book is a detailed and revealing account of what Looser calls the public dimension of Jane Austen who is a manufactured creation Looser has dug deep and come up with brand new material on Austen something that is very hard to do This is the kind of material that Janeites and Austen scholars live for Jean Arthur Jerry Vermilye,2012-06-06 Blonde vivacious Jean Arthur is best remembered today for her unizue childlike voice and for the handful of classic Thirties and Forties movies she made for directors Frank Capra and George Stevens such as You Can t Take It With You Mr Smith Goes to Washington The More the Merrier and her last picture Shane released in 1953 But not many know that her 30 year film career dates from the early Twenties when she was an inexperienced contract player at Fox In fact Arthur appeared in more movies of the silent era mostly program Westerns and minor comedies than she made after the advent of sound Born with the name Gladys Greene in 19 00 Jean Arthur renamed and reinvented herself when she

arrived in Hollywood in 1922 fictionizing her background and subtracting eight years from her actual age. Colleagues have recalled the eccentric personality and behind the scenes insecurities that negated her popularity with the press and inhibited her later career as a stage and TV star prompting her eventual retreat into seclusion. All of these exploits and more are detailed in this comprehensive biofilmography by Jerry Vermilye, a much published author who tells his story in a brisk non judgmental style that has drawn critical praise for his volumes on such legendary film personalities as Cary Grant, Barbara Stanwyck, Bette Davis, Charles Bronson, Audrey Hepburn, Buster Crabbe, Lawrence Olivier and Elizabeth Taylor. This book includes casts, production credits and critical commentary on Jean Arthur's many films as well as 100 scene stills, portraits and candids, many of them are photographs from the author's private collection.

Gloria Swanson Stephen Michael Shearer, 2013-08-27 Gloria Swanson defined what it meant to be a movie star but her unforgettable role in *Sunset Boulevard* overshadowed the true story of her life. Now Stephen Michael Shearer sets the record straight in the first in depth biography of the film legend. Swanson was Hollywood's first successful glamour queen. Her stardom as an actress in the mid 1920s earned her millions of fans and millions of dollars. Realizing her box office value early in her career she took control of her life. Soon she was not only producing her own films she was choosing her scripts, selecting her leading men, casting her projects, creating her own fashions, guiding her publicity and living an extravagant and sometimes extraordinary celebrity lifestyle. She also collected a long line of lovers including Joseph P. Kennedy and married men of her choosing including a French marquis thus becoming America's first member of nobility. As a devoted and loving mother she managed a quiet success of raising three children. Perhaps most important as a keen businesswoman she also was able to extend her career more than sixty years. Her astounding comeback as Norma Desmond in Billy Wilder's *Sunset Boulevard* catapulted her back into the limelight. But it also created her long misunderstood persona, one that this meticulous biography shows was only part of this independent and unparalleled woman.

Buster Crabbe Jerry Vermilye, 2014-01-10 Buster Crabbe's chief claim to fame aside from his Olympic gold medal for the 400 meter freestyle event in 1932 rests in the trio of movie serials in which he played the popular science fiction hero Flash Gordon. Crabbe was the only actor to play the roles of Tarzan in one movie, Flash Gordon and Buck Rogers, the top three pulp action heroes of the 1930s. Crabbe carved out a career that would also include more than 100 B movies and program Westerns, a television adventure series and a successful physical fitness enterprise. All of this and more is detailed in this book which includes a complete filmography providing cast and crew information for each of his 103 feature films and serials.
