Imperial Ideology and Provincial Loyalty in the Roman Empire Clifford Ando, 2013-08-29 The Roman empire remains unique Although Rome claimed to rule the world it did not Rather its uniqueness stems from the culture it created and the loyalty it inspired across an area that stretched from the Tyne to the Euphrates Moreover the empire created this culture with a bureaucracy smaller than that of a typical late twentieth century research university In approaching this problem Clifford Ando does not ask the ever fashionable question Why did the Roman empire fall Rather he asks Why did the empire last so long Imperial Ideology and Provincial Loyalty in the Roman Empire argues that the longevity of the empire rested not on Roman military power but on a gradually realized consensus that Roman rule was justified This consensus was itself the product of a complex conversation between the central government and its far flung peripheries Ando investigates the mechanisms that sustained this conversation explores its contribution to the legitimation of Roman power and reveals as its product the provincial absorption of the forms and content of Roman political and legal discourse Throughout his sophisticated and subtle reading is informed by current thinking on social formation by theorists such as Max Weber Jürgen Habermas and Pierre Bourdieu

Lee,2006-07-20 At first glance Paul s words to the Corinthians about being the body of Christ seem simple and straightforward He compares them with a human body so that they may be encouraged to work together each member contributing to the good of the whole according to his or her special gift However the passage raises several critical questions which point to its deeper implications Does Paul mean that the community is like a body or is he saying that they are in some sense a real body What is the significance of being specifically the body of Christ Is the primary purpose of the passage to instruct on the correct use of spiritual gifts or is Paul making a statement about the identity of the Christian community Michelle Lee examines Paul s instructions in 1 Corinthians 12 14 against the backdrop of Hellenistic moral philosophy and especially Stoicism *A Teacher's Commentary on First and Second Corinthians* Dan R. Owen,2021-09-07 A Teacher s Commentary on First and Second Corinthians is especially designed as a practical tool for those who preach from the Corinthian letters or teach Bible studies from them The reflective questions at the end of each chapter as well as the appendices at the end of the book are designed to help the teacher in personal understanding instruction and in practical matters of the church The material on First Corinthians will help ministers with many practical church matters and encourage them to work for unity in the church during times of conflict The material on Second Corinthians will help ministers navigate relationships with people in their churches over time and at the same time remain faithful to Christ in ministry **Epidemics and War** Rebecca M. Seaman,2018-04-12 Through its coverage of 19 epidemics associated with a

Revelation and the Marble Economy of Roman Ephesus Anna M. V. Bowden, 2020-12-10 In an effort to bring the impracticalities of John s command for withdrawal from cultural participation in 18 4 to the forefront of scholarly discourse this book reconstructs the marble economy of ancient Ephesus and proceeds to read Revelation by foregrounding the daily lives of its marble workers This book argues that Ephesus was a major center of the marble economy in the Roman world and that the infrastructure that went into creating building and sustaining such an enterprise generated the need for a large workforce Anna M V Bowden further demonstrates that the majority of marble workers endured poor working conditions and struggled on a daily basis to ensure subsistence Finally Bowden explores the ways marble workers participated in empire through the work of their hands 9 20 and questions John s characterization of marble workers as idolaters sorcerers murderers fornicators and thieves Bowden concludes that the praxis Revelation requires from its audience of complete withdrawal is pragmatically not sustainable and is ultimately a manifesto leaving marble workers jobless hungry and with a heightened risk for malnutrition disease injury and even death

Tracing Orpheus Miguel Herrero de Jáuregui, Ana Isabel Jiménez San Cristóbal, Eugenio R. Luján Martínez, Raquel Martín Hernández, Marco Antonio Santamaría Álvarez, Sofía Torallas Tovar, 2011-12-08 There is hardly a more controversial issue in the study of ancient religion than Orphism More than two centuries of debate have not closed the subject since new evidence and divergent approaches have kept appearing regularly This volume sheds light on the most relevant pieces of evidence for ancient Orphism collected in the recent edition by Alberto Bernab It contains 65 short new studies on Orphic fragments by leading international scholars who comment one of the most controversial phenomena in Antiquity from a plurality of

perspectives Readers will acquire a global vision of the multiple dimensions of the Orphic tradition as well as many new insights into particular Orphic fragments *Water Culture in Roman Society* Dylan Kelby Rogers, 2018-07-17 Water played an important part of ancient Roman life from providing necessary drinking water supplying bath complexes to flowing in large scale public fountains The Roman culture of water was seen throughout the Roman Empire although it was certainly not monolithic and it could come in a variety of scales and forms based on climatic and social conditions of different areas This article seeks to define water culture in Roman society by examining literary epigraphic and archaeological evidence while understanding modern trends in scholarship related to the study of Roman water The culture of water can be demonstrated through expressions of power aesthetics and spectacle Further there was a shared experience of water in the empire that could be expressed through religion landscape and water's role in cultures of consumption and pleasure

Presence Robert Maniura, 2017-07-05 In about 25 BC tribesmen of the kingdom of Meroe placed a bronze head of Augustus cut from a full length statue beneath the steps of a temple of victory the decapitated head of the Emperor was thus regularly trampled underfoot Two millennia later during the second Gulf War Iraqis insulted a toppled bronze statue of Saddam Hussein by beating it with their shoes Do these chronologically distant but apparently related examples of the defamation of images imply that the persons represented were regarded by their detractors as in some way present in the images Presence The Inherence of the Prototype within Images and Other Objects reconsiders the notion of presence in objects The first book to address the issue directly it contains a series of case studies covering a broad geographical and chronological range from ancient Greece and the Incas to industrial America and contemporary India as well as examples from the canon of western European art The studies reveal the widespread evidence for this striking form of response and allow readers to see how presence is evoked and either embraced or repressed in differing historical and cultural contexts Featuring a variety of disciplines and approaches the book will be of interest to students of art history art theory visual culture anthropology psychology and philosophy **The Lord's Supper in Corinth in the Context of Greco-Roman**

Private Associations Jin Hwan Lee, 2018-11-02 In this socio historical study Jin Hwan Lee offers fresh insights on social aspects of communal banqueting practice in early Christ groups particularly in Corinth With an emphasis on banqueting practice in Greco Roman private associations he attempts to understand social conflicts at communal gatherings of the Christ group in Corinth His research on the social dynamics of banquet meetings in associations is thorough fresh and even striking readers will be amply rewarded by new ideas to this field Making use of a wide range of ancient literature and epigraphical and papyrological sources from associations Lee helps recover the real issues that the Christ group members encountered at their communal meal described in 1 Cor 11 17-34 boldly claiming that current scholarly approaches to these issues at the Corinthian Christ group communal meal are anachronistic Lee provides a new paradigm for thinking about early Christ movement meals and by and large early Christ movements in the first and second centuries A D The Biblical
