this original short story from 1 New York Times bestselling author Michael Connelly LAPD Detective Harry Bosch seeks justice for the forgotten NOTE This file includes a preview of Michael Connelly s novel The Crossing In Switchblade an anonymous tip puts Bosch on a case that has remained unsolved for decades the vicious stabbing of a teenage boy whose body was found in an abandoned Old Hollywood restaurant Cold cases are often the toughest With no body no murder scene and no fingerprints Bosch nevertheless gets lucky when DNA evidence from the murder weapon points to a known killer But the DA insists that science alone is not enough he needs the case to be bulletproof before he ll take it to court Determined to speak for those who can no longer speak for themselves Bosch has one chance to wrench a confession out of a cold blooded killer or risk letting him walk free for good In this gripping never before published story by master of the crime thriller Huffington Post Michael Connelly Detective Harry Bosch quenches his thirst for justice and shows why he is one of the most popular and enduring figures in American crime fiction Chicago Tribune *Void Moon* Michael Connelly,2001-01-01 New York Times bestselling author Michael Connelly writes novels of brilliantly original suspense In this electrifying tour de force he takes us into a world of extremes too much criminality too much money and too many ways to die In L A Cassie Black is another beautiful woman in a Porsche except Cassie just did six years in prison and still has outlaw juice flowing in her veins Now Cassie is returning to her old profession taking down a money man in Vegas But the perfect heist goes very wrong and suddenly Cassie is on the run with a near psychotic Vegas fixer killing everyone who knew about the job Between Cassie and the man hunting her are a few last secrets like who really set up the job why Cassie had to take the change and how in the end it might all be a matter of the moon English Literary Stylistics Christiana Gregoriou,2017-09-16 This refreshingly straightforward and accessible textbook introduces students who might not have a linguistic background to the study of literary texts Gregoriou takes an innovative genre based approach providing students with the analytical skills and theoretical approaches they need to interpret the language of literature **Noir Fiction and Film** Lee Clark Mitchell,2021 The argument of *Noir Fiction and Film* is curiously counterintuitive that in a century of hard boiled fiction and detective films characteristics that at first seemed trivial swelled in importance flourishing into crucial aspects of the genre Among these are aimless descriptions of people and places irrelevant to plot along with detectives consisting of little more than sparkling dialogue and flippant attitudes What weaves together such features however seems to be a paradox that a genre rooted in solving a mystery structured around the gathering of clues must do so by misdirecting our attention even withholding information we think we need to generate the suspense we also desire Yet successful noir stories and films enhance that suspense through passing diversions descriptive details and eccentric perspectives rather than depending on the center pieces of plot alone suspected motives or incriminating traces As the greatest practitioners of the genre have realized the how of detective fiction its stylistic detours draws us in more insistently than the what or the who its linear advance And the achievement of recent film noir is to make that how become the tantalizing object of our entire attention shorn of any

pretense of reading for the plot immersing us in the diversionary delight that has animated the genre from the beginning
