**Alexander Gillespie**

## **The Confident Hope Of A Miracle:**

*The Confident Hope of a Miracle* Neil Hanson, 2007-12-18 The real story of the Spanish Armada In the winter of 1587 the Spanish Armada the largest force of warships ever assembled set sail to crush the English navy This breathtaking overview of one of the most fascinating campaigns in European history begins with the execution of Mary Queen of Scots the event that precipitated the launching of the Armada From the first whispers of the threat against England and the English crown to the return of the battered remnants of the fleet to Spain eighteen months later it is a story rich in incident and intrigue In this controversial study Neil Hanson claims that Francis Drake s intention was not to sink the Armada ships but to disable and plunder them He further claims that Queen Elizabeth was a monarch who left many of the survivors of the battle to die of disease or starvation and whose parsimony prevarication and cynicism left her unable to make crucial decisions Drawing on previously undiscovered personal papers Neil Hanson conveys in vivid detail how the highest and the lowest in the land fared in those turbulent months when the destiny of all Europe hung in the balance From the Trade Paperback edition Sir Walter Raleigh and the Quest for El Dorado Marc Aronson, 2000 Recounts the adventurous life of Raleigh the English explorer who led many expeditions to the new world **The Spanish Armada** Colin Martin, Geoffrey Parker, 1999 The Spanish Armada is a radical interpretation of why Philip II s Armada of 1588 failed so disastrously This new edition is based on a fresh examination of archival sources across Europe combined with the archaeological investigation of some of its wrecked ships off the coasts of Scotland and Ireland The new edition has been extensively revised to incorporate ten further years of research by the authors and others and is likely to remain the standard account for years to come A History of the Laws of War: Volume 1 Alexander Gillespie, 2011-09-06 This unique new work of reference traces the origins of the modern laws of warfare from the earliest times to the present day Relying on written records from as far back as 2400 BCE and using sources ranging from the Bible to Security Council Resolutions the author pieces together the history of a subject which is almost as old as civilisation itself The author shows that as long as humanity has been waging wars it has also been trying to find ways of legitimising different forms of combatants and regulating the treatment of captives This first book on warfare deals with the broad question of whether the patterns of dealing with combatants and captives have changed over the last 5 000 years and if so how In terms of context the first part of the book is about combatants and those who can lawfully take part in combat In many regards this part of the first volume is a series of less than ideal pathways This is because in an ideal world there would be no combatants because there would be no fighting Yet as a species we do not live in such a place or even anywhere near it either historically or in contemporary times This being so a second best alternative has been to attempt to control the size of military forces and therefore the bloodshed This is also not the case by which humanity has worked over the previous centuries Rather the clear assumption for thousands of years has been that authorities are allowed to build the size of their armed forces as large as they wish The restraints that have been applied are in terms of the quality

and methods by which combatants are taken The considerations pertain to questions of biology such as age and sex geographical considerations such as nationality and the multiple nuances of informal or formal combatants These questions have also overlapped with ones of compulsion and whether citizens within a country can be compelled to fight without their consent Accordingly for the previous 3 000 years the question has not been whether there should be a limit on the number of soldiers but rather who is or is not a lawful combatant It has rarely been a question of numbers It has been and remains one of type The second part of this book is about people typically combatants captured in battle It is about what happens to their status as prisoners about the possibilities of torture assistance if they are wounded and what happens to their remains should they be killed and their bodies fall into enemy hands The theme that ties all of these considerations together is that all of the acts befall those who are to one degree or another captives of their enemies As such they are no longer masters of their own fate As a work of reference this first volume as part of a set of three is unrivalled and will be of immense benefit to scholars and practitioners researching and advising on the laws of warfare It also tells a story which throws fascinating new light on the history of international law and on the history of warfare itself

**War Made New** Max Boot,2006 An analysis of the pivotal role of technology in modern warfare focuses on four historical periods that shaped the rise and fall of empires in a narrative account that covers such topics as gunpowder the Industrial Revolution and stealth aircraft First serial American Heritage

Decision Advantage Jennifer E. Sims,2022-08-02 In Decision Advantage Jennifer E Sims examines the role of intelligence in international conflict throughout history to show that intelligence has been a measurable buildable and consequential form of power over centuries Diving deep into the history of the 16th Century s Spanish Armada two Civil War battles the hunt for President Lincoln s assassin and key diplomatic crises before the two World Wars Sims develops insights into how competitors have created and used intelligence power to their advantage including winning against otherwise stronger opponents

**With the Heart of a King** Benton Rain Patterson,2013-12-03 Philip II of Spain the most powerful monarch in sixteenth century Europe and a ferocious empire builder was matched against the dauntless queen of England Elizabeth I determined to defend her country and thwart Philip s ambitions Philip had been king of England while married to Elizabeth s half sister Bloody Mary Tudor a devout Catholic After Mary s untimely death he courted Elizabeth the new queen and proposed marriage to her hoping to build a permanent alliance between his country and hers and return England to the Catholic fold Lukewarm to the Spanish alliance and resolute against a counterreformation Elizabeth declined his proposal When under her guidance England s maritime power grew to challenge Spain s rule of the sea and threaten its rich commerce Philip became obsessed with the idea of a conquest of England and the restoration of Catholicism there by fire and sword Elizabeth bold brilliant defiantly Protestant became his worst enemy In 1586 Philip began assembling the mighty Spanish Armada and in May 1588 it sailed from Lisbon With superior seamanship and strategies Elizabeth s navy defeated and drove off the Spanish fleet Forced to retreat around the northern coast of Ireland and Scotland Philip s ships ran into

violent storms that wreaked havoc It was the rivalry s climactic event      *Peace and Conflict Studies* David P. Barash, Charles P. Webel, 2016-12-29 The thoroughly updated Fourth Edition of the gold standard text explores historical and current topics in today s rapidly changing world to provide a comprehensive introduction to peace and conflict studies The authors offer an insightful analysis of 21st century global affairs including such timely topics as ISIS the nature of violence and nonviolence cutting edge military technologies the Terrorism and Global Peace Indexes and the latest developments in Iran North Korea and Syria Comprehensive yet written in a student friendly and accessible style the text represents a commitment to inspire readers to create a better world through an understanding of what has happened and what is happening and therefore what is likely to take place in the future Read Dr Barash s article on Psychology Today on why nuclear threats by the U S Government are never a successful defense tactic      **The Journey to the Mayflower** Stephen Tomkins, 2020-01-07 An

authoritative and immersive history of the far reaching events in England that led to the sailing of the Mayflower 2020 brings readers the 400th anniversary of the sailing of the Mayflower the ship that took the Pilgrim Fathers to the New World It is a foundational event in American history but it began as an English story which pioneered the idea of religious freedom The illegal underground movement of Protestant separatists from Elizabeth I s Church of England is a story of subterfuge and danger arrests and interrogations prison and executions It starts with Queen Mary s attempts to burn Protestantism out of England which created a Protestant underground Later when Elizabeth s Protestant reformation didn t go far enough radicals recreated that underground meeting illegally throughout England facing prison and death for their crimes They went into exile in the Netherlands where they lived in poverty and finally to the New World Historian Stephen Tomkins tells this fascinating story one that is rarely told as an important piece of English as well as American history that is full of contemporary relevance religious violence the threat to national security freedom of religion and tolerance of dangerous opinions This is a must read book for anyone interested in the untold story of how the Mayflower came to be launched

**The Dream of the North** Peter Fjagesund, 2014-05-10 Northern Europe and North America have dominated the world stage for more than two centuries Using a wide range of sources this book provides the first coherent account from a multi national perspective of the ideas and perceptions that from the Renaissance onwards fuelled the North s rise to prominence and enabled it to rival the traditional cultural and political hegemony of the South This includes not only the fascinating conquest of the polar regions but also the religious upheaval of the Reformation the changing view of nature engendered by Romanticism and not least the revival of ancient Nordic and Celtic culture Finally the book offers an indispensable historical background to current events in the Far North where the past and the future meet in a complex web of dramatic environmental concerns the exploitation of natural resources and the strategies of politics and commerce      Unknown Soldiers Neil Hanson, 2007-12-18 The First World War was a conflict of unprecedented ferocity After the last shot was fired and the troops marched home approximately three million soldiers remained unaccounted for An unassuming English

chaplain first proposed a symbolic burial in memory of all the missing dead subsequently the idea was picked up by almost every combatant country Acclaimed author Neil Hanson focuses on the lives of three soldiers an Englishman a German and an American using their diaries and letters to offer an unflinching yet compassionate account of the front lines He describes how each man endured nearly unbearable conditions skillfully showing how the Western world arrived at the now time honored way of mourning and paying tribute to all those who die in war From the Trade Paperback edition **Moment of Battle** Jim Lacey,Williamson Murray,2013 Presents the twenty most crucial battles of all time explaining how each conflict represents a historical epoch that triggered profound transformations and significantly shaped the development of the modern world Empire of the Seas Brian Lavery,2018-11-01 The BBC TV Tie in to Dan Snow s Timewatch series exploring the navy s rise over four centuries The year 1588 marked a turning point in our national story Victory over the Spanish Armada transformed us into a seafaring nation and it sparked a myth that one day would become a reality that the nation s new destiny the source of her future wealth and power lay out on the oceans This book tells the story of how the navy expanded from a tiny force to become the most complex industrial enterprise on earth how the need to organise it laid the foundations of our civil service and our economy and how it transformed our culture our sense of national identity and our democracy Brian Lavery s narrative explores the navy s rise over four centuries a key factor in propelling Britain to its status as the most powerful nation on earth and assesses the turning point of Jutland and the First World War He creates a compelling read that is every bit as engaging as the TV series itself The House of War Simon Mayall,2024-09-12 A powerful new history detailing the most significant military clashes between Islam and Christendom over the 1 300 years of the Muslim caliphate From the taking of the holy city of Jerusalem in the 7th century AD by Caliph Umar to the collapse of the Ottoman Empire following the end of World War I Christian popes emperors and kings and Muslim caliphs and sultans were locked in a 1300 year battle for political military ideological economic and religious supremacy In this powerful new history of the era acknowledged expert on the history of the Middle East and the Crusades Simon Mayall focuses on some of the most significant clashes of arms in human history the taking and retaking of Jerusalem and the collapse of the Crusader states the fall of Constantinople the sieges of Rhodes and Malta the assault on Vienna and the high water mark of Ottoman advance into Europe culminating in the Allied capture of Jerusalem in World War I the final collapse of the Ottoman Empire the dissolution of the sultanate and the caliphate and the formation of modern Europe and the modern Middle East The House of War offers a wide sweeping narrative encompassing the broad historical and religious context of this period while focussing on some of the key pivotal sieges and battles and on the protagonists political and military who determined their conclusions and their consequences **The Entity** Eric Frattini,2024-07-02 International Bestseller Meticulously documented Frattini gives us an exclusive look at the hidden face of the papacy revelations that send a chill up the spine Le Monde For five centuries the Vatican the oldest organization in the world maker of kings and shaper of history has used a

secret spy service called the Holy Alliance or later the Entity to carry out its will Forty popes have relied on it to carry out their policies They have played a hitherto invisible role confronting de Christianizations and schisms revolutions and dictators colonizations and expulsions persecutions and attacks civil wars and world wars assassinations and kidnappings For the first time in English following the bestselling Spanish and French editions Eric Frattini tells the comprehensive tale of this sacred secret service The Entity has been involved in the killings of monarchs poisonings of diplomats financing of South American dictators protection of war criminals laundering of Mafia money manipulation of financial markets provocation of bank failures and financing of arms sales to combatants even as their wars were condemned all in the name of God The contradiction between God s justice and Earth s justice Christian beliefs and Christian power all fall before the motto of the Entity With the Cross and the Sword A true story that surpasses any novel by John le Carr El Pa s Spain An investigation worthy of a Pulitzer Frattini puts all the secrets of the Vatican out on the table Di rio de Not cias Portugal A devastating book Valeurs France A must read El Universal Mexico

**The Safeguard of the Sea** N A M Rodger,2004-10-07 Throughout Britain s history one factor above all others has determined the fate of the nation its navy N A M Rodger s definitive account reveals how the political and social progress of Britain has been inextricably intertwined with the strength and weakness of its sea power from the desperate early campaigns against the Vikings to the defeat of the great Spanish Armada Covering policy strategy ships recruitment and weapons this is a superb tapestry of nearly 1 000 years of maritime history No other historian has examined the subject in anything like the detail found here The result is an outstanding example of narrative history Barry Unsworth Sunday Telegraph

**Cervantes's Novelas Ejemplares** Joseph V. Rikapito,1996 Rikapito s amply documented study of the Gypsy in Spain the complex political relationship between Spain and England and the Italo Hispanic cultural relations of the period point up new areas of inquiry hitherto lacking in the study of Cervantes La gitanilla La espaola inglesa and La seora Cornelia Dominick Finella author of Pastoral Themes and Forms in Cervantes Fiction

[The Sea and Civilization](#) Lincoln Paine,2015-10-27 A monumental retelling of world history through the lens of the sea revealing in breathtaking depth how people first came into contact with one another by ocean and river lake and stream and how goods languages religions and entire cultures spread across and along the world s waterways bringing together civilizations and defining what makes us most human The Sea and Civilization is a mesmerizing rhapsodic narrative of maritime enterprise from the origins of long distance migration to the great seafaring cultures of antiquity from Song Dynasty human powered paddle boats to aircraft carriers and container ships Lincoln Paine takes the reader on an intellectual adventure casting the world in a new light in which the sea reigns supreme Above all Paine makes clear how the rise and fall of civilizations can be linked to the sea An accomplishment of both great sweep and illuminating detail The Sea and Civilization is a stunning work of history

**History for Common Entrance: The Making of the UK 1485-1750** Bob Pace,N. R. R. Oulton,2014-08-29 History for Common Entrance The Making of the UK 1485 1750 ensures a thorough understanding of the Making of the UK
