

NATURAL CONSEQUENCES

Natural consequences are the logical outcomes or results of a person's actions and do not require human intervention to occur.

EXAMPLES

- If you are rude to people, you won't make friends.
- If you don't wear a jacket outside when it's cold, you'll feel cold.
- If you don't clean your teeth, you get bad breath.
- If you don't study for a test, you may get a low grade.

NATURAL VS LOGICAL

- **Natural consequences:** occur naturally in the environment. For example, leaning back in one's chair will lead to it falling over.
- **Logical consequences:** Require that a person fix what they have done wrong. So, if a child breaks something, then they must fix it.
