Sociology Revisited Basic Concepts And Perspectives:

Sociology Revisited Murray Knuttila,1993 **Aboriginal Voices and the Politics of Representation in Canadian**
Introductory Sociology Textbooks John Steckley,2003 The philosophical underpinnings of this textbook make it a most interesting read for scholars of Aboriginal Studies the social sciences humanities and cultural studies and humanistic curriculum development John Steckley s familiarity with and respect for the epistemology of the Huron Mohawk and Ojibwa peoples enlightens and enables his research In this book he provides a critical framework for assessing Aboriginal content in introductory sociology textbooks He defines what is missing from the seventy seven texts included in his study of the manifestation of cultural hegemony in Canadian sociology textbooks This critique is suitable for students and professors of sociology as Dr Steckley addresses the impact of the ellipses from the textbooks they have traditionally used Introducing Sociology Kenneth Murray Knuttila,2005 Introducing Sociology A Critical Approach presents the basic concepts and language of sociology in a concise and accessible manner while providing a critical overview of the development of sociological theory By focussing on such topics as biology and culture and science theory and the origins of sociology the text allows students to explore the nature of sociological analysis American Book Publishing Record ,1997 **Technology and Society** John Goyder,1997 *Technology and Society* is a thoroughly researched insightful sociological analysis of complex issues in the technology society relationship David Long The King s University College *The Concept of Law from a Transnational Perspective* Detlef von Daniels,2016-03-23 This book brings together the fruits of different traditions in legal philosophy and draws on them to develop a systematic thesis on the concept of law The work uses a legal model to explore the underlying question of how the current phenomena of transnational law are best understood in combination with an examination of the traditions of Jürgen Habermas s critical theory and H L A Hart s analytic jurisprudence This leads the author to conclude that the key to a fruitful dialogue and comprehensive understanding is to appreciate that the concept of law is not state centered and must reflect relationships to other legal systems *Sociological Thinking in Music Education* Carol Frierson-Campbell,Clare Hall,Sean Robert Powell,Guillermo Rosabal-Coto,2022-01-14 *Sociological Thinking in Music Education* presents new ideas about music teaching and learning as important social political economic ecological and cultural ways of being with an overarching aim to move beyond mere descriptions of what is by analyzing how social inequalities and inequities conflict and control and power can be understood in and through music teaching and learning at both individual and collective levels *Development Studies Revisited* Charles Cooper,E. V. K. FitzGerald,2016-04-15 First published in 1989 The Journal of Development Studies was founded 25 years ago as a professional journal for what had by then become an established sub discipline within British social science The Journal has consistently published a broad spectrum of British research on development studies a catholicity that has been reflected in the composition of the Editorial Board over the years and has always welcomed authors from the USA the European Continent and above all from the Third

World Collated form the last twenty five years of the journal presented here are a collection of 20 odd papers that represent less than three per cent of articles published since 1964

Key Concepts in Feminist Theory and Research Christina Hughes,2002-09-12 This original and engaging text explores the core concepts in feminist theory This up to date text addresses the implications of postmodernism and post structuralism for feminist theorizing It identifies the challenges of this through the development of conceptual literacy Introducing conceptual literacy as a pedagogic task this text facilitates students understanding of for example The range and lack of fixity of conceptualizations and meanings of key terms The significance of theoretical framework for conceptualization of key terms The changing nature of language and the reframing of key terms in research eg the recent shift from equality to social justice The text explores these issues through six key concepts in feminist theorizing equality difference choice care time and experience Each chapter considers the varied ways in which these terms have been conceptualised and the feminist debates about these concepts Each chapter includes case studies to illustrate the application of these concepts in feminist empirical research and provides a guide to further reading This text will be an invaluable tool for students taking courses in feminist theory and research methods and students across the social sciences who are taking courses concerned with issues of gender

Revisiting Institutionalism in Sociology Seth Abrutyn,2013-11-07 There may not be a concept so central to sociology yet so vaguely defined in its contemporary usages than institution In *Revisiting Institutionalism in Sociology* Abrutyn takes an in depth look at what institutions are by returning to some of the insights of classical theorists like Max Weber and Herbert Spencer the functionalisms of Talcott Parsons and S N Eisenstadt and the more recent evolutionary institutionalisms of Gerhard Lenski and Jonathan Turner Returning to the idea that various levels of social reality shape societies Abrutyn argues that institutions are macro level structural and cultural spheres of action exchange and communication They have emergent properties and dynamics that are not reducible to other levels of social reality Rather than fall back on old functionalist solutions Abrutyn offers an original and synthetic theory of institutions like religion or economy the process by which they become autonomous or distinct cultural spaces that shape the color and texture of action exchange and communication embedded within them and how they gain or lose autonomy by theorizing about institutional entrepreneurship Finally Abrutyn lays bare the inner workings of institutions including their ecology the way structure and culture shape lower levels of social reality and how they develop unique patterns of stratification and inequality founded on their ecology structure and culture Ultimately Abrutyn offers a refreshing take on macrosociology that brings functionalist conflict and cultural sociologies together while painting a new picture of how the seemingly invisible macro world influences the choices humans make and the goals we set

Crime, Violence and Modernity Gordon Hughes,2022-04-26 This book makes an original contribution to reconnecting criminological inquiry to the core concerns of the classical sociological imagination and to the intellectual resources of comparative and historical sociology Throughout the book Hughes challenges the long standing division of labour in criminology and sociology more

generally between theory method and research Accordingly the author s concerns here are as much about the craft and working methods of being a sociological criminologist as it is about theory and concepts In the first half of the book the key conceptual and methodological premises of the classical sociological tradition are outlined and the latter s potential for revitalizing contemporary criminological research theorizing are assessed These chapters also address the debate regarding the relationship between crime and violence and that of modernity and the Western civilizing process In the second half of the book three areas of current criminological inquiry are explored through the lens of the long term process oriented and radically relational perspective of contemporary Weberian and Eliasian scholarship Among the areas of comparative investigation explored here are street crime gangs and urban violence genocide and murderous ethnic cleansing warfare colonialism and human rights Written in a clear and direct style this book will appeal to students and scholars of criminology sociology and all those interested in what a sociological lens brings to the practices of contemporary criminology

Revisiting the Critical Legacy of Shah Ismail Seyed Javad Miri, 2025-06-05 Explore the enigmatic legacy of Shah Ismail in this groundbreaking work by Seyed Javad Miri wherein the author reexamines Shah Ismail not merely as a historical figure but as a mystic poet and thinker who profoundly influenced Iranian and global intellectual landscapes Through critical approaches to knowledge language and social theory the book unearths the marginalized Gnostic tradition of Khatai revealing its enduring significance By challenging Eurocentric and nationalist historiographies Miri invites you to rethink the intersections of Irfan governance and cultural identity

The Handbook of Communication in Cross-cultural Perspective Donal Carbaugh, 2016-08-19 This handbook brings together 26 ethnographic research reports

from around the world about communication The studies explore 13 languages from 17 countries across 6 continents Together the studies examine through cultural analyses communication practices in cross cultural perspective In doing so and as a global community of scholars the studies explore the diversity in ways communication is understood around the world examine specific cultural traditions in the study of communication and thus inform readers about the range of ways communication is understood around the world Some of the communication practices explored include complaining hate speech irreverence respect and uses of the mobile phone The focus of the handbook however is dual in that it brings into view both communication as an academic discipline and its use to unveil culturally situated practices By attending to communication in these ways as a discipline and a specific practice the handbook is focused on and will be an authoritative resource for understanding communication in cross cultural perspective Designed at the nexus of various intellectual traditions such as the ethnography of communication linguistic ethnography and cultural approaches to discourse the handbook employs then a general approach which when used understands communication in its particular cultural scenes and communities

Revisiting Crimes of the Powerful Steven Bittle,Laureen Snider,Steve Tombs,David Whyte,2018-06-13 Frank Pearce was the first scholar to use the term crimes of the powerful His ground breaking book of the same name provided insightful critiques of liberal orthodox criminology particularly in relation to labelling theory and symbolic interactionism while making important contributions to Marxist understandings of the complex relations between crime law and the state in the reproduction of the capitalist social order Historically crimes of the powerful were largely neglected in crime and deviance studies but there is now an important and growing body of work addressing this gap This book brings together leading international scholars to discuss the legacy of Frank Pearce s book and his work in this area demonstrating the invaluable contributions a critical Marxist framework brings to studies of corporate and state crimes nationally internationally and on a global scale This book is neither a hagiography nor a review of random areas of social scientific interest Instead it draws together a collection of scholarly and original articles which draw upon and critically interrogate the continued significance of the approach pioneered in Crimes of the Powerful The book traces the evolution of crimes of the powerful empirically and theoretically since 1976 shows how critical scholars have integrated new theoretical insights derived from post structuralism feminism and critical race studies and offers perspectives on how the crimes of the powerful and the enormous ongoing destruction they cause can be addressed and resisted

Revisiting the Self Charalambos Tsekeris,2017-10-02 Who am I Or even more curiously who are you These are questions about the self that aspect of who we are that we believe defines or at least describes each of us The self is not merely an internal creation however Family friends colleagues and acquaintances all contribute to who we are and more importantly they help to shape who we think we are In this innovative and thought provoking book the various social aspects of the self and its construction are imaginatively explored Such explorations can seem abstractly academic but they carry great significance Knowledge of how the self is

constructed has many implications for most social processes for example understanding the volatility of the notion of self that can provide the basis for terrorist radicalisation can generate destructive suicidal tendencies or can foment aggressive national identities This interdisciplinary collection is relevant not only for theoretical and methodological elaborations but also for more practical considerations The chapters in this book were originally published as a special issue of Contemporary Social Science and two articles from Self and Identity

Revisiting Secularism in Theory and Practice Seda Ünsar,Özgür Ünal Eriş,2020-02-21 This book offers a philosophical and macro historical analysis of secularism supported by an investigation of various contemporary cases Starting with an in depth theoretical discussion of the meaning of secularism it subsequently presents a historical study on the secularization of norms and identities in Europe The respective case studies cover topics such as the epistemologies of secularism liberalization and embedded secularism the relationship between modernity and secularism the socio anthropology of secularism Turkish modernization as a cultural revolution the political economy of secularism in Turkey and the secular rationale of the EU neighborhood policy

Revisiting Social Theory D.V. Kumar,2024-04-08 This book revisits social theory with a view to highlighting certain essential features of good social theory its ability to raise certain questions its explanatory power its critical and reflexive interrogation of concepts its search for objectivity its concern to make sense of empirical data and its aim of projecting some degree of generality and abstraction With particular attention to issues of nationalism democracy civil society state feminism neoliberalism minority rights environment and North East Indian society it considers whether new and more relevant theoretical questions need to be asked It will therefore appeal to scholars of social theory and political sociology with interests in new approaches to social theory and the development of local or indigenous social thought

Social Stratification, Class, Race, and Gender in Sociological Perspective, Second Edition David Grusky, 2019-09-05

The volume offers essential reading for undergraduates who need an introduction to the field for graduate students who wish to broaden their understanding of stratification research and for advanced scholars who seek a basic reference guide. Although most of the selections are middle range theoretical pieces suitable for introductory courses the anthology also includes advanced contributions on the cutting edge of research. The editor outlines a modified study plan for undergraduate students requiring a basic introduction to the field.
