Eyestandia Lynn Shroll,2014-01-02 What would happen if the descendants of the last survivors from Earth looking for sanctuary finally reach another civilised planet You may remember terms such as CDOs from the world of finance and WMDs from the world of politics flying around in the news over the last decade If you don't it doesn't matter because they don't appear in this book although something like them does For years the inhabitants of Eyestandia have been studying the Earth's civilisation from radio waves they have been receiving The other people of this new utopian like world have a naive understanding of the modern workings of our planet The people of Eyestandia ask questions about Earth's society in particular about the deference which is paid to all things money related and what is meant by the word equality This leads to a head on clash of ideals about money ambition and profit which are all non-existent in this new world Eyestandia or The way other people might see us is a fictional satire It is a social economic and political fantasy intended to amuse and entertain It reflects the fact that in this modern world we are constantly subjected to being told what is correct thinking but the smallest glance into history will show that this alters with the passage of time Using a what if scenario to imagine a civilized society on a different planet Eyestandia will appeal not just to fans of science fiction but those who are interested in comparing a completely different set of ideals to their own

number of dementia patients continues to increase so will the number of caregivers searching for answers and advice. *Creating Joy and Meaning for the Dementia Patient* offers a positive and innovative approach to dementia care that focuses on the caregiver's power to create an atmosphere of joy and peace for both the patient and themselves, breathing fresh air into the topic of dementia care. As the disease progresses, the patient's world grows smaller and smaller. Time for them no longer consists of weeks, days, or even hours. Eventually, their cognitive life is reduced to small increments of time, mere moments of memory. By understanding this and seeing the world through the eyes of a sufferer, the caregiver is better able to create an environment of mutual joy and contentment. Based on ten years of caregiving experience, the techniques offered here honor the patient's individuality, interests, and previous accomplishments. This approach is fresh and inspirational and recounts a personal journey filled with relatable experiences that readers will find uplifting and brimming with hope. It teaches family members and other caregivers how to stay connected with their loved one for as long as possible. But most importantly, it honors the unique individual that still resides deep inside every dementia patient by offering techniques enabling them to continue to experience the simple joys of everyday life. House Furnishing Review, 1927 **Coming Home to Heritage Cove** Helen Rolfe, 2022-04-26 A gorgeous story of love, loss, best friends, and unbreakable bonds. It truly melted my heart. Shari Low. Welcome to Heritage Cove, the little village by the sea, brimming with character, community, and friendship, and the perfect place to fall in love this summer. Melissa rushes back to Heritage Cove when Barney, the man who's been like a father figure to her since she was a little girl, ends up in hospital. After an absence of five years, her return isn't going to be easy, especially when she bumps into Harvey, the love of her life and the man she's never been able to forget. For reasons he couldn't explain at the time, Harvey changed his mind about going with Melissa to start afresh as they'd planned, and life moved on for the both of them. But with Melissa back in the village and determined to stick around to help Barney, they can't avoid each other forever. Melissa knows she let so many people down by staying away for so long, but she and Harvey blame each other for what happened, and neither of them is willing to admit to being in the wrong. When Barney insists on cancelling the Wedding Dress Ball, the charity fundraiser he holds every year in the stunning barn on his property, Melissa and Harvey realize they're going to have to pull together. Otherwise, the man they once knew might be gone forever. And when they unearth a secret Barney has never shared with anyone, they go in search of answers to not only ensure the ball runs this summer but to bring back the Barney they know and love. Back in the cove after all this time, Melissa gets to see the life she left behind, and it's time to deal with what it was that drove her away in the first place. Beneath the summer sunshine in Heritage Cove, the sea sparkles, the heat rises, and new love, reconciliations, and the answers to an old love story could bring changes for everyone.
