Booking Passage Sidra DeKoven Ezrahi, 2023-12-22 Sidra DeKoven Ezrahi's sweeping study of modern Jewish writing is in many ways a long meditation on the thematics of geography in Jewish culture what she calls the poetics of exile and return Until the late nineteenth century Jews were identified in their own religious and poetic imagination as wanderers and exiles their sacred center Jerusalem Zion fatefully out of reach Opening the book with Jewish Journeys Ezrahi begins by examining the work of medieval Hebrew poet Yehuda Halevi to chart a journey whose end was envisioned as the sublime realignment of the people with their original center When the Holy Land became the site of a political drama of return in the nineteenth century Jewish writing reflected the shift traced here in the travel fictions of S Y Abramovitsh S Y Agnon and Sholem Aleichem In Jewish Geographies Ezrahi explores aspects of

Alden Smith, 2015-07-28 Virgil's Aeneid 5 has long been among the more neglected sections of the poet's epic of Augustan Rome Book 5 opens the second movement of the poem the middle section of the Aeneid that sees the Trojans poised between the old world of Phrygia and the new destiny in Italy The present volume fills a significant gap in Virgilian studies by offering the first full scale commentary in any language on this key book in the explication of the poet's grand consideration of the meaning of Trojan versus Roman identity A new critical text based on first hand examination of the manuscripts is accompanied by a prose translation and detailed commentary The notes provide in depth analysis of literary historical and lexical matters the introduction situates Book 5 both in the context of the epic and the larger tradition of heroic poetry

Snapshots of the Soul Molly Thomasy Blasing, 2021-07-15 Snapshots of the Soul considers how photography has shaped Russian poetry from the early twentieth century to the present day Drawing on theories of the lyric and the elegy the social history of technology and little known archival materials Molly Thomasy Blasing offers close readings of poems by Boris Pasternak Marina Tsvetaeva Joseph Brodsky and Bella Akhmadulina as well as by the late and post Soviet poets Andrei Sen Sen kov Arkadii Dragomoshchenko and Kirill Medvedev to understand their fascination with the visual language representational power and metaphorical possibilities offered by the camera and the photographic image Within the context of long standing anxieties about the threat that visual media pose to literary culture Blasing finds that these poets were attracted to the affinities and tensions that exist between the lyric or elegy and the snapshot Snapshots of the Soul reveals that at the core of each poet's approach to writing the photograph is the urge to demonstrate the superior ability of poetic language to capture and convey human experience Open Access edition funded by the National Endowment for the Humanities

Romance and History Jon Whitman, 2015-01-08 To what extent can imaginative events be situated in time and history From the medieval to the early modern period this question is intriguingly explored in the expansive literary genre of romance This collective study edited by Jon Whitman is the first systematic investigation of that formative process during more than four hundred years While concentrating on changing configurations of romance itself the volume examines a number of important related reference points from epic to chronicle to critical theory Recalling but qualifying conventional approaches to the three matters of Rome Britain and France the far reaching inquiry engages major works in a variety of idioms including Latin French English German Italian and Spanish With contributions from a range of internationally distinguished scholars this unique volume

offers a carefully coordinated framework for enriching not only the reading of romance but also the understanding of changing attitudes toward the temporal process at large **Festivals in Latin Literature** Anke Walter, 2025-04-26

Festivals feature prominently in Latin literature even in works that are not explicitly dedicated to festive days like Ovid's *Fasti*. *Festivals in Latin Literature* explores the role of festivals in elegiac lyric and epic poetry as well as historiography. In all of these festivals play a more pervasive role than has so far been realised. Tibullus' elegiac oeuvre rests on an interplay between amatory and festive poetics that even has a political meaning to it and Propertius uses festivals in his fourth book of elegies to question from an amatory perspective the memory typically associated with some key Roman festivals. In the poetry of Sulpicia and Ovid's *Tristia*, festivals allow voices that are otherwise marginalised to shape their own fame and commemoration. Horace's *Odes* and the *Carmen saeculare* rest on an intriguing interplay of festivity in the private sphere which forms but a fleeting and precious moment and the monumentality of public festivals in which the poet styles himself as a master of Roman time. Post-Vergilian Latin epicists use festivals to explore the fragility of human identity in a world dominated by the gods in Ovid's *Metamorphoses* and to question further the commemoration connected with festive days. In particular Statius in his *Thebaid* undermines the foundational importance of festivals in the *Aeneid*, vividly staging the problematic meaning of festivals that convey a premature commemoration of an epic conflict that is unspeakable *nefas*. Finally in Livy's *ab urbe condita* and Tacitus' *Histories*, festivals both provide structure and capture long-term developments in Roman history including Rome's rise to power and the collapse of its morals while situating both works in broader historiographical and intertextual dialogues. The book sheds new light on these authors and works, uncovering their unique festive poetics. It demonstrates that Latin literature adds important new aspects to our general understanding of festivals which, as seen throughout the book, offer even richer avenues of creating meaning and shaping or questioning commemoration than is often assumed. **Twilight's Ashes** Auler Ivis, 2010-10-07

The year is 635 039 A.D. and the world has descended into an ice age. Human beings no longer rule the Earth. Instead, a post-human race of creatures has emerged from the chaos, and they are hell-bent on destroying prehistoric man in order to take control of the planet. Against them stands nothing but a prophecy foretelling the victorious arrival of the Seventh Shepherd. Jebden Gale is an unlikely hero. Living in an isolated village deep within the new ice sheet, he has a special ability to connect with a higher power. Although he despises his relationship with the gods, Jebden appears to be chosen by them for greatness. Could he possibly be the Seventh Shepherd? Time is short. The godless post-human hordes sweep the world, destroying surviving human enclaves one by one while their dying race waits for a sign. In order to strengthen Jebden, the gods must forge a partnership among the few remaining humans with the ability to guide their chosen one. But will Jebden realize his destiny in time, or will his weakness mean the end of the human race? **The Spenser Encyclopedia** A.C. Hamilton, 2020-07-01

Enchanted Islands Mary D. Sheriff, 2018-08-16 In *Enchanted Islands* renowned art historian Mary D. Sheriff explores the legendary fictional and real islands that filled the French imagination during the ancien regime as they appeared in royal ballets and festivals epic literature paintings engravings book illustrations and other objects Some of the islands were mythical and found in the most popular literary texts of the day islands featured prominently for instance in Ariosto's *Orlando furioso* Tasso's *Gerusalemme liberata* and Fénelon's *Telemachus* Other islands real ones such as Tahiti and St Domingue the French learned about from the writings of travelers and colonists All of them were imagined to be the home of enchantresses who used magic to conquer heroes by promising sensual and sexual pleasure As Sheriff shows the theme of the enchanted island was put to many uses Kings deployed enchanted island mythology to strengthen monarchical authority as Louis XIV did in his famous Versailles festival *Les Plaisirs de l'île enchantée* Writers such as Fénelon used it to tell morality tales that taught virtue duty and the need for male strength to triumph over female weakness and seduction Yet at the same time artists like Boucher painted enchanted islands to portray art's purpose as the giving of pleasure In all these ways and more Sheriff demonstrates for the first time the centrality of enchanted islands to ancient regime culture in a book that will enchant all readers interested in the art literature and history of the time

Placing Elysium in Renaissance Britain Patrick Cheney, 2025-10-02 *Placing Elysium in Renaissance Britain* Poetry Politics Theology Eros is the first study of Elysium as a place in English Renaissance culture The absence of such a study in the fields of literature and geography is surprising from its captivating origin in the oceanic margins of Homer's *Odyssey* to its presence in the Eden of Milton's *Paradise Lost* Elysium is a destination to be desired it is the land of the blessed As such Elysium becomes a geographical site for an author's most valued space In *Britannia* Camden provides leadership for this project by citing Plutarch as locating the blessed place in Britain Following Camden Spenser centralizes the idea of Britain as Elysium Subsequently English authors make the Elysian place the site of a liberating sublimity as the height of artistic renown This authorial template becomes the site for literary inflections in the realms of politics theology and eros However Kyd and Marlowe darken the Spenserian project recalling Virgil's geographical positioning of Elysium next to Hell In turn Drayton Chapman and Marston champion the Spenserian idea of Britain as Elysium As this conversation suggests English authors make Elysium the central place of the Renaissance period concept and they do so in the nation building genre of epic In *The Muses Elizium* Drayton crowns the Spenserian tradition by making the blessed place the monomyth of national poetry At the centre of the monomyth is the cherished ideal of Renaissance culture the Elysian capacity of the human to become divine

The African Prester John and the Birth of Ethiopian-European Relations, 1402-1555 Matteo Salvatore, 2016-06-17 From the 14th century onward political and religious motives led Ethiopian travelers to Mediterranean Europe For two centuries their ancient Christian heritage and

the myth of a fabled eastern king named Prester John allowed the Ethiopians to engage the continent's secular and religious elites as peers. Meanwhile back home the Ethiopian nobility came to welcome European visitors and at times even co-opted them by arranging mixed marriages and bestowing land rights. The protagonists of this encounter sought and discovered each other in royal palaces, monasteries and markets throughout the Mediterranean basin, the Red Sea and the Indian Ocean littoral from Lisbon to Jerusalem and from Venice to Goa. Matteo Salvatore's narrative takes the reader on a voyage of reciprocal discovery that climaxed with the Portuguese intervention on the side of the Christian monarchy in the Ethiopian Adali War. Thereafter the arrival of the Jesuits at the Horn of Africa turned the mutually beneficial Ethiopian-European encounter into a bitter confrontation over the souls of Ethiopian Christians. Evil in the Mahabharata Meena Arora Nayak, 2018-01-19 Good and evil, loyalty and treachery, faith and doubt, honour and ignominy: the Mahabharata has served as a primer for codes of conduct to generations of Hindus. Over time the epic has also fascinated those who love a tale well told. In its telling, however, the story has lost much of its richness and nuance and the characters have become one-dimensional cut-outs, either starkly good or irredeemably evil. In this reinterpretation Meena Arora Nayak analyses how the values espoused in the Mahabharata came to be distorted into meagre archetypes, creating customary laws that injure society even today. Sleep, Romance and Human Embodiment Garrett A. Sullivan, Jr, 2012-08-09 Garrett Sullivan explores the changing impact of Aristotelian conceptions of vitality and humanness on sixteenth and seventeenth century literature before and after the rise of Descartes. Aristotle's tripartite soul is usually considered in relation to concepts of psychology and physiology. However, Sullivan argues that its significance is much greater, constituting a theory of vitality that simultaneously distinguishes man from and connects him to other forms of life. He contends that in works such as Sidney's *Old Arcadia*, Shakespeare's *Henry IV* and *Henry V*, Spenser's *Faerie Queene*, Milton's *Paradise Lost* and Dryden's *All for Love*, the genres of epic and romance, whose operations are informed by Aristotle's theory, provide the raw materials for exploring different models of humanness and that sleep is the vehicle for such exploration as it blurs distinctions among man, plant and animal. **Augustan Poetry and the Roman Republic** Joseph Farrell, Damien P. Nelis, 2013-06-13 *Augustan Poetry and the Roman Republic* explores the liminal status of the Augustan period with its inherent tensions between a rhetoric based on the idea of *res publica restituta* and the expression of the need for a radical renewal of the Roman political system. It attempts to examine some of the ways in which the Augustan poets dealt with these and other related issues by discussing the many ways in which individual texts handle the idea of the Roman Republic. Focusing on the works of the major Augustan poets, Vergil, Horace, Propertius and Ovid, the contributions in this collection look at the under-studied aspect of their poetry, namely the way in which they constructed and investigated images of the Roman Republic and the Roman past. **The Oxford History of Classical Reception in English Literature** David Hopkins, Charles Martindale, Norman Vance, Rita Copeland, Patrick Cheney, Philip R. Hardie, Jennifer Wallace, 2012 The Oxford

History of Classical Reception OHCREL is designed to offer a comprehensive investigation of the numerous and diverse ways in which literary texts of the classical world have stimulated responses and refashioning by English writers Covering the full range of English literature from the early Middle Ages to the present day OHCREL both synthesizes existing scholarship and presents cutting edge new research employing an international team of expert contributors for each of the five volumes OHCREL endeavours to interrogate rather than inertly reiterate conventional assumptions about literary periods the processes of canon formation and the relations between literary and non literary discourse It conceives of reception as a complex process of dialogic exchange and rather than offering large cultural generalizations it engages in close critical analysis of literary texts It explores in detail the ways in which English writers engagement with classical literature casts as much light on the classical originals as it does on the English writers own cultural context This second volume and third to appear in the series covers the years 1558 1660 and explores the reception of the ancient genres and authors in English Renaissance literature engaging with the major and many of the minor writers of the period including Shakespeare Marlowe Spenser and Jonson Separate chapters examine the Renaissance institutions and contexts which shape the reception of antiquity and an annotated bibliography provides substantial material for further reading
