Sherlock Holmes in Montague Street - Volume 1 Arthur Morrison,2016-12-20 In 1893 Dr Watson and Conan Doyle published what they believed was the last Sherlock Holmes story The Final Problem The world was stunned and The Strand Magazine rushed to fill the vacuum Readers were soon introduced to a new detective Martin Hewitt as presented by Arthur Morrison Although initially different than Holmes Hewitt also showed a number of interesting similarities as well For many

years Martin Hewitt has been mostly forgotten except in some Sherlockian circles where it has long been theorized that he was a young Mycroft Holmes. However, recent evidence has come to light that Hewitt's adventures were in fact cases undertaken by a young Sherlock Holmes when he lived in Montague Street several years before he would take up his legendary rooms in Baker Street with Watson. These volumes are the Complete Martin Hewitt Stories, taking Arthur Morrison's original publications and presenting them as Sherlock Holmes adventures. If you are a fan of Holmes, enjoy. And by all means seek out the original Hewitt stories and enjoy them as well.

The Game is afoot [The Arrival of Solar Pons](#) August Derleth, 2023. In the 1920s, college student August Derleth wrote to Sir Arthur Conan Doyle asking if any more Sherlock Holmes adventures were going to be published. Upon receiving a negative reply, Derleth decided to provide some of his own. However, rather than relating more tales of Holmes and Dr. Watson, he ended up introducing the world to Solar Pons and Dr. Lyndon Parker, living in London during the 1920s and 1930s. Pons solved crimes using deduction and ratiocination, often referring to Holmes as 'The Master' or 'My illustrious predecessor'. Since his first appearance, Pons has been a favorite with Sherlockians. Now, for the first time ever, the estate of August Derleth has authorized an anthology of Solar Pons novellas. These new adventures range in length from about 15,000 words longer than a short story to 40,000 words, almost a novel. Each of them fully and traditionally falls within the Pantine Canon.

Transfictional Character and Transmedia Storyworlds in the British Nineteenth Century Erica Haugtvedt, 2022-11-17. This book is a study of how transfictional and transmedia storytelling emerges in the nineteenth century and how the period's receptive practices anticipate the receptive practices of fandom and transmedia storytelling franchises in the twentieth and twenty-first centuries. The central claim is that the serialized periodical and dramatic media environment of the late eighteenth century through the nineteenth century in Great Britain trained audiences to perceive the continuous identity of characters and worlds across disparate texts, illustrations, plays, and songs by creators other than the earliest originating author. The book contributes to fan studies, transmedia studies, and nineteenth-century periodical studies while also interrogating the nature of fictional character.

have been published some of them written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field
