Soldier and Peasant in French Popular Culture, 1766-1870 David M. Hopkin, 2003 Concentrating on the militarised borderlands of eastern France this book examines the disjuncture between the patriotic expectations of elites and the sentiments expressed in folksongs folktales and popular imagery in which issues of sexuality violence and separation took far greater prominence Hopkin follows the soldier through his life cycle from greenhorn recruit to grizzled veteran to show how the peasant conscript was separated from his previous life and re educated in military mores and the response that this transformation elicited from his family and community **BOOK JACKET**

Jean Ternant and the Age of Revolutions Frank Whitney, 2015-10-21 Jean Ternant's life 1751 1833 spanned a period of enormous change in European life Born when men were still subject to judicial torture he lived to see the dawn of the railroad age It was an era of political upheaval the American Revolution the patriot movement of the Dutch Republic the Vonckist uprising in the Austrian Netherlands the French Revolution the Polish rebellion against Imperial Russia the Greek war for independence and the struggle for independence in Spain's South American colonies all occurred during Ternant's lifetime He was an active participant in four of them The son of a French leather goods merchant Jean Ternant nevertheless built a public service career in an aristocratic society based on birth and privilege commanding a regiment in the French army before being appointed minister plenipotentiary to the United States His story of public service undertaken for private ends illustrates the value of education and social contacts as well as the importance of luck and circumstances

Witnessing the Revolutionary and Napoleonic Wars in German Central Europe L. James, 2013-10-31 Drawing on a wide range of primary sources this volume argues that although the Revolutionary and Napoleonic Wars are often understood as laying the foundations for total war many eyewitnesses continued to draw upon older interpretative frameworks to make sense of the armed struggle and attendant political and social upheaval

The Language Question under Napoleon Stewart McCain, 2017-11-02 This book offers a new perspective on the cultural politics of the Napoleonic Empire by exploring the issue of language within four pivotal institutions the school the army the courtroom and the church Based on wide ranging research in archival and published sources Stewart McCain demonstrates that the Napoleonic State was in reality fractured by disagreements over how best to govern a population characterized by enormous linguistic

diversity Napoleonic officials were not simply cultural imperialists many acted as culture brokers emphasizing their familiarity with the local language to secure employment with the state and pointing to linguistic and cultural particularism to justify departures from which what others might have considered desirable practice by the regime This book will be of interest to scholars of the Napoleonic Empire and of European state building and nationalisms *Just Wonder* Pauline Greenhill, Jennifer Orme, 2024-05-15 Inspired by folklore television fairy tales social media novels and films *Just Wonder* addresses crucial themes in social and ecological justice efforts Moving into the mid twenty first century wonder as a potentially critical sociocultural ecological and individual stance will play a significant role in reconceptualizing the present to imagine a different and better world These essays examine fairy tales and other traditional forms of the fantastic and the real to offer alternative expressions of justice relevant to gender sex sexuality environment Indigeneity class ability race decolonizing and human and nonhuman relations By analyzing fairy tales and wonder texts from various media through an intersectional feminist lens Pauline Greenhill and Jennifer Orme consider how wonder genres and forms blend with diverse conceptions of seeking and enacting justice International collaborators both established and emerging scholars who self identify with different subjectivities locations and generations and come from an impressive range of inter disciplines engage with contemporary and historical texts from various languages and cultural contexts including interventions counterparts and comparisons to the fairy tale *Just Wonder* offers a critical look at how creative wondering can expand the ability to resist modes of oppression while fostering equity as well as encourage curiosity and imagination In a world that can be overwhelming and precarious this book presents scholarly artistic personal and collective action interventions to identify and respond to injustice while centering wonder and thus imagination questioning and hope *Just Wonder* will appeal to fairy tale scholars folklorists students and scholars of film media studies and cultural studies as well as a general audience

Drafting Italy Marco Rovinello, 2023-05-23 This is the first comprehensive history of conscription and the military in Italy from the Restoration to the eve of WWI The comparative and transnational approach enables this work to compare and contrast the Italian experience with that of many other countries in the world as well as understand transfers and the adaptive and imitative processes that emerge when conscription and the military are viewed from an Italian perspective Peacetime and wartime recruitment military life culture justice and civil military relationships are analysed using a wide range of sources and an interdisciplinary approach that combines top down and bottom up perspectives This enables the book not only to assess the contribution the military has made to the country in terms of state building nation building modernization pedagogical and disciplinary models gender identity and roles but also to reconsider the standard taxonomies as well as some established evolutionary models of the armies Moreover the Italian military is seen as an internally complex world that is incapable of defining its own one dimensional identity or of imposing any such identity on its members Consequently it is an element in the history of a country that is substantially the same as any other such element and thus

important in people's collective and individual lives whether or not they are in uniform Rather than being an object of study in and of itself the military becomes a vantage point from which to observe the Italian history in the long 19th century Therefore this book can be profitably read by professional military historians and non specialist readers interested in the military as well as by all scholars working on Italian pre and post unification political institutional socio economic cultural and gender history

French Masculinities Christopher E. Forth, Bertrand Taithe, 2007-07-11 French Masculinities makes a valuable contribution to gender studies by presenting for the first time a comprehensive and critical overview of ideas of how virility has been imagined in France from the Eighteenth century to the present Incorporating insights of cultural and social historians as well as specialists in film and literature this collection approaches masculinities in a complex and interdisciplinary manner that will appeal to a wide range of readers

The Book Review Digest, 2004 *Fra servitù e servizio* Marco Rovinello, 2020-04-15T18:33:00+02:00 La leva ha segnato la vita degli italiani Tanto più lo ha fatto in età liberale quando si indissolubilmente intrecciata con fenomeni come il Risorgimento la costruzione dello Stato e il suo rapportarsi con la Chiesa il volontarismo il colonialismo le grandi migrazioni lo sviluppo economico e urbanistico la politicizzazione e la nazionalizzazione delle masse la loro scolarizzazione e medicalizzazione nonché la costruzione di nuovi modelli pedagogici e di mascolinità Nel ricostruire norme pratiche discorsi e quotidianità del servizio militare fra Unità e Grande guerra questo libro indaga dunque per la prima volta la coscrizione a tutto tondo e nei suoi rapporti con analoghi istituti stranieri facendone una chiave per ragionare sul mondo in divisa sulle sue relazioni con la sfera civile e più in generale sulle vicende del primo cinquantennio postunitario Perché dalla caserma alla trincea passa una parte importante della storia d'Italia
