**Systems** Georg Nolte,2012-08-06 The German Ministry of Defense decided in 2000 to commission a study comparing various European systems of military law The present book contains not only the original study but also all national reports in English It provides a comparative analysis of different European military law systems on the basis of national reports *The Law of Armed Conflict and the Use of Force* Frauke Lachenmann,Rüdiger Wolfrum,2017 This volume collects articles on the law of armed conflict and the use of force from the Max Planck Encyclopedia of Public International Law to facilitate easy access to content from the leading reference work in international law **A Digest of Opinions of the Judge Advocates**

**General of the Army, with Notes** William Winthrop,1895 **The Great Ming Code / Da Ming lu** ,2012-09-01 Imperial China s dynastic legal codes provide a wealth of information for historians social scientists and scholars of comparative law and of literary cultural and legal history Until now only the Tang 618 907 C E and Qing 1644 1911 C E codes have been available in English translation The present book is the first English translation of The Great Ming Code Da Ming lu which reached its final form in 1397 The translation is preceded by an introductory essay that places the Code in historical context explores its codification process and examines its structure and contents A glossary of Chinese terms is also provided One of the most important law codes in Chinese history The Great Ming Code represents a break with the past following the alien ruled Yuan Mongol dynasty and the flourishing of culture under the Ming the last great Han ruled dynasty It was also a model for the Qing code which followed it and is a fundamental source for understanding Chinese society and culture The Code regulated all the perceived major aspects of social affairs aiming at the harmony of political economic military familial ritual international and legal relations in the empire and cosmic relations in the universe The all encompassing nature of the Code makes it an encyclopedic document providing rich materials on Ming history Because of the pervasiveness of legal proceedings in the culture generally the Code has relevance far beyond the specialized realm of Chinese legal studies The basic value system and social norms that the Code imposed became so thoroughly ingrained in Chinese society that the Manchus who conquered China and established the Qing dynasty chose to continue the Code in force with only minor

changes The Code made a considerable impact on the legal cultures of other East Asian countries Yi dynasty Korea Le dynasty Vietnam and late Tokugawa and early Meiji Japan Examining why and how some rules in the Code were adopted and others rejected in these countries will certainly enhance our understanding of the shared culture and indigenous identities in East Asia
