Jackson, Rebecca Pappas, Toni Samantha Phim, 2022 Focusing on North America Europe and Israel in the twentieth and twenty first centuries this Handbook highlights the sometimes surprising often hidden and overlooked Jewish resonances within a range of styles from modern and postmodern dance to folk dance and flamenco *The Wireless Past* Emily C. Bloom, 2016-11-08 The Oxford Mid Century Studies series publishes monographs in several disciplinary and creative areas in order to create a thick description of culture in the thirty year period around the Second World War With a focus on the 1930s through the 1960s the series concentrates on fiction poetry film photography theatre as well as art architecture design and other media The mid century is an age of shifting groups and movements from existentialism through abstract expressionism to confessional serial electronic and pop art styles The series charts such intellectual movements even as it aids and abets the very best scholarly thinking about the power of art in a world under new techno political compulsions whether nuclear apocalyptic Cold War propagandized transnational neo imperial super powered or postcolonial *The Wireless Past* chronicles the emergence of the British Broadcasting Corporation BBC as a significant promotional platform and aesthetic influence for Irish modernism from the 1930s to the 1960s This is the first book length study of Irish literary broadcasting on the BBC and situates the works of W B Yeats Elizabeth Bowen Louis MacNeice and Samuel Beckett in the context of the media environments that shaped their works Drawing upon unpublished radio archives this book shows that radio broadcasting rather than prompting a break with literary history and

traditional literary forms in fact served as an important means for reinterpreting the legacies of oral and print traditions In the years surrounding World War II radio came to be seen as a catalyst for literary revivals and simultaneously a force for experimentation This double valence of radio the conjoining of revivalism and experimentation create a distinctive radiogenic aesthetics in mid century modernism **Studies in the Laṅkāvatāra Sūtra** Daisetz Teitaro Suzuki,1999 The title

Lankavatara might mean entering Lanka Perhaps referring to the temporary Mahayana period of Ceylon suggesting that the doctrine of this scripture are possibly consistent with earlier Buddhism preserved in the Pali language Suzuki has greatly helped the reader of the basic scripture by discussing the main ideas He tells how to study this scripture compares it with the popular Zen Buddhism discusses such typical and important doctrines as Mind only the Triple body of the Buddha and many minor topics Suzuki is both an exacting scholar and an understanding exponent of these difficult concepts He adds a Sanskrit Chinese English Glossary and also an Index This work is essential for grasping the main ideas of the scripture **Deleuze**

and the Gynesis of Horror Sunny Hawkins,2020-10-01 Applying Deleuze s schizoanalytic techniques to film theory Deleuze and the Gynesis of Horror demonstrates how an embodied approach to horror film analysis can help us understand how film affects its viewers and distinguish those films which reify static hegemonic molar beings from those which prompt fluid nonbinary molecular becomings It does so by analyzing the politics of reproduction in contemporary films such as Ex Machina Mary Shelley s Frankenstein Mad Max Fury Road the Twilight saga and the original Alien quadrilogy and its more recent prequels Prometheus and Alien Covenant Author Sunny Hawkins argues that films which promote a monstrous philosophy of qualitative affirmative difference as difference in itself and which tend to be more molecular than molar in their expressions can help us trace a line of flight from the gender binary in the real world Deleuze and the Gynesis of Horror demonstrates how the techniques of horror film editing sound and visual effects lighting and colour camera movement work in tandem with a film s content to affect the viewer s body in ways that disrupt the sense of self as a whole unified subject with a stable monolithic identity and in some cases can serve to breakdown the binary between self Other as we come to realize that we are none of us static categorizable beings but are as Henri Bergson said living things constantly becoming

A Short History of Flour Milling Henry Adams Bellows,1924 The Wedding Dress Sewing Circle Jennifer Ryan,2023-05-30 Three plucky women lift the spirits of home front brides in wartime Britain where clothes rationing leaves little opportunity for pomp or celebration even at weddings in this heartwarming novel based on true events from the bestselling author of The Chilbury Ladies Choir After renowned fashion designer Cressida Westcott loses both her home and her design house in the London Blitz she has nowhere to go but the family manor house she fled decades ago Praying that her niece and nephew will be more hospitable than her brother had been she arrives with nothing but the clothes she stands in at a loss as to how to rebuild her business while staying in a quaint country village Her niece Violet Westcott is thrilled that her famous aunt is coming to stay the village has been interminably dull with all the men off fighting But just as Cressida

arrives so does Violet's conscription letter. It couldn't have come at a worse time: how will she ever find a suitably aristocratic husband if she has to spend her days wearing a frumpy uniform and doing war work? Meanwhile the local vicar's daughter Grace Carlisle is trying in vain to repair her mother's gown, her only chance of a white wedding. When Cressida Westcott appears at the local Sewing Circle meeting, Grace asks for her help, but Cressida has much more to teach the ladies than just simple sewing skills. Before long Cressida's spirit and ambition galvanizes the village group into action, and they find themselves mending wedding dresses not only for local brides but for brides across the country. And as the women dedicate themselves to helping others celebrate love, they might even manage to find it for themselves.

The Philosophy of Forgiveness - Volume II Court D. Lewis, 2020-10-06. Volume II of Vernon Press's series on the Philosophy of Forgiveness offers several challenging and provocative chapters that seek to push the conversation in new directions and dimensions. Volume I, *Explorations of Forgiveness: Personal, Relational, and Religious*, began the task of creating a consistent multi-dimensional account of forgiveness, and Volume II's *New Dimensions of Forgiveness* continues this goal by presenting a set of chapters that delve into several deep conceptual and metaphysical features of forgiveness: New Dimensions of Forgiveness creates a theoretical framework for understanding the many nuanced features of forgiveness, namely: third-party forgiveness, forgiveness as an aesthetic process, the role of resentment in warranting forgiveness, the moral status of self-forgiveness, epistemic trust, forgiveness's influence on the moral status of persons, forgiveness in time, the status of Substance and Subject within a Hegelian framework, Jacques Derrida's impossible forgiveness, and the use of imaginative magic to become a maximal forgiver. Readers will be challenged to question and come to terms with many oft-overlooked yet important philosophical dimensions of forgiveness.

Sonnets Jeffrey Jay Niehaus, 2014-02-17. When Weirton Steel was powerful and poured columns of smoke and fumes into the air north of Martins Ferry in the valley, and orange water tumbled from its sluices into an umber river far below, I was a boy. Sonnet I, lines 1-6. The one hundred sonnets in this volume carry us beyond the author's boyhood into a voyage of adult concerns but also playfulness, love of art, and intimations of Paradise. They affirm in many ways a nobility Wallace Stevens thought was hard to find in contemporary poetry.

Cuentos Chicanos Rudolfo A. Anaya, Antonio Márquez, 1984. A collection of twenty-one short stories in English and Spanish that demonstrate the changes and developments that have occurred in the Chicano literary tradition over the last twenty years.

Dancers and Dancing James Monroe Hubbert, 1901. At first glance Hubbert appears to be presenting both pro and con arguments regarding the suitability of dancing. However, the discussion is weighted toward the common discourse found in this genre of antidance literature. Hubbert argues that although dance was practiced in biblical times, it was performed by and for women. Additionally, he concludes that dance is bad for the health and a waste of time and money.

The Poster Ruth E. Iskin, 2014-10-07. *The Poster: Art, Advertising, Design, and Collecting, 1860s-1900s* is a cultural history that situates the poster at the crossroads of art, design, advertising, and collecting. Though international in scope, the book focuses especially on

France and England Ruth E Iskin argues that the avant garde poster and the original art print played an important role in the development of a modernist language of art in the 1890s as well as in the adaptation of art to an era of mass media She moreover contends that this new form of visual communication fundamentally redefined relations between word and image poster designers embedded words within the graphic rather than using images to illustrate a text Posters had to function as effective advertising in the hectic environment of the urban street Even though initially commissioned as advertisements they were soon coveted by collectors Iskin introduces readers to the late nineteenth century iconophile a new type of collector curator archivist who discovered in poster collecting an ephemeral archaeology of modernity Bridging the separation between the fields of art design advertising and collecting Iskin s insightful study proposes that the poster played a constitutive role in the modern culture of spectacle This stunningly illustrated book will appeal to art historians and students of visual culture as well as social and cultural history media design and advertising
