Outlaws and Spies McCarthy Conor McCarthy,2020-03-18 By reading two bodies of literature not normally read together the outlaw literature and espionage literature Conor McCarthy shows how these genres represent and critique the longstanding use of legal exclusion as a means of supporting state power Texts discussed range from the medieval Robin Hood ballads Shakespeare's history plays and versions of the Ned Kelly story to contemporary writing by John le Carre Don DeLillo Ciaran Carson and William Gibson

A Genealogy of Modernism Michael Harry Levenson,1986-06-27 A Genealogy of Modernism is a study of literary transition in the first two decades of the twentieth century a period of extraordinary ferment and great accomplishment during which the avant garde gradually consolidated a secure place within English culture Michael Levenson analyses that complex process by following the successive phases of a literary movement Impressionist Imagist Vorticist Classicist as it attempted to formulate the principles on which a new aesthetic might be founded The emphasis here falls on the ideology of modernism but throughout the book the ideological question is tied on the one hand to specific literary works and on the other to general movements in philosophy and the fine arts The major figures under discussion Joseph Conrad Ford Madox Ford Ezra Pound Wyndham Lewis and T S Elliot are placed in relation to thinkers who have been largely neglected in the history of modernism Max Stirner Wilhelm Worringer Pierre Lasserre Allen Upward and Hilaire Belloc Levenson thus situates the emergence of a modernist aesthetic within the context of literary theory literary practice and cultural history

The Outlaw's Story Derek Pedley,2007-07-31 Brenden James Abbott was the most wanted man in Australia He became as famous for his ability to elude the authorities This book reveals how he pulled off two daring escapes from maximum security prisons and executed some of Australia's most profitable and complex bank robberies

There and Back Again Mark Atherton,2012-08-20 Even the smallest person can change the course of the future The prophetic words of Galadriel addressed to Frodo as he prepared to travel from Lothlorien to Mordor to destroy the One Ring are just as pertinent to J R R Tolkien's own fiction For decades hobbits and the other fantastical creatures of Middle earth have captured the imaginations of a fiercely loyal tribe of readers all enhanced by the immense success of Peter Jackson's films first *The Lord of the Rings* and now his new *The Hobbit* But for all Tolkien's global fame and the familiarity of modern culture with Gandalf Bilbo Frodo and Sam the sources of the great mythmaker's own myth making have been neglected Mark Atherton here explores the chief influences on Tolkien's work his boyhood in the West Midlands the landscapes and seascapes which shaped his mythologies his experiences in World War I his interest in Scandinavian myth his friendships especially with the other Oxford based Inklings and the relevance of his themes especially ecological themes to the present day *There and Back Again* offers a unique guide to the varied inspirations behind Tolkien's life and work and sheds new light on how a legend is born

Satiric Modernism Kevin Rulo, 2021-04-19 In this book Kevin Rulo reveals the crucial linkages between satire and modernism. He shows how satire enables modernist authors to evaluate modernity critically and to explore their ambivalence about the modern. Through provocative new readings of familiar texts and the introduction of largely unknown works, *Satiric Modernism* exposes a larger satiric mentality at work in well-known authors like T. S. Eliot, James Joyce, Wyndham Lewis, Ezra Pound, Virginia Woolf, and Ralph Ellison, and in less-studied figures like G. S. Street, the Sitwells, J. J. Adams, and Herbert Read, as well as in the literature of migration of Sam Selvon and John Agard, in the films of Paolo Sorrentino, and in the drama of Sarah Kane. In so doing, Rulo remaps the last hundred years as an era marked distinctively by a new kind of satiric critique of and aesthetic engagement with the temporal fissures, logics, and regimes of modernity. This ambitious, expansive study reshapes our understanding of modernist literary history and will be of interest to scholars of twentieth-century and contemporary literature as well as of satire.

Solitude Versus Solidarity in the Novels of Joseph Conrad Ursula Lord, 1998-04-17 Ursula Lord explores the manifestations in narrative structure of epistemological relativism, textual reflexivity, and political inquiry, specifically Conrad's critique of colonialism and imperialism and his concern for the relationship between self and society. The tension between solitude and solidarity manifests itself as a soul divided against itself, an individual torn between engagement and detachment, idealism and cynicism, a dramatized narrator who himself embodies the contradictions between radical individualism and social cohesion, a society that professes the ideal of shared responsibility while isolating the individual guilty of betraying the illusion of cultural or professional solidarity. Conrad's complexity and ambiguity, his conflicting allegiances to the ideal of solidarity versus the terrible insight of unrelenting solitude, his grappling with the dilemma of private versus shared meaning, are intrinsic to his political and philosophical thought. The metanarrative focus of Conrad's texts intensifies rather than diminishes their philosophical and political concerns. Formal experimentation and epistemological exploration inevitably entail ethical and social implications. Lord relates these issues with intellectual rigour to the dialectic of individual liberty and collective responsibility that lies at the core of the modern moral and political debate.

Hyperbolic Realism Samir Sellami, 2024-01-11 What comes after postmodernism in literature? Hyperbolic Realism engages the contradiction that while it remains impossible to present a full picture of the world, assessing reality from a planetary perspective is now more than ever an ethical obligation for contemporary literature. The book thus examines the hyperbolic forms and features of Thomas Pynchon's *Against the Day* and Roberto Bolaño's *2666*, their discursive and material abundance, excessive fictionality, close intertwining of fantastic and historical genres, narrative doubt, and spiraling uncertainty, which are

deployed not as an escape from but a plunge into reality Faced with a reality in a permanent state of exception Pynchon and Bola o react to the excesses and distortions of the modern age with a new poetic and aesthetic paradigm that rejects both the naive illusion of a return to the real and the self enclosed artificiality of classical postmodern writing hyperbolic realism
