**Fullness of God** Jared Ortiz,2021-01-12 Christians confess that Christ came to save us from sin and death But what did he save us for One beautiful and compelling answer to this question is that God saved us for union with him so that we might become partakers of the divine nature 1 Pet 2 4 what the Christian tradition has called deification This term refers to a particular vision of salvation which claims that God wants to share his own divine life with us uniting us to himself and transforming us into his likeness While often thought to be either a heretical notion or the provenance of Eastern Orthodoxy this book shows that deification is an integral part of Catholicism Orthodoxy and many Protestant denominations Drawing on the resources of their own Christian heritages eleven scholars share the riches of their respective traditions on the doctrine of deification In this book scholars and pastor scholars from diverse Christian expressions write for both a scholarly and lay audience about what God created us to be adopted children of God who are called even now to be filled with all the fullness of God Eph 3 19 *Russian Philosophy, Volume 1* James M. *Alexandre Kojève* Luis J. Pedrazuela,2024-04-08 This edited volume addresses Alexandre Kojève's work from different perspectives emphasizing the continuity between his early reception of a set of non philosophical and philosophical influences and that which he might have sought himself to exercise in a pedagogical and practical manner The first part of the book comprises six essays in which their authors explore Kojève's understanding of art religion and atheism and his reception of the thought of Hegel Marx and Carl Schmitt The book's second part is made up by two contributions that tackle respectively Kojève's conceptions of the end of history and empire in the light of his notion of Sophia or Wisdom and his understanding of the relationship between philosophy and power in the light of an exegetical reading of the debate he held

with Leo Strauss The authors of the final three essays set out to explore the extent to which Kojve's previous processing of a set of non philosophical and philosophical influences might have resulted in three increasingly concrete outcomes namely his notion of authority the Lacanian mirror stage and global trade

### **Reimagining the Analogia Entis** Philip John Paul

Gonzales,2019-01-15 In 1932 German theologian and philosopher Erich Przywara penned his Analogia Entis a vision of the analogy of being and a metaphysical exploration of the dynamic between God and creation A translation into English in 2014

made Przywara's brilliant and influential work available to more people than ever before. In this book Philip Gonzales calls English speaking readers to embrace the Christian treasure of the *Analogia Entis* and to reimagine what it offers Christians today. Gonzales brings Przywara's text into dialogue with debates in contemporary philosophy and theology engaging in conversation with Edith Stein, Karl Barth, Martin Heidegger, the *Nouvelle théologie*, Vatican II and leading figures in postmodern theology and the Continental turn to religion. The first book of its kind in English *Reimagining the Analogia Entis* articulates a Christian vision of being for the postmodern era.

*Vladimir Solov'ëv* William Peter van den Bercken, Manon de Courten, Evert van der Zweerde, 2000 Vladimir Solov'ev 1853-1900 is regarded as the most original and systematic of the Russian philosophers in the 19th century. He has once again become the subject of international scholarly attention both in Slavic countries and the West. This volume contains selected papers presented at the international conference on Vladimir Solov'ev held at Nijmegen University, the Netherlands, in September 1998. The scope of this conference was wide ranging dealing with theological, metaphysical, philosophical and historical themes. Though Solov'ev's broad intellectual activity defies any strict attempt at categorisation, the editors have classified its major themes under the dual characteristic of reconciliation and polemics. Solov'ev was passionately committed to the reconciliation of all beings under the idea of all unity which he attempted to achieve by engaging in uncompromising polemics with his contemporaries. The thirty contributors to this volume are specialists from Russia, Ukraine, Bulgaria, Western Europe and the United States. The volume makes a significant contribution to the intellectual reassessment of Vladimir Solov'ev since the rediscovery of his philosophical heritage in his own homeland in the 1980s.

**Dostoevsky's Political Thought** Richard Avramenko, Lee Trepanier, 2013-05-23 Recognized as one of the greatest novelists of all time, Fyodor Dostoevsky continues to inspire and instigate questions about religion, philosophy and literature. However, there has been a neglect of looking at his political thought, its philosophical and religious foundations, its role in nineteenth century Europe and its relevance for us today. *Dostoevsky's Political Thought* explores Dostoevsky's political thought in his fictional and nonfictional works with contributions from scholars of political science, philosophy, history and Russian Studies. From a variety of perspectives, these scholars contribute to a greater understanding of Dostoevsky not only as a political thinker but also as a writer, philosopher and religious thinker.
