

SOCIOLOGY

Sociology is the scientific study of human society, social relationships, and the patterns of behavior that emerge within them.

OVERVIEW

Sociology explores how individuals are shaped by social structures, cultural norms, and institutions, and how they, in turn, shape society. Sociologists analyze various social phenomena such as inequality, social change, and group dynamics to understand how they impact individuals and communities.

EXAMPLES

- **Study of social institutions:** Sociology investigates how social institutions such as schools, courts, and government affect social mobility and inequality.
- **Study of gender:** Sociologists explore how gender affects people's life chances due to social stigmatization and social norms.

Sociology From Concepts To Practice

Ann Dupuis

Sociology From Concepts To Practice:

Sociology, from Concepts to Practice Bernard S. Phillips, 1979-01-01 **Artistic Practices** Tasos

Zembylas, 2014-04-03 Art matters. It affects us in our daily lives and is full of meanings that are valuable to all of us. As a catalyst for social interactions, art may either cause public conflict and create dissensions or facilitate mutual understanding and strengthen collective bonds. All of this is grounded in practices that develop and change along with social interaction, cultural dynamics, as well as technological and economic lines. So how is art formed and produced? What are the relevant constraints and challenges that artists experience in the creative process? And what constitutes artistic agency? This collection of contributions from international interdisciplinary experts explores particular case studies to deeply analyse artistic practices. Comprising eleven chapters relating to different art forms, each chapter offers an original perspective conveying a comprehensive understanding of artistic practices as arrays of specific activities in contemporary art worlds. This book will be important for both researchers and practitioners in the field. It will help artists to deepen their analytical abilities, enabling them to further their own creative practice. It will allow students and researchers to gain insights into processes of artistic creation and thus into the reproduction of art as well as innovation in the arts.

Threshold Concepts on the Edge Julie A. Timmermans, Ray Land, 2019-12-30 Since the first literature about the Threshold Concepts Framework was published in 2003, a considerable body of educational research into this topic has grown internationally across a wide range of disciplines and professional fields. Successful negotiation of a threshold concept can be seen as crossing boundaries into new conceptual space or as a portal opening up new and previously inaccessible ways of thinking about something. In this unfamiliar conceptual terrain, fresh insights and perceptions come into view and access is gained to new discourses. This frequently entails encounters with troublesome knowledge, knowledge which provokes a liminal phase of transition in which new understandings must be integrated and, importantly, prior conceptions relinquished. There is often double trouble in that letting go of a prevailing familiar view frequently involves a discomfiting change in the subjectivity of the learner. We become what we know. It is a space in which the learner might become stuck. **Threshold Concepts on the Edge**, the fifth volume in a series on this subject, discusses the new directions of this research. Its six sections address issues that arise in relation to theoretical development, liminal space, ontological transformations, curriculum, interdisciplinarity, and aspects of writing across learning thresholds.

Sociological Jurisprudence Roger Cotterrell, 2017-12-06 This book presents a unified set of arguments about the nature of jurisprudence and its relation to the jurist's role. It explores contemporary challenges that create a need for social scientific perspectives in jurisprudence and shows how sociological resources can and should be used in considering juristic issues. Its overall aim is to redefine the concept of sociological jurisprudence and outline a new agenda for this. Supporting this agenda, the book elaborates a distinctive juristic perspective that recognises law's diversity of cultural meanings, its extending transnational reach, its responsibilities to reflect popular aspirations for justice and security.

and its integrative tasks as a general resource of regulation for society as a whole and for the individuals who interact under law's protection Drawing on and extending the author's previous work the book will be essential reading for students researchers and academics working in jurisprudence law and society socio legal studies sociology of law and comparative legal studies

Consumption Challenged Bente Halkier, 2016-05-23 In public debates communication campaigns and public policies it is increasingly common to attribute to consumers and their agency an ability to help solve a broad array of societal problems This tendency is particularly clear in the field of food consumption owing to the fact that food is both materially and symbolically central for consumers in everyday life as well as for large scale institutionalized dynamics In order to shed light on the challenges facing food consumption this volume takes an innovative theoretical approach presenting four empirical Danish case studies which are compared with other analyses drawn from the wider international context Consumption Challenged will appeal not only to sociologists of consumption risk and the environment but also to policy makers and researchers in the fields of geography communication media governance and social psychology

Theorizing Modern Society as a Dynamic Process Harry F. Dahms, Lawrence Hazelrigg, 2012-10-29 Emphasis is placed in Continental European social theory and on the importance of political analyses to theorizing modern societies This title focuses on dynamic processes that gave way to illuminate structural features of modern social life

Key Concepts in Anti-Discriminatory Social Work Toyin Okitikpi, Cathy Aymer, 2009-12-08 This Key Concepts clearly and concisely explains the basic ideas in the field of anti discriminatory social work It explores the range of discriminations that people experience and discusses a number of theories that inform anti discriminatory practice considers the legal frameworks within which anti discriminatory practice operates analyzes the skills and knowledge required to practice effectively highlights the dynamic nature of anti discriminatory practice and points the way towards a new practice dimension provides an essential reference guide for all social work students and practitioners as well as those taking courses in teacher training youth and community nursing midwifery and mental health studies for whom anti discriminatory practice is an important element in their study

Socio-Informatics Volker Wulf, Volkmar Pipek, David Randall, Markus Rohde, Kjeld Schmidt, Gunnar Stevens, 2018-02-23 The book is an exploration of the theoretical conceptual and methodological foundations of human centred design Specifically it critically examines the notion of practice and argues for an understanding of the concept which emanates from engagement with design problems rather than simply from social scientific theory The contributors to the book in their various ways all subscribe to a systematic account of how practice oriented studies can inform design Using the perspective of grounded design it pursues a long term view of the design process arguing for user engagement from the very earliest stages of design policy including methods for understanding user practices to inform initial design policies up to and including processes of appropriation as technologies are embedded in contexts of use Grounded design is a perspective which also deals with the vexed problem of appropriate generalization in design studies and the kinds of cross comparison

that can usefully be done The book contains a number of case studies which exemplify these themes some of which are rooted in the use of technology in organizational contexts others of which deal with design in contexts such as care of the elderly firefighting and multicultural education Sociology for Nurses Elaine Denny,Sarah Earle,2005-06-20 Focuses on the relevance of sociology to contemporary nursing practice Clearly written and carefully illustrated the book uses jargon free explanations of sociological theories and evidence to show how studying sociology can be useful in all branches of professional nursing practice Dance Practices as Research Vicky Kämpfe,2023-06-18 This book contributes to the growing scientific literature on intangible cultural heritage determined by UNESCO to be particularly worthy of safeguarding and transmission by advancing a theoretical analytical framework for the intangible cultural heritage of dance By exploring the potential of the intangible materiality of dance practice the book argues that implementing the concept of a performative dance archive creates a new analytic field research in praxis The concept of the performative dance archive draws out the potential for safeguarding and transmission of dance heritage but also the challenges of the opposition between living heritage and the codifying of cultural inventories This book uses the formal and contextual transformation of Argentine tango and German modern dance to discuss this ambiguity of intangible heritage and how the performative dance archive creates a cognitive empractical approach to determine archive and distribute dance knowledge This is a timely methodological intervention in the context of the increasing importance of the intangible cultural heritage It enables us to re revise the concept of im materiality and the specific knowledges within cultural practice as a necessary fundamental category for research processes and societal growth This book is directed both to researchers in the field of intangible cultural heritage and to practitioners and researchers searching for new ways of investigating methods and perspectives to understand immaterial materialities *Entrepreneurship: New Perspectives in a Global Age* Ann Dupuis,2018-05-08 This title was first published in 2003 This book provides an innovative fresh approach to entrepreneurship It puts forward a flexible expansive conceptualization of the continuum of entrepreneurial behaviour and integrates context culture social networks and entrepreneurship as an embedded activity Motivated by a desire to bridge traditional academic boundaries the editors craft a heterodox perspective which interweaves strands from feminist and new institutional economics sociology management finance marketing and social policy Contemporary themes of major significance highlighted include the importance of new technology ethics culture and identity and entrepreneurship for indigenous younger and older people as distinct groups *Law and Social Theory* Reza Banakar,Max Travers,2014-07-18 There is a growing interest within law schools in the intersections between law and different areas of social theory The second edition of this popular text introduces a wide range of traditions in sociology and the humanities that offer provocative contextual views on law and legal institutions The book is organised into six sections each with an introduction by the editors on classical sociology of law systems theory critical approaches law in action postmodernism and law in global society Each chapter is written by a specialist who reviews the

literature and discusses how the approach can be used in researching different topics New chapters include authoritative reviews of actor network theory new legal realism critical race theory post colonial theories of law and the sociology of the legal profession Over half the chapters are new and the rest are revised in order to include discussion of recent literature

Conservation Social Science Daniel C. Miller,Ivan R. Scales,Michael B. Mascia,2023-01-19 Groundbreaking book that examines the essential contribution of the social sciences to understanding and conserving biodiversity across the globe Authored by leading scholars at the nexus of social science and biodiversity conservation *Conservation Social Science* addresses the growing realization that biodiversity conservation is at heart a social phenomenon Threats to biological diversity are influenced by a wide range of political economic and cultural factors The conservation of biodiversity is conceived and carried out by people Biodiversity conservation is a manifestation of human beliefs and values Choices about which species and habitats to conserve how to prioritize efforts and how to conserve them are inherently social with consequences not just for wildlife but also human lives and livelihoods Key topics covered in this thought provoking text include An introduction to key social science disciplines and how each field specifically relates to biodiversity conservation How to make social sciences an integral part of conservation strategies and initiatives How social science theories and analytic approaches can explain and help predict patterns of human behavior How biodiversity conservation as a ubiquitous societal phenomenon can provide insights into human society in general *Conservation Social Science* is an essential one of a kind survey of novel approaches to explaining and fostering more effective just and enduring conservation of biodiversity It is academically rigorous and comprehensive in scope yet sufficiently nontechnical and concise to be accessible to a global audience of students faculty and environmental professionals and policymakers

Key Concepts in Family Studies Jane Ribbens McCarthy,Rosalind Edwards,2010-12-10 This is a thoughtful and sometimes challenging elaboration of some of the key concepts in contemporary family studies Students and researchers will want to have this book close to hand not simply as a reference work but as a stimulus to critical social analysis David H J Morgan University of Manchester Written in an intelligent engaging and accessible manner by two leading and highly respected family scholars whose contributions to the field over the past two decades have been path breaking This is an important resource for students and professionals studying and working in the field of family studies within and across the disciplines of sociology social policy social work health studies education and gender studies Andrea Doucet Carleton University This book s individual entries introduce explain and contextualise key topics within the study of family lives Definitions summaries and key words are developed throughout with careful cross referencing allowing students to move effortlessly between core ideas and themes Each entry provides Clear definitions Lucid accounts of key issues Up to date suggestions for further reading Informative cross referencin Relevant focused and accessible this book will provide students with an indispensable guide to the central concepts of family studies

Praxeological Political Analysis Michael Jonas,Beate Littig,2016-11-03 With the interest in

practice theory and praxeology on the rise praxeology can be considered an emerging new methodological as well as theoretical paradigm which successfully overcomes epistemological dichotomies of conventional approaches The articles in this volume serve as starting points for rendering contemporary practice theory approaches useful for the analysis of political events and processes without reducing the political aspect a priori to the formal policy sphere In this context Praxeological Political Analysis demonstrates that praxeological research is now increasingly addressing issues which are considered virulent in for instance the consumer sustainability or political spheres Following on from this key focus on political analysis this title also seeks to expand the current status of primarily political science adaptations of practice theory approaches to the analysis of predominantly narrowly defined political practices Written with an explicit focus on diverse political aspects and dimensions in the performative enactment of social practices this title will appeal to post graduate students and scholars interested in sociology of politics social and public policy development in social theory and political research methods

Why Concepts Matter Martin Burke, Melvin Richter, 2012-05-11 The volume explores distinctive issues involved in translating political and social thought Thirteen contributors consider problems arising from the study of translation and cultural transfers of texts in particular in terms of translation studies and the history of concepts Begriffsgeschichte

Handbook of Organizational Learning and Knowledge Management Mark Easterby-Smith, Marjorie A. Lyles, 2011-08-17 The fully revised and updated version of this successful Handbook is welcomed by management scholars world wide By bringing together the latest approaches from the leading experts in organizational learning knowledge management the volume provides a unique and valuable overview of current thinking about how organizations accumulate knowledge and learn from experience Key areas of update in the new edition are Resource based view of the firm Capability management Global management Organizational culture Mergers acquisitions Strategic management Leadership Culture Specific Items in Chinese to English Video Game Translation Dariush Robertson, 2025-05-13 Culture Specific Items in Chinese to English Video Game Translation aims to investigate the Chinese to English translation of culture specific items CSIs in the localisation of a wuxia role playing game RPG This monograph provides groundbreaking insight into authentic practice and analyses a case study with theories from both translation studies and sociology to address questions such as how linguists translate CSIs why they use certain approaches and what is revealed when both the translation behaviour and the reasons underpinning their practice are considered in context This book will be primarily of interest to scholars in the fields of translation studies localisation video game translation and Chinese to English translation It will also be of interest to a wider range of scholars interested in China video games and the application of social theory **Social Things** Charles Lemert, 2012 Social Things introduces the sociological imagination through lively memorable stories and interpretations This fifth edition celebrates the book's fifteenth anniversary with important updates an entirely new chapter that addresses the environmental challenges in our global **Marketing Theory** Michael J Baker, Michael Saren, 2010-03-18 Electronic
