Sociology in Australia and New Zealand Cora Vellekoop Baldock, James Lally, 1974-11-21 An abducted child A ruthless killer A race against time Haunted by her failures police detective Isabelle O Connell is recalled to duty by detective Alec Goddard to investigate the abduction of yet another child from her old home town With the killer playing a game of cat and mouse they have only days in which to find the girl alive but they have very few clues a whole town of suspects and a vast wilderness to search For Isabelle this case is already personal for Alec his best intentions to keep it purely professional soon dissolve He starts to think of the missing child as if she were his own and his anguish over Bella's safety moves beyond just his concern for a colleague Their mutual attraction leaves them both vulnerable to their private nightmares nightmares that the killer ruthlessly exploits

Sociologies of New Zealand Charles Crothers, 2018-04-13 This book provides the first comprehensive analysis of the various sociologies of New Zealand from the late 19th century to the present day Opening with previously undocumented insights into the history of proto sociology in New Zealand the book then explores the parallel stories of the discipline both as a mainstream subject in Sociology departments and as a more diffuse sociology within other university units The rise and fall of departments specialties and research networks is plotted and the ways in which external and internal factors have shaped these is explained Different generations of sociologists including many immigrants are each shown to have left their unique mark on New Zealand sociology The author demonstrates that the rising interest in topics specific to New Zealand has been accompanied by increasing capacities to contribute to world sociology This book will have inter disciplinary appeal across the social sciences and provides a valuable study of the development of sociology in a semi peripheral country

The sojourner community [electronic resource] Tetsuo Mizukami, 2007 This book refines the concept of the sojourner vis a vis settler which demonstrates the growing significance in contemporary migration issues It also illustrates the characteristic patterns of contemporary migration by analysing statistical as well as empirical data on Japanese residency in Australia
