Rural Young Women, Education, and Socio-Spatial Mobility Wendy Geller, 2015-10-08 Much of the literature on globalization has centered on the large macro level forces that influence the ways ideas people and various forms of capital move around the world From this vantage point discussions about the progressive feminization of migration in particular the feminization of out migration from rural areas indicate an intriguing trend Simultaneously the local experience of global forces is an important way of exploring how macro level processes are navigated by social actors on the ground This provides added texture to our understanding of why and how people make decisions about their lives within an increasingly interconnected social economic and political environment This volume explores whether concurrent patterns in identity development social relations and youth behaviors on the micro level might help explain similarities observable at the macro level Through a triangulated approach that balances between statistical backdrops extant quantitative research and in depth qualitative interviews this book theorizes about shifts in gender normativity efforts towards social mobility and the possible effects of an increasingly globalized society To do this it examines the decision making processes employed by high achieving young women from rural areas in Vermont and Leinster Ireland as they figured out who they wanted to become as adults and where they wanted to be those people Remaining mindful of structural constraints and using the lens of the psychic landscape Reay 2005 to view class as a reflexive practice this book peers into the ways certain types of identity evident among blue collar students seem to be carving out some potential for social and spatial mobility amidst both global and local trends

Social Statistics for a Diverse Society Chava Frankfort-Nachmias, Anna Leon-Guerrero, 2006 Social Statistics for a Diverse Society provides students with a revealing introduction to social science statistics This Fourth Edition maintains

the same informal conversational writing style along with the many pedagogical features that made previous editions so successful. It is an excellent textbook for students taking their first course in social statistics and can also be used in a number of sociological research methods courses. **BOOK JACKET** **Classic Readings in Sociology** Eve L. Howard, 2004. A resounding best seller, this series of classic articles written by key sociologists and social thinkers will compliment any introductory sociology textbook. This reader serves as a foundation where students can read original works that teach the fundamentals of Sociology. Priced right as a stand alone and free when bundled with our introductory texts, this brief reader is a convenient and painless way to bring the great thinkers to your students. *Introduction to Social Work, Fourth Edition* Ira Colby, Sophia F. Dziegielewska, 2015-06. There are certain questions that all students considering social work ask: Who are social workers? What is it that social workers do? How is the social work profession changing? What does it take to become a social worker? Ira Colby and Sophia Dziegielewska bring their decades of experience in social work practice and education to answer these questions. This engaging text gives readers a practical guide to the many ways in which social workers effect change in their communities and the world. The authors offer an overview and history of the profession, introduce readers to the practice of social work at the micro, mezzo, and macro level, and finally look closely at the many settings and populations that social workers work with. While realistically portraying the pressures and obstacles that social workers face, Colby and Dziegielewska communicate their own passion for social work. *Aging, Society, and the Life Course, Fourth Edition* Leslie A. Morgan, Suzanne Kunkel, 2011-03-15. Doody's Score 91, 4 Stars. This book's unfading preoccupation with social context, social processes, and social structures distinguishes itself and greatly contributes to the discourse in gerontology. *The Gerontologist*. This is a comprehensive textbook for both undergraduate and graduate level courses detailing the impact of societal forces on the aging process. The book focuses on the diversity of the older population, examining it from micro, macro perspectives in order to understand aging and the life course as social phenomena. This latest edition examines significant changes in the field of social gerontology, such as the paradigms of aging and the life course, the baby boomer cohorts as they approach retirement, and later life, the growing interest in global aging and civic engagement. This text encourages students to examine aging from personal, familial, community, societal, and global perspectives, including both the positive and negative realities of aging. **Key Features:** Provides websites of interest at the end of each chapter. Presents provocative essays on love, sex, music, medicine, and crime to further expand on chapter contents. Provides review questions and key terms as study guides at the end of each chapter.
