Will Larson's *An Elegant Puzzle* focuses on the particular challenges of engineering management, from sizing teams to handling technical debt to performing succession planning, and provides a path to the good solutions. Drawing from his experience at Digg, Uber, and Stripe, Larson has developed a thoughtful approach to engineering management for leaders of all levels at companies of all sizes. *An Elegant Puzzle* balances structured principles and human-centric thinking to help any leader create more effective and rewarding organizations for engineers to thrive in.
