Ecaterina Barnutz,2024-09-04 A divinity made of Millions of Lights appeared in the empty infinite dark cold space After millions of years of flying continuously he created seven universes The force entered a deep sleep waiting for the perfect moment to wake up and act He left behind a gray boiling living material that created the powerful Invictus Cold handsome and without feelings he dominated everything Like a magician with amazing powers he created galaxies planets and perfect Gray Soldiers who worked for him days and nights One day from the living substance in the burning huge forge something new was born a celestial He was different from the rest and more powerful than anybody He was born from blue light and was named Deus Invictus hated Deus and tried to kill him considering him the biggest mistake They fought for many years Deus had an extraordinary group of heroes who had powers and they were loyal to him Their adventures could be found on every page of this book and continued in the next book Galaxy 2 Every chapter would take you to a world you could not imagine and to discover people with powers you have never heard of I will stop here and let the reader start the adventure of their life     **Light Opera at Home** Albert Ernest Wier,1917     *From Night to Light* Emma Elizabeth Brown,1872
