King Solomon's Mines - Henry Rider Haggard Henry Rider Haggard,2021-06-30 King Solomon s Mines 1885 is a popular novel by the Victorian adventure writer and fabulist Sir H Rider Haggard It tells of a search of an unexplored region of Africa by a group of adventurers led by Allan Quatermain for the missing brother of one of the party It is the first English adventure novel set in Africa and is considered to be the genesis of the Lost World literary genre **The Meadows of the Moon** James Hilton,2022-08-01 In The Meadows of the Moon James Hilton weaves a narrative embroiled in the complexities of human emotions and aspirations set against an expansive backdrop that promises adventure and the pursuit of dreams The

book's literary style stands testament to Hilton's finesse in blending nuanced character development with the hallmarks of classic literature. Crafted in the tradition of early 20th century English storytelling, Hilton's work resonates with the themes prevalent in the interwar period. His vivid imagery and introspective prose reflect the zeitgeist of an era grappling with the aftermath of war and the anticipation of modernity, making this novel an important cultural artifact as well as a compelling read. James Hilton, the author of revered classics such as *Lost Horizon* and *Goodbye Mr Chips*, was a celebrated English novelist whose works often explore the themes of idealism and the human condition. The undercurrents of *The Meadows of the Moon* may find their origins in Hilton's own yearning for escapism, a sentiment that echoes the disillusionment of his generation with the societal shifts of post-World War I Britain. His profound understanding of loss, hope, and the relentless pursuit of beauty in a changing world adds a layer of depth to this enthralling narrative. *The Meadows of the Moon* is recommended for readers who find solace in the intricate dance of words that paint pictures of distant times and places imbued with an air of nostalgia and wisdom. Hilton's work appeals to those who cherish literary classics as well as to modern readers seeking insight into the human spirit that transcends the bounds of time. As a book that deserves recognition and reverence, it beckons to be rediscovered and appreciated anew for its portrayal of the endless quest for a utopia that resides perhaps eternally just beyond our reach. Moon of Israel Henry Rider Haggard, 1918 *Books in Print Supplement*, 2002

A Paul Auster Sourcebook Carsten Springer, 2001. On the one hand, the rich industrialized countries; on the other, the poor developing and emerging nations. Beginning in the 18th century, Europe experienced enormous economic development surpassing that of the rest of the world. What are the reasons? Chance, exploitation, inherent circumstances in Europe. The disparate relationship between the different parts of the world still exists and continues to challenge historians to produce plausible explanations. In this volume, Peer Vries makes well-founded and masterful arguments concerning the reasons behind these developments and offers his own complex explanation. Library Journal, 1984 **In the Wings** Diana Douglas, 1999. An autobiography by the stage actress, ex-wife of Kirk Douglas and mother of Michael Douglas.
