the Rising Sun Ed Kittrell, 2020-06-01 When we think about World War II bombers we picture formations of scores of bombers escorted and protected by fighters flying into enemy territory and bombing the hell out of the enemy In Europe and usually the Pacific this was the standard approach but some bomber squadrons flew a different kind of mission This was the case for VPB 117 the Blue Raiders unique not only because its B 24 Liberators flew for the U S Navy and not the Army but also because most of the Raiders missions entailed bombers venturing out over the Pacific alone to seek and destroy on long range missions of a thousand miles out and a thousand back often at altitudes close enough for sea spray to cloud their windows This is their story *The Songs of Genesis* Steve Aldous, 2020-04-28 Quintessentially British Genesis spearheaded progressive rock in the 1970s evolving into a chart topping success through the end of the millennium Influencing rock groups such as Radiohead Phish Rush Marillion and Elbow the experimental format of Genesis songs inspired new avenues for music to explore From the 23 minute masterpiece Supper's Ready via the sublime beauty of Ripples and the bold experimentation of Mama to hits such as Invisible Touch and I Can't Dance their material was inventive and unique This book is the chronological history of the band's music with critical analysis and key details of each of the 204 songs Genesis recorded and released **Boy and Going Solo** Roald Dahl, 2016-09-13 Boy and Going Solo is the whole of Roald Dahl's
