Soviet Image of Contemporary Latin America Robert G. Carlton, 1970 **Soviet Image of Contemporary Latin America** Joseph Gregory Oswald (Comp), 1970 **Latin America Through Soviet Eyes** Ilya Prizel, 1990-04-26 *Latin America through Soviet Eyes* provides an original and comprehensive assessment of changing Soviet perceptions of politics in Latin America during the Brezhnev years Dr Prizel surveys the views of Soviet academics and journalists as well as of politicians on three main areas **Latin America And The Caribbean In The International System** G. Pope Atkins, 2018-02-06 The fourth edition of this widely praised text has been thoroughly revised to reflect the evolving characteristics of the current international system that have had a dramatic effect on every aspect of international relations of Latin America and the Caribbean The original purpose of this book is unchanged It continues to provide a topically current and analytically integrated survey of the region's role in the world Still organized around the idea of Latin America and the Caribbean as a separate subsystem within the global international system the discussion gives special emphasis to complex interstate and transnational structures and processes Within this framework Atkins analyzes the foreign policies of the Latin American states themselves and those of the United States and other countries toward Latin America and the Caribbean He also looks closely at the nature and role of transnational actors in the region such as the multinational corporations the Holy See Protestant Churches transnational political parties international labor nongovernmental organizations and others He gives special attention to Latin American participation in international institutions at all levels **Venezuelan Insurgency, 1960-1968:** H. Micheal Tarver, 2001-10-12 *Venezuelan Insurgency 1960 1968 A Successful Failure* examines and analyzes the Venezuelan Extreme Left and its activities from the first serious uprising against the government of Venezuelan President Rmulo Betancourt in April 1960 through the Venezuelan national elections of December 1968 As background an examination of Venezuelan politics begins with the 1899 introduction to power by President Cipriano Castro in order to provide a framework to the development of the political environment from which the prominent insurgency and government leaders emerged In addition a summary examination of contemporary global insurgency and terrorism introduces the specific examination of the Venezuelan Extreme Left and the reasons why it viewed guerrilla warfare and urban terrorism as the paths necessary to achieve its goals The work also undertakes an assessment of the Venezuelan peasantry in order to shed light on the reasons that in general they remained loyal to the Venezuelan government rather than support the Left Finally the present work presents some conclusions concerning the political impact of the insurgency movement on the Venezuelan democratic process **Soviet Internationalism after Stalin** Tobias Rupperecht, 2015-08-06 The first multi archive based study of Soviet relations with Latin America from the 1950s through the 1980s [Soviet Relations with Latin America,](#)

1959-1987 Nicola Miller, 1989-09-14 This book was first published in 1989 The Soviet presence and purposes in Latin America are a matter of great controversy yet no serious study was hitherto combined with a regional perspective concentrating on the nature and regional impact of Soviet activity on the ground and diplomatic analysis examining the strategic and ideological factors that influence Soviet foreign policy Nicola Miller's lucid and accessible survey of Soviet Latin American relations over the past quarter century demonstrates clearly that existing heavily geo political accounts distort the real nature of Soviet activity in the area closely constrained by local political social and geographical factors In a broadly chronological series of case studies Dr Miller argues that American counter influence apart enormous physical and communicational barriers obstruct Soviet Latin American relations and that the lack of economic complementarity imposes a natural obstacle to trading growth even Cuba often cited as proof of Soviet designs upon the area is only an apparent exception
