Soviet Imperialism, Its Origins and Tactics Waldemar Gurian,1965* *Soviet Imperialism* Waldemar Gurian,1975
Soviet imperialism ,1975 *The Geopolitics of Domination (Routledge Library Editions: Political Geography)* Geoffrey Parker,2014-10-03 Using the examples of the Ottoman Empire Spain Austria France and Germany this book describes the principal geopolitical features of the expansionist state It then presents a model of the operation of the expansionist process over space and time It goes on to apply the geopolitical characteristics of the model to the period after 1945 in order to assess the extent to which the Soviet Union might be considered as being an expansionist state either actually or potentially This latter question is obviously once more extremely relevant with the current events in Ukraine **History and Politics**
Adam Jarosz,Ralph Schattkowsky,2018-04-18 History and politics are interlinked with unbreakable bonds as is manifested primarily in the use of historical arguments in political disputes Regardless of the ideological views represented time period and geographical location politicians consistently and frequently use such arguments with a high degree of effectiveness Driven by a variety of motives they use the category of the past re interpret it and decide what should be remembered and what should be removed from the so called collective memory In practice this means that a properly prepared and delivered narrative of the past can become a powerful instrument in the hands of the ruling class influencing the social and political reality of the country concerned Control of the past and its correct reconstruction can thus effectively contribute to gaining boosting and consolidating power by a political entity An appropriately shaped awareness of the past thus serves an only ancillary role to politics satisfying social expectations and ideological visions Thus the past or rather the memory of it when becoming a topic of interest in the domain of politics forces the creators of the politics of history to improve the tools and mechanisms they wield to ensure its more efficient use *Politics and the Soviet System* Thomas F. Remington,1989-06-18 This collection of essays focuses on topics pertaining to Soviet propaganda and policy making Among the essays there is a study of the view of international relations presented by Soviet TV news a survey of development in comparative communist studies and an analysis of recent changes *Russia and Eastern Europe, 1789-1985* Raymond Pearson,1989 **Routledge Library Editions: Political Geography** Various,2021-06-23 From votes to strikes to street violence politics is intrinsically geographical Many of the books in this set originally published between 1964 and 1990 illustrate that the social contexts provided by localities are crucial in defining distinctive political identities and subsequent political activities *Military Power and National Objectives* Army Library (U.S.),1957 **Soviet Imperialism: Its Origins and Tactics.
