Soviet-Vietnam Relations and the Role of China 1949-64 Mari Olsen, 2007-05-07 Using previously unseen Russian archive material this book analyzes how the Soviet leadership evaluated developments in Soviet Vietnamese relations in the years from 1949 to 1964 It focuses on how Soviet leaders perceived China's role in Vietnam relative to the Soviet role and shows how these perceptions influenced the Soviet Vietnamese relationship *The Nationalization Paradox* Arjan

Shahini, 2024-06-04 The study illustrates the paradoxical relationship between nationalization and internationalization in the case of Albanian higher education It demonstrates how global transformational processes and foreign policy have impacted the international dimension of higher education as a nation building institution The analysis considers the effect of foreign policy and the interactions between the state the university and the cultural elite The study applies the concept of causal mechanisms as an analytical and narrative device Foreign policy analysis is framed within an international patronage regime The international dimension is defined in terms of international exchanges policy borrowing and policy discourse The higher education policy areas it investigates are education policy governance academic management curriculum and academic mobility The interdisciplinary analytical and methodological approaches applied here were drawn from the transnational history of education and comparative historical analysis **Behind the Bamboo Curtain** Priscilla Mary Roberts, 2006

Based on new archival research in many countries this volume broadens the context of the U S intervention in Vietnam Its primary focus is on relations between China and Vietnam in the mid twentieth century but the book also deals with China's relations with Cambodia U S dealings with both China and Vietnam French attitudes toward Vietnam and China and Soviet views of Vietnam and China Contributors from seven countries range from senior scholars and officials with decades of experience to young academics just finishing their dissertations The general impact of this work is to internationalize the history of the Vietnam War going well beyond the long standing focus on the role of the United States *Hanoi's Road to the Vietnam War, 1954-1965* Pierre Asselin, 2015-08-18 Using new and largely inaccessible Vietnamese sources as well as French British Canadian and American archives Pierre Asselin sheds valuable light on Hanoi's path to war Step by step the narrative makes Hanoi's revolutionary strategy from the end of the French Indochina War to the start of the Anti American Resistance Struggle for Reunification and National Salvation the Vietnam War transparent The book reveals how North Vietnamese leaders moved from a cautious policy emphasizing nonviolent political and diplomatic struggle to a far riskier pursuit of military victory China and the First Vietnam War, 1947-54 Laura M. Calkins, 2013-04-12 This book charts the

development of the First Vietnam War the war between the Vietnamese Communists the Viet Minh and the French colonial power considering especially how relations between the Viet Minh and the Chinese Communists had a profound impact on the course of the war It shows how the Chinese provided finance training and weapons to the Viet Minh but how differences about strategy emerged particularly when China became involved in the Korean War and the subsequent peace negotiations

when the need to placate the United States and to prevent US military involvement in Southeast Asia became a key concern for the Chinese. The book shows how the Viet Minh strategy of all out war in the north and limited guerrilla warfare in the south developed from this situation and how the war then unfolded. *Vietnam's American War* Pierre Asselin, 2024-06-13

This new edition masterfully explains the origins and outcome of America's war in Vietnam by focusing on its local dimensions. **Historical Dictionary of Ho Chi Minh City** Justin Corfield, 2013-04-15

It deals with the traditions of the people of Southeast Asia traditions that apply to both urban and rural populations. The book includes the early European intrusion in insular Southeast Asia. People's Diplomacy of Vietnam Harish C. Mehta, 2019-08-20

This is the first full length book on the concept of People's Diplomacy promoted by the president of North Vietnam Ho Chi Minh at the peak of the Vietnam War from 1965-1972. It holds great appeal for historians international relations scholars diplomats and the general reader interested in Vietnam. A form of informal diplomacy people's diplomacy was carried out by ordinary Vietnamese including writers cartoonists workers women students filmmakers medical doctors academics and sportspersons. They created an awareness of the American bombardment of innocent Vietnamese civilians and made profound connections with the anti war movements abroad. People's diplomacy made it difficult for the United States to prolong the war because the North Vietnamese together with the peace movements abroad exerted popular pressure on the American presidents Lyndon Johnson and Richard Nixon to end the conflict. It was much more effective than the formal North Vietnamese diplomacy in gaining the support of Westerners who were averse to communism. It damaged the reputation of the United States by casting North Vietnam as a victim of American imperialism. **Arc of Empire** Michael H. Hunt, Steven Levine, 2012-03-01

Although conventionally treated as separate America's four wars in Asia were actually phases in a sustained U S bid for regional dominance according to Michael H Hunt and Steven I Levine. This effort unfolded as an imperial project in which military power and the imposition of America's political will were crucial. Devoting equal attention to Asian and American perspectives the authors follow the long arc of conflict across seventy five years from the Philippines through Japan and Korea to Vietnam tracing along the way American ambition ascendance and ultimate defeat. They show how these wars are etched deeply in eastern Asia's politics and culture. The authors encourage readers to confront the imperial pattern in U S history with implications for today's Middle Eastern conflicts. They also offer a deeper understanding of China's rise and Asia's place in today's world. For instructors An Online Instructor's Manual is available with teaching tips for using Arc of Empire in graduate and undergraduate courses on America's wars in Asia. It includes lecture topics chronologies and sample discussion questions.
