Soviet Imperialism:

The Strategy of Russian Imperialism Martin Sicker, 1988-05-06 The USSR's different spheres of influence each present their own special problems. This is particularly true of areas outside Eastern Europe and areas non contiguous with the borders of the USSR. Sicker defines and clarifies the two major Soviet perceptions of policy that radically differ from most western perspectives: patience with long term policy and the belief that class struggle law is of primary importance superseding even international law. The first part of the book considers the pattern and process of expansion that has created the USSR's current configuration in Eurasia. The chapters demonstrate that in many respects Soviet policies are similar in objective to their Czarist forerunners. Part II addresses current problems in Soviet geostrategic politics and includes discussions on their evolution and the necessity of their solution in order to preserve the viability of the USSR's spheres of influence.

Soviet Imperialism Waldemar Gurian, 1953 The Bear and the Lion Martin Sicker, 1988-10-19 In his provocative analysis of Soviet goals in Southwest Asia particularly Iran Sicker argues that Soviet imperialism in this area exhibits a remarkable consistency from tsarist times to the present. Directly challenging prevailing beliefs of diminished Soviet interest in Iran or the Persian Gulf Sicker asserts that the Soviet withdrawal from Afghanistan their history of interest in the area and the region's growing geopolitical significance all enhance the probability of a Soviet move to bring Iran into its sphere of influence. Moreover Sicker demonstrates Soviet goals in the area are long term and are not subject to revision as a consequence of temporary setbacks or a change in Soviet leadership. Students and policymakers will find The Bear and the Lion both a realistic appraisal of the importance of Iran to the Soviet Union and a comprehensive historical analysis of the roots of that interest. Sicker begins by examining the era of tsarist expansionism demonstrating that Russia's strategic interest in Iran can be traced back as far as the reign of Peter the Great. He goes on to examine Iran's emerging strategic importance during the 19th century exploring the geopolitical importance of Iran to the Soviet Union both before and after the discovery of oil there. Subsequent chapters trace during the Second World War the era of Muhammad Reza Shah and the Khomeini regime. Based on his analysis Sicker concludes that Soviet imperialism is very much a reality in the region and that this constitutes a serious threat to the territorial integrity and political independence of Iran and to U.S. interests in the area.

Russian Imperialism Ariel Cohen, 1996-08-23 The fall of the Soviet Union was one of the most dramatic events of this century. It was also one of the most surprising. Evidence of the USSR's impending fall was abundantly available both in theory in the writings on empires and on the ground. Yet prior to its downfall the very profession that specialized in the study of the Soviet Union held no consensus that the USSR was an empire to begin with. Perhaps because many Sovietologists neglected its status as an empire most Americans were taken completely by surprise when the USSR began its precipitous collapse under Mikhail Gorbachev. This book subjects the Soviet Union as an empire to systematic scrutiny using tools and methods at the disposal of modern political science. Foreign policy specialists defense experts and Russian area analysts will find this

book essential The book is also recommended for undergraduate and graduate courses in Russian and Soviet history and the study of empires **Soviet Imperialism** Ernest Day Carman,2012-04-01 **The Threat of Soviet Imperialism** Charles Grove Haines,1971 **Cold Peace** Janusz Bugajski,2004-11-30 The Russian regime under President Vladimir Putin has embarked on a coherent long term strategy to regain its influence over former satellites and to limit Western penetration in key parts of this region Moscow is intent on steadily rebuilding Russia as a major power on the Eurasian stage and will use its neighbors as a springboard for expanding its dominance In this first systematic analysis detailing Russia s post Cold War imperialism Bugajski challenges the contemporary equivalent of Cold War appeasement which views Russia as a benign and pragmatic power that seeks cooperation and integration with the West **Soviet Imperialism, Its Origins and Tactics** Waldemar Gurian,1965* **Soviet Imperialism** ,1950 **Soviet Historians and the Study of Russian Imperialism** George M. Enteen,Tatiana Gorn,Cheryl Kern,C. A. Kern-Simirenko,1979
