Spaces Of Their Own Womens Public Sphere In Transnational China:

Spaces of Their Own Mayfair Mei-hui Yang, 1999 How are the public and political lives of Chinese women constrained by states and economies And how have pockets of women s consciousness come to be produced in and disseminated from this traditionally masculine milieu The essays in this volume examine the possibilities for a public sphere for Chinese women one that would both emerge from concrete historical situations and local contexts and cut across the political boundaries separating the Mainland Taiwan Hong Kong and the West The challenges of this project are taken up in essays on the legacy of state feminism on the Mainland as contrasted with a grassroots women s movement challenging the state in Taiwan on the role of the capitalist consumer economy in the emerging lesbian movement in Taiwan and on the increased trafficking of women as brides prostitutes and mistresses between the Mainland and wealthy male patrons in Taiwan and Hong Kong The writers examples of masculine domination in the media include the reformulation of Chinese women in Fifth Generation films for a transnational Western male film audience and the portrayal of Mainland women in Taiwanese and Hong Kong media The contributors also consider male nationalism as it is revealed through both international sports coverage on television and in a Chinese television drama Other works examine a women s museum a telephone hotline in Beijing the films of Hong Kong filmmaker Ann Hui the transnational contacts of a Taiwanese feminist organization the diaspora of Mainland women writers and the differences between Chinese and Western feminist themes *Women Through the Lens* Shuqin Cui, 2003-01-01 *Women Through the Lens* will appeal to scholars and students in the fields of film gender and Asian studies and to general readers interested in Chinese cinema Jacket *Gender and Civil Society* Jude Howell, Diane Mulligan, 2004-09-30 The international scope of the case studies means that the book will appeal to the international market Civil society and gender studies are both widely studied and previous titles in these areas have sold well There are no competing titles that consider both civil society and women s political activities **Female Celebrities in Contemporary Chinese Society** Shenshen Cai, 2019-02-15 This book focuses on a representative group of contemporary Chinese female celebrities including actors directors writers and reporters notably personalities such as Liu Xiaoqing Hong Huang Chai Jing and the most sought after young generation actors Yang Mi and Guan Xiaotong It analyses the on and off screen roles of these famous Chinese women and the cultural gender and social impact and significance embedded in them whilst highlighting controversial social and cultural concerns and debates in contemporary China The book furthers the understanding of the role played by contemporary female celebrities who are considered as social cultural and feminist icons in present day China as reflected in their work careers and private lives and whose experiences help to understand Chinese women s attitudes towards key issues such as career trajectories marriage and family gender identity social changes civil debates and political transformations all of which are at the center of societal transformation in China *Against Happiness* Owen Flanagan, Joseph E. LeDoux, Bobby Bingle, Daniel M. Haybron, Batja Mesquita, Michele Moody-Adams, Songyao Ren, Anna Sun, Yolonda Y. Wilson, 2023-05-09 The

happiness agenda is a worldwide movement that claims that happiness is the highest good happiness can be measured and public policy should promote happiness Against Happiness is a thorough and powerful critique of this program revealing the flaws of its concept of happiness and advocating a renewed focus on equality and justice Written by an interdisciplinary team of authors this book provides both theoretical and empirical analysis of the limitations of the happiness agenda The authors emphasize that this movement draws on a parochial Western centric philosophical basis and demographic sample They show that happiness defined as subjective satisfaction or a surplus of positive emotions bears little resemblance to the richer and more nuanced concepts of the good life found in many world traditions Cross cultural philosophy comparative theology and social and cultural psychology all teach that cultures and subcultures vary in how much value they place on life satisfaction or feeling happy Furthermore the ideas promoted by the happiness agenda can compete with rights justice sustainability and equality and even conceal racial and gender injustice Against Happiness argues that a better way forward requires integration of cross cultural philosophical ethical and political thought with critical social science Ultimately the authors contend happiness should be a secondary goal worth pursuing only if it is contingent on the demands of justice

Gender and Sexuality in Modern Chinese History Susan L. Mann, 2011-09-19 Gender and sexuality have been neglected topics in the history of Chinese civilization despite the fact that there is a massive amount of historical evidence on the subject China s late imperial government was arguably more concerned about gender and sexuality among its subjects than any other pre modern state How did these and other late imperial legacies shape twentieth century notions of gender and sexuality in modern China Susan Mann answers this by focusing on state policy ideas about the physical body and notions of sexuality and difference in China s recent history from medicine to the theater to the gay bars from law to art and sports More broadly the book shows how changes in attitudes toward sex and gender in China during the twentieth century have cast a new light

on the process of becoming modern while simultaneously challenging the universalizing assumptions of Western modernity
