Spalding Of Rules:

Summary of Robert Spalding's War Without Rules Everest Media,2022-05-13T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The Chinese government knew that the virus was going to be released but they used it to their advantage mass producing many of the supplies that the West desperately needed and spreading disinformation about their own country s effectiveness 2 The Chinese government under the leadership of the Communist Party used a stealth war strategy to spread the COVID virus in order to advance their own economic interests and hurt their adversaries 3 China is a much more mysterious country than Russia It is difficult to understand their motives and the biggest mistake that American leaders can make is thinking they have a clear understanding of what the Chinese want and how they are getting it 4 The Chinese Communist Party has a constitution but it is superseded by the Communist Party constitution which makes clear that the sovereign power of China is the party And the ruler of the party in theory the Central Committee but in reality President Xi Jinping is the ruler of the country Spalding's Official Foot Ball Guide ,1922
