Spandauer Tagebucher Signed:

Speer Martin Kitchen, 2015-10-28 Sets the record straight on Albert Speer's assertions of ignorance of the Final Solution and claims to being the good Nazi Kirkus Reviews In his bestselling autobiography *Albert Speer Minister of Armaments and chief architect of Nazi Germany* repeatedly insisted he knew nothing of the genocidal crimes of Hitler's Third Reich In this revealing new biography author Martin Kitchen disputes Speer's lifelong assertions of ignorance and innocence portraying a far darker figure who was deeply implicated in the appalling crimes committed by the regime he served so well Kitchen reconstructs Speer's life with what we now know including information from valuable new sources that have come to light only in recent years The result is the first truly serious accounting of the man his beliefs and his actions during one of the darkest epochs in modern history not only countering Speer's claims of non culpability but also disputing the commonly held misconception that it was his unique genius alone that kept the German military armed and fighting long after its defeat was inevitable A devastating portrait of an empty narcissistic and compulsively ambitious personality The Wall Street Journal Kitchen's exhaustively researched detailed book nails one by one the lies of the man who provided a thick coat of whitewash to millions of old Nazis Its fascinating account of how the moral degradation of the chaotic Nazi regime corrupted an entire nation is a timely warning for today Daily Mail Book of the Month An excellent new biography Kitchen has taken a wrecking ball to Speer's mendacious and meticulously created self image And about time too History Today **Diffidence And Ambition** Carlo Maria Santoro, 2019-04-11 This book argues that the period of U S neutrality at the beginning of World War II was crucial in developing the concepts of interdependence and national security that remain integral to U S foreign policy today Hitler: Ascent Volker Ullrich, 2016-09-06 NEW YORK TIMES BESTSELLER This landmark biography of Hitler puts an emphasis on the man himself his personality his temperament and his beliefs A fascinating Shakespearean parable about how the confluence of circumstance chance a ruthless individual and the willful blindness of others can transform a country and in Hitler's case lead to an unimaginable nightmare for the world Michiko Kakutani The New York Times Volker Ullrich's Hitler the first in a two volume biography has changed the way scholars and laypeople alike understand the man who has become the personification of evil Drawing on previously unseen papers and new scholarly research Ullrich charts Hitler's life from his childhood through his experiences in the First World War and his subsequent rise as a far right leader Focusing on the personality behind the policies Ullrich creates a vivid portrait of a man and his megalomania political skill and horrifying worldview Hitler is an essential historical biography with unsettling resonance in contemporary times **Hitler** Volker Ullrich, 2016 Originally published Germany S Fischer Verlag **Lessons and Legacies I** Peter Hayes, 1991-08-01 Nearly half a century after the Nazi massacre of the Jews in Europe the Holocaust is now moving from the domain of experience to that of history It is becoming the subject of recorded rather than living memory Is real comprehension of the development and horror of the Nazi onslaught accessible to us If so through what intellectual processes or categories of

understanding and in the face of what temptations or diversions How can we preserve expand and apply our knowledge of why and how barbarity came to prevail What meaning can present and future generations derive from the catastrophe These are the vital questions addressed by the essays in this volume

Hitler's Father Roman Sandgruber, 2022-10-21 The bundle of 31 letters the pages of which had long yellowed with age had lain hidden in the attic where they were found for over a century Only when the razor sharp script was examined further did historians discover just who had written them and that person Alois was Adolf Hitler's father Born Alois Schicklgruber on 7 June 1837 the identity of his biological father still undisclosed Alois eventually became a civil servant in the Austrian customs service At around the age of 40 Alois changed his family name from Schicklgruber to Hitler his infamous son being born some eleven years later The contents of the re-discovered letters have allowed the renowned historian and author Roman Sandgruber to reassess the image that we have of Alois offering the world a completely new and authentic impression of the man In Hitler's Father Sandgruber re-examines Alois personality and how he significantly shaped the young Adolf The letters also shed further light onto the everyday life of the Hitler family as whole a story which is often characterized by myths inventions and assumptions They have given the author the opportunity to recount the childhood and youth of the future dictator painting a dramatic picture of the Father growing up These letters also help answer the question that is so often asked How could a child from an Upper Austrian province seemingly a failure and self-taught rise to a position of such power Indeed Adolf Hitler's father and the province seemingly lay heavily on him until his suicide in the Führerbunker in 1945 The author examines how the young Hitler's lowly upbringing may have affected him in the years that followed years which shaped the history of the whole world

Hitler: Downfall Volker Ullrich, 2021-09-14 A riveting account of the dictator's final years when he got the war he wanted but led his nation the world and himself to catastrophe from the author of Hitler Ascent Skillfully conceived and utterly engrossing The New York Times Book Review In the summer of 1939 Hitler was at the zenith of his power Having consolidated political control in Germany he was at the helm of a newly restored major world power and now perfectly positioned to realize his lifelong ambition to help the German people flourish and to exterminate those who stood in the way Beginning a war allowed Hitler to take his ideological obsessions to unthinkable extremes including the mass genocide of millions which was conducted not only with the aid of the SS but with the full knowledge of German leadership Yet despite a series of stunning initial triumphs Hitler's fateful decision to invade the Soviet Union in 1941 turned the tide of the war in favor of the Allies Now Volker Ullrich author of Hitler Ascent 1889-1939 offers fascinating new insight into Hitler's character and personality He vividly portrays the insecurity obsession with minutiae and narcissistic penchant for gambling that led Hitler to overrule his subordinates and then blame them for his failures When he ultimately realized the war was not winnable Hitler embarked on the annihilation of Germany itself in order to punish the people who he believed had failed to hand him victory A masterful and riveting account of a spectacular downfall Ullrich's rendering of Hitler's final years is an essential addition to our

understanding of the dictator and the course of the Second World War Albert Speer Magnus Brechtken, 2017-06-05 Das Ende einer Legende Speer und die Lüge von der aufrichtigen Reue Seit 1931 NSDAP Mitglied und bald ein Vertrauter Hitlers wurde Albert Speer rasch zum Architekten des Rassenstaates Im Krieg engagierte er sich als Rüstungsminister unermüdlich für den totalen Kampf und die Vernichtungsmaschinerie Gleichwohl behauptete er nach Kriegsende stets distanziert ja eigentlich unpolitisch und gar kein richtiger Nazi gewesen zu sein Magnus Brechtken zeigt wie es Speer gelang diese Legende zu verbreiten und wie Millionen Deutsche sie begierig aufnahmen um sich selbst zu entschuldigen Brechtken renommierter Zeithistoriker und stellvertretender Direktor des Münchner Instituts für Zeitgeschichte beschreibt nicht nur wie markant Speers Stilisierung als angeblich unpolitischer Techniker den historischen Tatsachen widerspricht Auf der Basis jahrelanger Recherchen und vieler bislang unbekannter Quellen schildert er zugleich wie Millionen Deutsche Speers Fabeln mit Eifer bernahmen um sich die eigene Vergangenheit schönzureden und wie sehr Intellektuelle namentlich Joachim Fest und Wolf Jobst Siedler diese Legendenbildung unterstützten Die verblüffende Biographie eines umtriebigen Manipulators und zugleich ein Lehrstück für den deutschen Umgang mit der eigenen Geschichte **Hitler Redux** Mikael Nilsson, 2020-09-15 After Hitler's death several posthumous books were published which purported to be the verbatim words of the Nazi leader two of the most important of these documents were Hitler's Table Talk and The Testament of Adolf Hitler This groundbreaking book provides the first in depth analysis and critical study of Hitler's so called table talks and their history provenance translation reception and usage Based on research in public and private archives in four countries the book shows when why where how by and for whom the table talks were written how reliable the texts are and how historians should approach and use them It reveals the crucial role of the mysterious Swiss Nazi Francois Genoud as well as some very poor judgement from several famous historians in giving these dubious sources more credibility than they deserved The book sets the record straight regarding the nature of these volumes as historical sources proving inter alia The Testament to be a clever forgery and aims to establish a new consensus on their meaning and impact on historical research into Hitler and the Third Reich This path breaking historical investigation will be of considerable interest to all researchers and historians of the Nazi era *National Union Catalog* , 1981 Includes entries for maps and atlases
