Transnational Philippines Rocío Ortuño Casanova,Axel Gasquet,2024-02-27 Transnational Philippines Cultural Encounters in Philippine Literature in Spanish approaches literature that has been forgotten or neglected in studies on other literatures in Spanish due in part to the fact that today Spanish is no longer spoken in the Philippines or in Asia However

isolation has not always been the case and by omitting Philippine literature in Spanish from the picture of world literatures and Spanish language literatures the landscape of these disciplines is incomplete Transnational Philippines studies how this literary production stemmed from its relationship with other cultures literature and arts It attempts to break this literature's isolation and show how it is part of the broad literary system of literature written in Spanish Yet Transnational Philippines also questions the constraints of traditional literary genres in order to make room for Philippine texts and other colonial and postcolonial texts so that those texts can be taken into consideration in literary studies Its chapters elaborate on the problems surrounding the cultural and identity relations of the Philippines with other regions and the literary nature of Philippine texts By addressing the need for a postnational approach to Spanish language Philippine literature the book challenges the Spain Latin America dichotomy existing in Spanish language literary studies and leans toward a global conception of the Hispanophone

Authority, Piracy, and Captivity in Colonial Spanish American Writing Emiro Martínez-Osorio, 2016-03-24 Authority Piracy and Captivity in Colonial Spanish American Writing examines the intricate bond between poetry and history writing that shaped the theory and practice of empire in early colonial Spanish American society The book explores from diverse perspectives how epic and heroic poetry served to construe a new Spanish American elite of original explorers and conquistadors in Juan de Castellanos's *Elegies of Illustrious Men of the Indies* Similarly this book offers an interpretation of Castellanos's writings that shows his critical engagement with the reformist project postulated in Alonso de Ercilla's *La Araucana* and it elucidates the complex poetic discourse Castellanos created to defend the interests of the early generation of explorers and conquistadors in the aftermath of the promulgation of the New Laws and the mounting criticism of the institution of the *encomienda* Within the larger context of a new poetics of imperialistic expansion this book shows how the *Elegies* offers one of the earliest examples of the reconfiguration of some of the main tenets of Petrarchism Garcilacism as well as the bold transmutation of dominant poetic discourses that had until then been typically associated with the nobility Focusing on the practice of poetic imitation *imitatio* and the themes of authority piracy and captivity this book shows the transformation undergone by heroic poetry owing to Europe's encounter with America and illustrates the contribution of learned heroic verse to the emergence of a Spanish American literary tradition
