Spanish Illumination:

Early Spanish Manuscript Illumination John Williams, 1977 Spanish culture is the result of many civilizations Visigoth Jewish Berber Arabic which mingled with the traditions of the Romanized Celtic Iberian population once colonized by Carthage Of special interest among Spain's artistic treasure are the manuscripts produced from the seventh through the eleventh centuries especially those masterpieces which were decorated in the Mozarabic style the term given to the Christians who lived in the Iberian Peninsula under Moslem rule These manuscripts present a strange vision of the world with strong deep colors that cover the picture with vibrant bands of green red yellows and violet providing the background for monsters tempests human figures of every description all displaying an incredible virile mysticism evoking a new ideal the antithesis of the Classic which was to influence the art of the latter Middle Ages throughout all Europe but which was anticipated in Spain by nearly two centuries Publisher **Spanish Illumination** Jesús Domínguez Bordona, 1930
