Kiel, 2017-08-03 The author of the book of Revelation struggled as we do today to live out a Christian faith in the context of an empire that trampled and destroyed the earth and its creatures In this book Micah D Kiel will look at how and why Revelation was written along with how it has been interpreted across the centuries to come to an understanding of its potential contribution to a modern environmental ethic While the book of Revelation is replete with images of destruction of the earth Kiel shows readers through Revelation's ancient context a message of hope that calls for the care of and respect for the environment
