Spanish American Modernista Poets A Critical Anthology:

Spanish American Modernist Poets, 1968 *Spanish American Modernista Poets* Gordon Brotherston, 2014-05-18

Spanish American Modernista Poets A Critical Anthology presents the major works of some of Latin America's important modernist poets. The title dedicates a whole chapter to a specific personality. Each chapter of the text provides a short biographic account of the poet and then proceeds to presenting the major works of the poet. The book will be of great use to individuals who have a keen interest in literary arts, particularly poetry.

The Cambridge Companion to Latin American Poetry Stephen M. Hart, 2018-03-15 The Cambridge Companion to Latin American Poetry provides historical context on the evolution of the Latin American poetic tradition from the sixteenth century to the present day. It is organized into three parts. Part I provides a comprehensive chronological survey of Latin American poetry and includes separate chapters on Colonial poetry, Romanticism, modernism, the avant garde, conversational poetry, and contemporary poetry. Part II contains six succinct essays on the major figures: Sor Juana Inés de la Cruz, Gabriela Mistral, César Vallejo, Pablo Neruda, Carlos Drummond de Andrade, and Octavio Paz. Part III analyses specific and distinctive trends within the poetic canon, including women's, LGBT, Quechua, Afro-Hispanic, Latino, and New Media poetry. This Companion also contains a guide to further reading, as well as an essay on the best English translations of Latin American poetry. It will be a key resource for students and instructors of Latin American literature and poetry.

Latin American Poetry Gordon Brotherston, 1975-11-13 This study considers the ways Spanish American and Brazilian poets differ from their European counterparts by considering Latin American as more than a perfunctory epithet. It sets the orthodox Latin tradition of the subcontinent against others that have survived or grown up after the conquest, then pays attention to those poets who from Independence have striven to express a specifically American moral and geographical identity. Dr. Brotherston focuses on Modernismo or the coming of age of poetry in Spanish America and Brazil and the importance of the movements associated with it. He considers César Vallejo and Pablo Neruda probably the greatest of the selection. Octavio Paz and modern poets who have reacted differently to the idea that Latin America might now be thought to have not just a geographical but a nascent political identity of its own. Poems are liberally quoted and treated as entities in their own right.

The Modernist Trend in Spanish-American Poetry, 1952 **Teaching Modern Latin American Poetries** Jill S. Kuhnheim, Melanie Nicholson, 2019-11-01 Offers techniques for teaching modern Latin American poetry in college courses, including considerations of teaching the *silva*, human rights poetry in indigenous languages, community-based learning, lesser-known contemporary poetry, Afro-descendant poetry, performance, the long poem, and queer theory. Provides classroom exercises and assignments.

The Cambridge History of Latin American Literature Roberto González Echevarría, Enrique Pupo-Walker, 1996-09-19 The Cambridge History of Latin American Literature is by far the most comprehensive work of its kind ever written. Its three volumes cover the whole sweep of Latin American literature, including Brazilian, from pre-Colombian times to the present, and contain chapters on Latin American writing in the USA.

Volume 3 is devoted partly to the history of Brazilian literature from the earliest writing through the colonial period and the Portuguese language traditions of the nineteenth and twentieth centuries and partly also to an extensive bibliographical section in which annotated reading lists relating to the chapters in all three volumes of The Cambridge History of Latin American Literature are presented These bibliographies are a unique feature of the History further enhancing its immense value as a reference work

Modern Spanish American Poets María Antonia Salgado, 2003 Essays on authors considered to be among the most representative writers of each of the eighteen Spanish speaking American countries including the commonwealth of Puerto Rico Within this context modern refers to those poets writing from the 1880s to the early 21st century

Modernism, Rubén Darío, and the Poetics of Despair Alberto Acereda, Rigoberto Guevara, 2004 Modernism Ruben Dar o and the Poetics of Despair presents a detailed study of a neglected facet of Ruben Dar o and in general of Hispanic Modernism metaphysical and existential dimensions as preludes to Modernity Alberto Acereda and J Rigoberto Guevara approach the life and death issues in Dar o works with special emphasis on his poetry The authors demonstrate how the Nicaraguan poet takes the first steps towards poetic modernity The tragic component of Dar o works are examined in the light of Nineteenth Century philosophy especially the work of Arthur Schopenhauer Various thematic proposals are also formulated for the study of the works of Ruben Dar o
