more about the fascinating natural world around us Whether you live in the countryside or the town Monty s observations and insights are relevant to each and every one of us My Garden World is Monty Don s personal journey through the natural year month by month season by season observed from the immediate world around him Wildlife is not something that we watch happening in remote and exotic parts of the world on our screens but right here in our own back yards and the more that we encourage it and learn to live with it the more rewarding it becomes If in our own modest back yards we can help preserve and treasure our natural world then we will make the world a better place not just for ourselves but for every living creature
