## Teaching About Violence Against Women:

**HL 106, HC 594 - Violence Against Women and Girls** Great Britain. Parliament. Joint Committee on Human Rights, 2015 The Government's progressive work on tackling violence against women and girls abroad is not translating into its domestic policy despite its Violence against Women and Girls Action Strategy and the Home Secretary's personal commitment to the issue The Committee warns that failure to provide adequate refuge spaces and specialist services for victims of violence against women and girls demonstrates the difficulty for the Government in fulfilling its international obligations under the Convention when decisions over commissioning of certain services has been devolved The Committee also expresses alarm at the prevalence of violence against women and girls across many cultures in the UK today and heard troubling evidence from many minority groups that represent women with particular needs The portrayal of women as victims of violence is deeply embedded in cultural stereotypes in the depiction of women in the media and in how women are treated in the asylum system This has to stop The Committee's recommendations include that schools should play a greater role and include issues of violence against women and girls within the PSHE curriculum whilst the Government has taken steps to engage with the media and with public awareness campaigns to counteract the sexualised portrayal of women noting that the BBC declined invitations to give evidence to this inquiry the media themselves should do more the Government look again at the payment of universal credit to couples because of its concerns that it could put women subject to domestic violence at risk

Battered Women and Feminist Lawmaking

Elizabeth M. Schneider, 2008-10-01 Women's rights advocates in the United States have long argued that violence against women denies women equality and citizenship but it took a movement of feminist activists and lawyers beginning in the late 1960s to set about realizing this vision and transforming domestic violence from a private problem into a public harm. This important book examines the pathbreaking legal process that has brought the pervasiveness and severity of domestic violence to public attention and has led the United States Congress, the Supreme Court and the United Nations to address the problem. Elizabeth Schneider has played a pioneering role in this process. From an insider's perspective she explores how claims of rights for battered women have emerged from feminist activism and she assesses the possibilities and limitations of feminist legal advocacy to improve battered women's lives and transform law and culture. The book chronicles the struggle to incorporate feminist arguments into law, particularly in cases of battered women who kill their assailants and battered women who are mothers. With a broad perspective on feminist lawmaking as a vehicle of social change, Schneider examines subjects as wide ranging as criminal prosecution of batterers, the civil rights remedy of the Violence Against Women Act of 1994, the O J Simpson trials and a class on battered women and the law that she taught at Harvard Law School. Feminist lawmaking on woman abuse, Schneider argues, should reaffirm the historic vision of violence and gender equality that originally animated activist and legal work.

#### **Addressing violence against women in pre-service health training**

World Health Organization, 2023-03-21 The aim of this document is to provide pre-service health training programmes such as in medical nursing and midwifery schools with the knowledge and resources to better prepare their students to care for women subjected to violence. Curriculum content on caring for women subjected to violence can ensure future generations of the health workforce are equipped to provide empathetic, high quality care to those subjected to or affected by violence. This guide should be used in conjunction with the WHO Violence against Women Curriculum.

#### **Handbook on Teaching Social Issues**

Ronald W. Evans, 2021-05-01 The Handbook on Teaching Social Issues, 2nd edition, provides teachers and teacher educators with a comprehensive guide to teaching social issues in the classroom. This second edition re-frames the teaching of social issues with a dedicated emphasis on issues of social justice. It raises the potential for a new and stronger focus on social issues instruction in schools. Contributors include many of the leading experts in the field of social studies education. Issues-centered social studies is an approach to teaching history, government, geography, economics and other subject-related courses through a focus on persistent social issues. The emphasis is on problematic questions that need to be addressed and investigated in depth to increase social understanding, active participation and social progress. Questions or issues may address problems of the past, present or future and involve disagreement over facts, definitions, values and beliefs arising in the study of any of the social studies disciplines or other aspects of human affairs. The authors and editor believe that this approach should be at the heart of social studies instruction in schools.

Bromley, 2007-05-25 Since its inception around 1970 the study of New Religious Movements NRMs has evolved into an established multidisciplinary field At the same time both the movements and the scholars who study them have been the subjects of intense controversy In this volume a group of senior NRM scholars who have been instrumental in the development of the field will offer pivotal essays that present the basics of NRM scholarship along with guidance for teachers on classroom use The book is organized topically around subjects that are both central to the study of NRMs and likely to be useful to non specialists Part I contains examinations of the definitional boundaries of the area of study varying disciplinary perspectives on NRMs unique

methodological ethical problems encountered in the study of NRMs and the controversies that have confronted scholars studying NRMs and the movements themselves Part II examines a series of topics central to teaching about NRMs the larger sociocultural significance of the movements their distinctive symbolic and organizational features the interrelated processes of joining and leaving NRMs the organization of gender roles in NRMs media and popular culture portrayals of the movements the occurrence of corruption and abuse within movements and violence by and against NRMs Part III provides informational resources for teaching about NRMs which are particularly important in a field where knowing the biases of sources is crucial With its interdisciplinary approach the volume provides comprehensive accessible information and perspectives on NRMs It is an invaluable guide for instructors navigating this scholarly minefield

**A Feminist Manifesto for Education** Miriam E. David, 2017-05-23 The idea that gender equality in education has been achieved is now a staple of public debate As a result educational policies and practices often do not deal explicitly with gender issues such as sexual abuse harassment or violence Exaggeration of neoliberalism's successes in creating individual opportunity in education conceals ongoing problems and ignores the continuing need for a fair and equal education for all regardless of gender or sexuality In this manifesto for education Miriam David rejects the notion that gender equality has been achieved in our age of neoliberalism She puts the focus back onto issues such as changing patterns of women's and girls' participation in education across the globe feminist strategies for policy and legal interventions around human rights and violence against women and children She discusses waves of feminism linked to school teaching and pedagogies in higher education as well as an illuminating case study of an international educational programme to challenge gender-related violence Revealing neoliberal education to be misogyny masquerading as metrics Miriam David argues for changes in the patriarchal rules of the game including questioning gender norms and stereotypical binaries and for making personal social health and sexuality education mainstream
