Sufi Teaching Stories Anab Whitehouse, 2018-11-06 Although told in a largely refashioned manner a number of the following stories are very loosely based upon either time honored stories of the mystics or are built around various essential spiritual insights drawn from their teachings Other stories appearing in this volume are wholly original but are still rooted in a traditional spiritual perspective In either case the names have been changed to protect the innocent and as well considerable poetic license has been taken in the telling and or re telling of some of these spiritual tales The author is neither a shaykh nor a guide but he did have the opportunity to serve and work closely with an adept of Islamic mysticism and as a result was exposed to a variety of principles values and teachings of the Sufi path The stories are being given expression in the present volume because they might have something of value to offer to anyone who cares to engage them and reflect on what is being said
