Teaching Values Education Politics And Culture:

Teaching Values Ron Scapp,2021-04-29 In *Teaching Values* Ron Scapp wrests the discussion of values and values based education away from traditionalists who have long dominated educational debates While challenging the Right s domination of the discussion of values education Scapp examines some issues not typically raised by educators and critics on the Left including the positive role of citizenship and national identity in U S education and culture **Teaching Values and**

Citizenship Across the Curriculum Richard Bailey,2014-05-12 This text presents the issues and principles for teaching values and citizenship at both primary and secondary levels based on the Crick Report and DfEE TTA guidelines It covers the whole of the curriculum and is supported by examples and key stage activities throughout Culture, Music Education, and

the Chinese Dream in Mainland China Wai-Chung Ho,2018-01-04 This book focuses on the rapidly changing sociology of music as manifested in Chinese society and Chinese education It examines how social changes and cultural politics affect how music is currently being used in connection with the Chinese dream While there is a growing trend toward incorporating the Chinese dream into school education and higher education there has been no scholarly discussion to date The combination of cultural politics transformed authority relations and officially approved songs can provide us with an understanding of the official content on the Chinese dream that is conveyed in today s Chinese society and how these factors have influenced the renewal of values based education and practices in school music education in China **Moral and**

Political Values in Teacher Education over Time Nick Mead,2022-08-19 This collection brings together international teacher educators to employ a long view of an historic and values based dialectic in teacher education The authors reflect how employing historical consciousness to look back can offer greater continuity to teachers moral and political values within their training The book draws on research from experienced teacher educators representing different historical social and political contexts in North America Europe Asia as well in post conflict South Africa Within each section the authors reflect on the development of the moral and political values of pre service and in service teachers in an era of global neo liberalism and how this is inextricably bound up with the narratives of professionals in the past within their own national context Each chapter takes a long view of the role of historical consciousness in informing the moral and political values of pre service and in service teachers providing examples of how international teacher educators can collectively support one another in restoring a vibrant values based dialectic within the processes pedagogies and provision of university and school based training for which they are responsible The long view approach offers a compelling argument for the need to connect pre service and in service teachers values and narrative to the legacy of professionals of the past Moral and Political Values in Teacher Education over Time will be of great interest to researchers academics and students in teacher education comparative education and the history of education It will also be of interest to international university and school based teacher educators and policymakers in the field *Values and Educational Leadership* Paul Thomas Begley,1999-08-17

Studies values and their influences in educational leadership The Ethics of Homelessness: Philosophical Perspectives
,2020-01-20 This new and expanded edition of G John M Abbarno s anthology The Ethics of Homelessness underscores what is ignored in plain sight people without a home or dwelling are also without privacy and dignity It is argued that they lack moral standing The chapters uncover the harsh realities of poverty where economic value overrides competing human values Naomi Zack argues that homelessness is symbolic of society s materialistic values It has a tendency to resist sufficient charity and perpetuates conditions of injustice Uma Narayan questions whether the homeless have protection under the U S Constitution Other authors present an enlarged sphere of homeless to include runaway children refugees adoptees and the disabled The book demonstrates the value of applied philosophy **Discourses of Globalisation, Cultural Diversity and Values Education** Joseph Zajda,2023-03-10 This book examines dominant discourses in values education globally It critiques dominant discourses and debates pertaining to values education and cultural identity set against the current backdrop of growing social stratification and unequal access to quality education It addresses discourses concerning globalisation ideologies and the state as well as approaches to values education in schools The book explores the ambivalent and problematic connections between the state globalisation and values education It also explores conceptual frameworks and methodological approaches applicable to research on values education multiculturalism and identity politics Drawing on diverse paradigms ranging from critical theory to globalisation the book focuses on globalisation ideology and values education and critically examines recent research dealing with cultural diversity and its impact of identity politics Given the need for a multiple perspective approach authors from diverse backgrounds offer a wealth of insights contributing to a more holistic understanding of the nexus between values education multiculturalism and national identity With contributions from key scholars worldwide the book should be required reading for a broad spectrum of users including policy makers academics graduate students education policy researchers administrators and practitioners **Handbook of Education Politics and Policy** Bruce S. Cooper,James G. Cibulka,Lance D. Fusarelli,2014-11-10 This revised edition of the Handbook of Education Politics and Policy presents the latest research and theory on the most important topics within the field of the politics of education Well known scholars in the fields of school leadership politics policy law finance and educational reform examine the institutional backdrop to our educational system the political behaviors and cultural influences operating within schools and the ideological and philosophical positions that frame discussions of educational equity and reform In its second edition this comprehensive handbook has been updated to capture recent developments in the politics of education including Race to the Top and the Common Core State Standards and to address the changing role politics play in shaping and influencing school policy and reform Detailed discussions of key topics touch upon important themes in educational politics helping leaders understand issues of innovation teacher evaluation tensions between state and federal lawmakers over new reforms and testing and how to increase student achievement Chapter authors also provide suggestions for improving the

political behaviors of key educational groups and individuals with the hope that an understanding of political goals governance processes and policy outcomes may contribute to ongoing school reform

Popular Music, Cultural Politics and Music Education in China Wai-Chung Ho, 2016-12-08 While attention has been paid to various aspects of music education in China to date no single publication has systematically addressed the complex interplay of sociopolitical transformations underlying the development of popular music and music education in the multilevel culture of China Before the implementation of the new curriculum reforms in China at the beginning of the twenty first century there was neither Chinese nor Western popular music in textbook materials Popular culture had long been prohibited in school music education by China's strong revolutionary orientation which feared spiritual pollution by Western cultures However since the early twenty first century education reform has attempted to help students deal with experiences in their daily lives and has officially included learning the canon of popular music in the music curriculum In relation to this topic this book analyses how social transformation and cultural politics have affected community relations and the transmission of popular music through school music education Ho presents music and music education as sociopolitical constructions of nationalism and globalization Moreover how popular music is received in national and global contexts and how it affects the construction of social and musical meanings in school music education as well as the reformation of music education in mainland China is discussed Based on the perspectives of school music teachers and students the findings of the empirical studies in this book address the power and potential use of popular music in school music education as a producer and reproducer of cultural politics in the music curriculum in the mainland

Moral and Political Dimensions of Critical-Democratic Citizenship Education Wiel Veugelers, 2023-07-31 Winner of the 2024 Moral Development and Education SIG 67 Outstanding Book Award In *Moral and Political Dimensions of Critical Democratic Citizenship Education* Wiel Veugelers analyses theory policy and practice of moral education and citizenship education in the past few decades He shows that there are different orientations in national and global moral education and citizenship education He criticises the strong orientation on the individual and on adaptation and argues for more emphasises on social justice equity and democracy This volume brings together articles Veugelers published in the past 25 years Each article is introduced by a reflection on the reasons for the article its responses and lessons that are still relevant The book ends with a large chapter that overviews central developments and presents a programme for future theory research policy and practice in moral education and citizenship education with a strong focus on democracy and empowerment the moral should become more political and the political more moral

The Ethics of Homelessness G. John M. Abbarno, 1999 This book extends the study of homelessness beyond the need of shelter Philosophical exploration exposes the fragility of human fulfillment in contemporary society The authors weave the moral fabric of what it means to be human They show how economic and political values compromise the dignity of homeless persons They argue for recognition of rights for the homeless who otherwise would be voiceless and without

membership in the moral community This pioneering contribution instills our moral sensitivity to the homeless condition and justifies our moral responsibility to change that condition *Megatrends* ,1998 Research in Education ,1973-12
