Teachings On The Practice Of Meditation:

Teachings on the Practice of Meditation Rinpoche Thrangu, Khenchen Thrangu Rinpoche, 2001 The essence of the teachings of the Buddha is practice. The reason we practice meditation is to attain happiness. This means happiness in both the short term and the long term The short term benefits of meditation are more than merely peace of mind because our physical health as well depends to a great extent upon our state of mind The ultimate or long term benefit of the practice of meditation is becoming free of all suffering which means no longer being compelled to experience the sufferings of birth aging sickness and death In this remarkable teaching Thrangu Rinpoche presents all the important aspects of Buddhist meditation in general and from the Vajrayana perspective in particular In it are covered motivation posture mental technique consciousness and wisdom as well as generation and completion stages and Mahamudra What meditation uncovers or reveals is the inherent lucidity that is what your mind is fundamentally and this lucidity is your basic intelligence As it is revealed and as it intensifies your wisdom in a practical sense increases This was originally published by Shenpen Osel Yoga Practices - Easy Lessons for Ecstatic Living Yogani, 2004-12 The premise of Yoga is simple There is an outer reality and an inner one and our nervous system is the doorway between them Effective Yoga practices stimulate and open that doorway The result Peace creativity happiness and a steady rise of ecstatic bliss radiating from within us Advanced Yoga Practices AYP brings together the most effective methods of Yoga in a flexible integrated system that anyone can use Instructions are given in plain English for deep meditation spinal breathing pranayama bodily manipulations asanas mudras and bandhas tantric sexual practices and other methods that are systematically applied to swing open the door of our nervous system to permanent higher experience This is a non sectarian approach that is compatible with any belief system or religious background There are over 240 easy to follow lessons here including many hands on questions and answers between Yoga practitioners and the author Whether you are a beginner or a veteran in Yoga the AYP lessons can serve as a useful resource as you travel along your chosen path What readers are saying about the AYP lessons I searched for years to find a method of meditation that I can do This is do able AN I ve learned more about yoga in 4 months than in the previous 30 years of study SL This is a very valuable inspiration for people taking up and maintaining meditation DB Spinal breathing pranayama makes me feel so ecstatic I want to do it all the time YM After my first meditation session I never felt so relaxed You made me a believer IF You make everything seem so simple yet the practices are profound and dynamic SS I wish I had this kind of information when I started some 15 years back AD I love the way you explain everything So simple logical and so safe RY These are the best lessons I have read on yoga anywhere RD Additional reader feedback is included in the last section of the book Teachings on Love (EasyRead Edition) Nhất Hạnh (Thích.),1996 In the practice of mindfulness your complete awareness in the moment opens the door to every possibility On Teachings on love Thich Nhat Hanh explores how to shine the light of awareness into your intimate relationships The Buddha taught that authentic love must possess four
