The Health Care Supervisor Volume 5 Number :

The Occupational Therapy Managers' Survival Handbook Florence S Cromwell, Chestina Brollier, 2013-04-15 This practical volume in a casebook approach was developed in response to the complex issues that today's manager faces. As therapists assume managerial responsibilities, there is a need to share experiences and lessons learned. In this volume, a common format is used to present each case, including chronology of events, alternatives considered, risks involved, and outcomes. Several chapters include valuable resource materials as well. Key concerns are addressed, such as justifying more therapist staff, evaluating staff performance, collecting and analyzing cost data to establish fees, weighing ethical and liability concerns, and teaching students about their future responsibilities. *The Occupational Therapy Manager's Survival Handbook* provides useful material for any therapist who wishes to examine and strengthen his or her role as a manager. *List of Serials and Monographs Indexed for Online Users*, 1990 *Health Care Financing Review*, 1983 [Resources in Education](#), 2001-10 **Certified Occupational Therapy Assistants** Jerry A Johnson, 2013-08-21 This professionally challenging volume focusing on the performance and status of Certified Occupational Therapy Assistants (COTAs) serves as a basis for reexamination and redefinition of the relationship between occupational therapists and assistants. Experts offer constructive possibilities for resolving some of the ongoing conflicts about the appropriate functions and education of COTAs and promote examination of the appropriate levels of function and education for the occupational therapist. The selected topics, chosen for their value and relevance to all occupational therapists, OTRs, COTAs, clinicians, and academicians, address the administrative issues regarding efficient use of COTAs and opportunities for their career development and job satisfaction. Models of COTA practice described by COTAs who developed and implemented them within the framework of their jobs and issues of concern to COTAs primarily as expressed by COTAs with proposals and strategies for their resolution.
