Explorer Travellers and Adventure Tourism Jennifer Laing,Warwick Frost,2014-08-04 This book examines the nexus between exploring and tourism and argues that exploration travel based heavily on explorer narratives and the promises of personal challenges and change is a major trend in future tourism In particular it analyses how romanticised myths of explorers form a foundation for how modern day tourists view travel and themselves Its scope ranges from the Golden Age of imperial explorers in the 19th and early 20th centuries through the growth of adventure and extreme tourism to possible future trends including space travel The volume should appeal to researchers and students across a variety of disciplines including tourism studies sociology geography and history New Spaces of Exploration Simon Naylor,James R. Ryan,2009-12-18 For many the dawn of the twentieth century ushered in an era where the world map had few if any blank spaces left to discover The age of exploration was supposedly dead New Spaces of Exploration challenges this assumption Focusing specifically on exploration in the twentieth century the authors demonstrate how new technologies and changing geopolitical configurations have ensured that exploration has remained a key feature of our rapidly globalizing world

Ranging widely in their geographical focus from the Europe and Asia to Australia and from the polar regions to outer space they demonstrate the increasing diversity of modern exploration and reveal the continuing political military industrial and cultural motivations at play The result is a major contribution to our understanding of the significance of exploration in the twentieth century Contributors include E Baigent C Collis K Dodds F Driver M Godwin J Hill F Korsmo F MacDonald S Naylor J Ryan N Thomas and K Yusoff Voices of Guinness Tim Strangleman,2019 Introduction the imagined garden The machine in the garden Creating industrial citizens The garden in the machine Remembering the work of the long boom Change at work The ghost in the machine The ruined garden Conclusion reimagining work Books ,1991 **Books Magazine** ,1991
