**Carole Levin**

## **The Heart Of London:**

*Guide to the Heart of London. [With Illustrations and Maps.].* Roger Penthouse,1955      **The Heart of London** Henry Vollaam Morton,1925      The Heart of London Monica Dickens,1970      The Heart of London, Etc Walter Jerrold,1936

**The Heart of London, Etc. (Fourth Edition.).** Henry Vollaam Morton,1926      **The Heart of London** H.V. Morton,2001-07-01      **The Heart of London, Etc** William Thomas MONCRIEFF (pseud. [i.e. William Thomas

Thomas.]),1883\*      **London's Heart** B. L. Farjeon,2023-07-15 Reprint of the original first published in 1873      **The Heart's Appeal** Jennifer Delamere,2018-03-06 Strong minded and independent Julia Bernay comes to London to study medicine and become a doctor a profession that has only just opened up to women She witnesses a serious accident and through her quick actions saves the life of an ambitious young barrister named Michael Stephenson Coming from a family that long ago lost its money and its respectability Michael Stephenson has achieved what many would have thought was impossible Hard work and an aptitude for the law have enabled him to rise above his family s stigma and set him on the path to wealth and recognition But his well laid plans are upended when the accident brings Julia into his life Michael soon discovers he s met a woman every bit as stubborn and determined to make her mark on the world as he is Sparks fly but will they find common ground      **The Reformation of the Heart** Sarah Apetrei,2024 This groundbreaking study offers fresh insight into the relationship between radical theology and gender radicalism in the seventeenth century English Revolution Examining published works and previously unexplored archival material Sarah Apetrei shows the transformative role that women played in religious reform during the period      Culture and Values at the Heart of Policy Making Stephen Muers,2020-07-08 Why do so many government policies fail to achieve their objectives Why are our political leaders not held to account for policy failures Drawing on his years of experience as a senior government policy maker as well as on global research Stephen Muers uses examples ranging from the collapse of the Soviet Union to Cold War Germany the election of Donald Trump and the Brexit referendum to expose the crucial impact culture and values have on policy success and political accountability This illuminating study sets out why policy makers need to take culture seriously how culture and values shape the political system and presents essential practical recommendations for what governments should do differently      *Paul, Apostle of the Heart Set Free* Frederick Fyvie Bruce,2000 Written by one of the best known and most respected evangelical biblical scholars of all time Paul explores the primary themes in Paul s thought as they developed in the historical context of his life and travels      The Heart of the Warrior Catharina Blomberg,2013-11-05 Traces the development of the samurai both in the way they regarded themselves and their role in society      *At the Heart of the Empire* Antoinette Burton,2023-11-15 Antoinette Burton focuses on the experiences of three Victorian travelers in Britain to illustrate how Englishness was made and remade in relation to imperialism The accounts left by these three sojourners all prominent educated Indians represent complex critical ethnographies of native metropolitan society and offer revealing glimpses of what it was like to be a colonial

subject in fin de siècle Britain Burton's innovative interpretation of the travelers' testimonies shatters the myth of Britain's insularity from its own construction of empire and shows that it was instead a terrain open to continual contest and refiguration. Burton's three subjects felt the influence of imperial power keenly during even the most everyday encounters in Britain. Pandita Ramabai arrived in London in 1883 seeking a medical education and left in 1886 having resisted the Anglican Church's attempts to make her an evangelical missionary. Cornelia Sorabji went to Oxford to study law and became the first Indian woman to be called to the Bar. Behramji Malabari sought help for his Indian reform projects in England and subjected London to colonial scrutiny in the process. Their experiences form the basis of this wide-ranging, clearly written and imaginative investigation of diasporic movement in the colonial metropolis. Antoinette Burton focuses on the experiences of three Victorian travelers in Britain to illustrate how Englishness was made and remade in relation to imperialism. The accounts left by these three sojourners, all prominent educated Indians, represent complicity.

**The Heart and Stomach of a King** Carole Levin, 2013-11-21 In her famous speech to rouse the English troops staking out Tilbury at the mouth of the Thames during the Spanish Armada's campaign, Queen Elizabeth I is said to have proclaimed, "I may have the body of a weak and feeble woman, but I have the heart and stomach of a king." Whether or not the transcription is accurate, the persistent attribution of this provocative statement to England's most studied and celebrated queen illustrates some of the contradictions and cultural anxieties that dominated the collective consciousness of England during a reign that lasted from 1558 until 1603. In *The Heart and Stomach of a King*, Carole Levin explores the myriad ways the unmarried, childless Elizabeth represented herself and the ways members of her court, foreign ambassadors and subjects represented and responded to her as a public figure. In particular, Levin interrogates the gender constructions, role expectations and beliefs about sexuality that influenced her public persona and the way she was perceived as a female Protestant ruler. With a new introduction that situates the book within the emerging genre of cultural biography, the second edition of *The Heart and Stomach of a King* offers insight into the continued fascination with Elizabeth I and her reign.

**The Matter of the Heart** Thomas Morris, 2018-01-16 More than a litany of medical advances, it's the story of the gritty, bloody and deadly experiences that underlie scientific progress. Washington Post: An eye-opening and heroic story of pioneering heart surgeons structured around eleven operations. For thousands of years, the human heart remained the deepest of mysteries, both home to the soul and an organ too complex to touch, let alone operate on. Then, in the late nineteenth century, medics began going where no one had dared go before. The following decades saw the mysteries of the heart exposed thanks to pioneering surgeons, brave patients and even sacrificial dogs. In eleven landmark operations, Thomas Morris tells us stories of triumph, reckless bravery, swaggering arrogance, jealousy and rivalry, and incredible ingenuity: the trail-blazing blue baby procedure that transformed wheezing infants into pink, healthy children; the first human heart transplant, which made headline news around the globe. And yet, the heart still feels sacred. Just before the operation to fit one of the first artificial hearts, the patient's wife asked the

surgeon if he would still be able to love her The Matter of the Heart gives us a view over the surgeon's shoulder showing us the heart's inner workings and failings It describes both a human story and a history of risk taking that has ultimately saved millions of lives A thoroughly engaging history The Wall Street Journal Morris's expert guided tour of cardiac surgery and its quirky brilliant innovators covers a dazzling and dizzying array of procedures and hints at tantalizing prospects for future surprises Publishers Weekly starred review A well developed narrative with no end of heroes Kirkus Reviews Gripping John Crace The Guardian

*Where the Heart Beats* Kay Larson, 2013-07-30 A heroic biography of John Cage and his awakening through Zen Buddhism a kind of love story about a brilliant American pioneer of the creative arts who transformed himself and his culture The New York Times Composer John Cage sought the silence of a mind at peace with itself and found it in Zen Buddhism a spiritual path that changed both his music and his view of the universe Remarkably researched exquisitely written Where the Heart Beats weaves together a great many threads of cultural history Maria Popova Brain Pickings to illuminate Cage's struggle to accept himself and his relationship with choreographer Merce Cunningham Freed to be his own man Cage originated exciting experiments that set him at the epicenter of a new avant garde forming in the 1950s Robert Rauschenberg Jasper Johns Andy Warhol Yoko Ono Allan Kaprow Morton Feldman and Leo Castelli were among those influenced by his teaching and preaching Where the Heart Beats shows the blossoming of Zen in the very heart of American culture

**Matters of the Heart** Fay Bound Alberti, 2010-01-14 The heart is the most symbolic organ of the human body Across cultures it is seen as the site of emotions as well as the origin of life This book traces the ways emotions have been understood between the 17th and 19th centuries as both physical entities and spiritual experiences

*The Heart of the World* Ian Baker, 2006-05-02 The myth of Shangri la originates in Tibetan Buddhist beliefs in beyul or hidden lands sacred sanctuaries that reveal themselves to devout pilgrims and in times of crisis The more remote and inaccessible the beyul the vaster its reputed qualities Ancient Tibetan prophecies declare that the greatest of all hidden lands lies at the heart of the forbidding Tsangpo Gorge deep in the Himalayas and veiled by a colossal waterfall Nineteenth century accounts of this fabled waterfall inspired a series of ill fated European expeditions that ended prematurely in 1925 when the intrepid British plant collector Frank Kingdon Ward penetrated all but a five mile section of the Tsangpo's innermost gorge and declared that the falls were no more than a religious myth and a romance of geography The heart of the Tsangpo Gorge remained a blank spot on the map of world exploration until world class climber and Buddhist scholar Ian Baker delved into the legends Whatever cryptic Tibetan scrolls or past explorers had said about the Tsangpo's innermost gorge Baker determined could be verified only by exploring the uncharted five mile gap After several years of encountering sheer cliffs maelstroms of impassable white water and dense leech infested jungles on the last of a series of extraordinary expeditions Baker and his National Geographic sponsored team reached the depths of the Tsangpo Gorge They made news worldwide by finding there a 108 foot high waterfall the legendary grail of Western explorers and Tibetan seekers alike The Heart of the World is one of

the most captivating stories of exploration and discovery in recent memory an extraordinary journey to one of the wildest and most inaccessible places on earth and a pilgrimage to the heart of the Tibetan Buddhist faith      **The Physiological Basis of Starling's Law of the Heart** Ruth Porter, David W. FitzSimons, 2009-09-16 The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia in which groups of leading scientists from a range of topics across biology chemistry and medicine assembled to present papers and discuss results The Novartis Foundation originally known as the Ciba Foundation is well known to scientists and clinicians around the world
