Southworth's Hidden Hand* Rose Neal,2025-05-06 Uncover the legacy of E D E N Southworth the trailblazing novelist whose daring heroines and progressive ideals captivated a generation only to be forgotten by history until now E D E N Southworth Emma Dorothy Eliza Nevitte was one of the nineteenth century s most prolific and successful authors with more novels to her credit than Nathaniel Hawthorne Herman Melville and Mark Twain combined Readers loved her feisty heroines who rode horses shot pistols captured notorious villains became sea captains and had other such grand adventures In 1859 countless readers named their daughters Capitola after their favorite character in Southworth s best selling *The Hidden Hand* In her fifty plus novels Southworth wrote about unspeakable topics for the time including alcoholism domestic violence poverty and capital punishment all nicely tucked away within the pages of her domestic fiction Despite being raised in a slave owning family she wrote for *The National Era* a known abolitionist magazine supported emancipation and encouraged her longtime friend Harriet Beecher Stowe to publish *Uncle Tom s Cabin* Southworth also advocated for better education for girls and better living conditions for the poor and joined the early women s rights movement Although Southworth achieved international fame in her lifetime knowledge of her work virtually disappeared as readers were drawn to the new Modernist literature Because Southworth never discussed her progressive views publicly a necessity as a single mother who made a living by her pen she has long been incorrectly categorized as

being against causes she in fact supported Now by combining details from Southworth s novels newspapers and personal letters Rose Neal has set the record straight piecing together the fascinating life of a woman who was as determined as the heroines she created The Hidden Hand Robert Jones,2016-08-20 Excerpt from The Hidden Hand A Drama in Five Acts Cap spouting Ask of the winds that for miles around with fragments strewed the sea Oh Blown away thrown away with the rest of the rubbish Hur Humph demme then the trace is lost But let me see that I am right takes out paper and reads Go to New York find out a family by the name of Simmons who resides in Bag Alley with them you will find the child So I am correct What shall I do now advertise in the papers or apply to the police I ll do both Yes I ll go at once Here boy to capitola carry my portmanteau up to the Astor House and there s for your trouble gives her a dollar Crosses to n Cap aside Why lord it can t be he must have made a mistake What if he did I don t care Yes I do though honor bright I say governor About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Hidden Hands and Divided Landscapes** Anoma Pieris,2009-02-26 During the nineteenth century the colonial Straits Settlements of Singapore Penang and Melaka were established as free ports of British trade in Southeast Asia and proved attractive to large numbers of regional migrants Following the abolishment of slavery in 1833 the Straits government transported convicts from the East India Company s Indian presidencies to the settlements as a source of inexpensive labor The prison became the primary experimental site for the colonial plural society and convicts were graduated by race and the labor needed for urban construction Hidden Hands and Divided Landscapes investigates how a political system aimed at managing ethnic communities in the larger material context of the colonial urban project was first imagined and tested through the physical segregation of the colonial prison It relates the story of a city Singapore and a contemporary city state whose plural society has its origins in these historical divisions A description of the evolution of the ideal plan for a plural city across the three settlements is followed by a detailed look at Singapore s colonial prison Chapters trace the prison s development and its dissolution across the urban landscape through the penal labor system The author demonstrates the way in which racial politics were inscribed spatially in the division of penal facilities and how the map of the city was reconfigured through convict labor Later chapters describe penal resistance first through intimate stories of penal life and then through a discussion of organized resistance in festival riots Eventually the plural city ideal collapsed into the hegemonic urban form of the citadel where a quite different military vision of the city became evident Hidden Hands and Divided Landscapes is a fascinating and thoroughly original study in urban history and the making of multiethnic society in
