Soviet Foreign Policy 1917-1941:

Soviet Foreign Policy, 1917-1941 George Frost Kennan, 1978 The purpose of this treatise is to give a brief account of Soviet foreign policy from the moment of the Bolshevik seizure of power in 1917 to the involvement of the Soviet Union in the Second World War in June 1941 **Soviet Foreign Policy, 1917-1941** George F. Kennan, 1960 Calendar of Soviet Documents on Foreign Policy, 1917-1941 Jane Degras, 1948 *Soviet Foreign Policy Today* Robert F. Miller, 2022-12-28 Soviet Foreign Policy Today 1991 is the culmination of almost 30 years of observations of Soviet foreign and domestic politics written at the time of Gorbachev's great changes It locates the changes of Gorbachev in the context of the traditional goals and practices of Soviet foreign policy and it does not shy away from presenting seemingly controversial interpretations of the USSR's international politics *The Russian Revolution and Civil War 1917-1921* Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **Rethinking Theory and History in the Cold War** Richard Saull, 2001 Rethinking Theory and History in the Cold War focuses on what we mean by politics and international relations and how such assumptions have come to determine our understanding of the Cold War Using an historical materialist method the author criticizes conventional conceptions of international politics that tend to focus on the agency of and relations among states and offers an alternative historical sociology of the Cold War through an analysis of the relationship between formal political authority and socio-economic production Seen from this perspective the state the modern conceptions of politics can be seen as products of a capitalist modernity in which politics is based on the separation of the spheres of politics in the state and economics in civil society BOOK JACKET **A History Of Russia Volume 2** Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post-Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world The Soviet High Command John Erickson, 2019-07-11 This book aims to furnish a history of the origins and development of Soviet military leadership together with a survey of its relations with the Communist Party and the governmental apparatus within the

chronological limits of the first attempts to organise the Red Army and a military command *Notable U.S. Ambassadors Since 1775* Cathal J. Nolan, 1997-10-28 This book spans more than 200 years of U S diplomatic history Its geographical scope widens along with the expanding interests of America itself from initial exclusive concern with the empires of Europe to the emerging nations of Latin America to the commercial opportunities and geopolitical concerns of Asia and Africa The ambassadors chosen for inclusion reflect these historical changes in American foreign relations Organized alphabetically the biographies present an implicit account of the evolution of the U S diplomatic service from its founding and early principles through the 20th century evolution of its habits and culture **Stalin's Failed Alliance** Michael Jabara Carley, 2024-03-26 In the spring of 1936 the Soviet effort to build an anti Nazi alliance was failing Stalin continued nevertheless to support diplomatic efforts to stop Nazi aggression in Europe In *Stalin's Failed Alliance* the sequel to *Stalin's Gamble* Michael Jabara Carley continues his re evaluation of European diplomacy during the critical events between May 1936 and August 1939 This narrative history examines the great crises of the pre war period the Spanish Civil War Anschluss and Munich accords as well as both the last Soviet efforts to organize an anti Nazi alliance in the spring summer of 1939 and Moscow's shocking volte face the signing of the Nazi Soviet non aggression pact Carley's history traces the lead up to the outbreak of war in Europe on 1 September 1939 and sheds light on the Soviet Union's efforts to organize a defensive alliance against Nazi Germany in effect rebuilding the anti German Entente of the First World War The author argues for the sincerity of Soviet overtures to the western European powers and that the non aggression pact was a last ditch response to the refusal of other states especially Britain and France to conclude an alliance with the USSR against Nazi Germany Drawing on extensive archival research in Soviet and Western archival papers *Stalin's Failed Alliance* aims to see the European crisis of the 1930s through Soviet eyes
