Frederic J. Fleron Jr.

Soviet Prefects The Local Party Organs In Industrial Decision Making:

Soviet Prefects Jerry F. Hough, 1969 **Democratization and Revolution in the USSR, 1985-91** Jerry F.

Hough, 1997-05-01 Democratization and Revolution in the USSR 1985 91 presents a strikingly new view of the Gorbachev era and the reasons for the collapse of the Soviet Union Written by one of America s most distinguished specialists on the former Soviet Union this is the first comprehensive overview of the Gorbachev period and describes it as a real revolution not mere reform According to Hough despite Mikhail Gorbachev s talk of a regulated market he never understood that a market must be created on a solid institutional and legal base He was determined to use democratization to free himself from party control but he saw democracy as a way of achieving near universal consensus not a mechanism for forcing through difficult choices The many memoirs that have become available in the last few years including those of Gorbachev himself show that Premier Nikolai Ryzhkov and the bureaucrats in his government actually were the serious economic reformers in the leadership Gorbachev opposed the key transitional steps at every stage and was far closer to the assumptions of shock therapy than he or his opponents ever recognized Hough explains that Gorbachev was not alone in thinking that the destruction of old institutions was enough to unleash a market Westerners also talked of leaping a chasm in a single jump as if democratic and market institutions existed pre created on the other side But precisely because Gorbachev and later Boris Yeltsin was encouraged in all his worst mistakes by Western advice his failure has crucial implications for Western thinking about the process of democratization and marketization This unprecedented book explores those implications in depth Selected by Choice as an Outstanding Book for 1998 **Chinese Urban Life Under Reform** Wenfang Tang, William L. Parish, 2000-01-28 This book examines how urban China is experiencing the shift from a planned to a market economy

The End of the Communist Power Monopoly Michael Waller, 1993 This work analyzes the internal weaknesses and the external pressures that led to Communism s terminal crisis in Europe It systematically links the history of Euro Communism and the Prague Spring to the momentous events of 1989 to 1991 A History of Modern Russia from Nicholas II to Vladimir Putin Robert Service, 2005 Robert Service here presents a comprehensive overview of 20th century Russian history that treats the years from 1917 to 2000 as a single period and analyses the peculiar mixture of political economic and social ingredients that made up the Soviet compound The Social Prelude to Stalinism Roger Pethybridge, 1974-06-18

The Tsar's Viceroys Richard G. Robbins, 2019-06-30 Wrestling with a would be assassin inspecting the toilets in a rural prison responding to a challenge from his mistress s enraged husband all these matters could be part of a Russian provincial governor s day More often he was entangled in administrative routine troubled by a steady flow of orders from St Petersburg and tormented by complaints from local powerbrokers What was His Excellency the tsar s viceroy a bureaucratic flunky or a harassed politician Drawing on a broad range of materials in Soviet and Western archives Richard Robbins here gives us a richly textured portrait of the Russian provincial governors in the last years of the old regime He focuses on the governors as

people and working officials emphasizing their relations with government bureaucrats representatives of the privileged classes peasants and proletarians Robbins uses anecdotal evidence to good effect in drawing a vivid picture of provincial life at the turn of the century He persuades us that the popular image etched by Gogol and Dostoyevsky of the governor as incompetent and corrupt is in need of revision With convincing detail he demonstrates that the viceroys of the late imperial period were increasingly professional and some of them proved to be remarkably skilled politicians

Russian Studies and Comparative Politics Frederic J. Flernon Jr., 2016-12-27 This book brings together several of the author's empirical studies that demonstrate the strength and utility of sociologist Robert Merton's classic middle range theory for understanding aspects of both Soviet and post Soviet Russian politics Some of those studies demonstrate that testing middle range social science theory could take place even in the Soviet era when there were significant limitations of access to empirical data and meaningful field research in the USSR was all but impossible In the introductory chapter the author explains the need for and advantages of studying Russian and Soviet politics from the perspective of middle range social science theory Then follow three chapters analyzing methodological issues in Soviet post Soviet studies The author presents his six empirical studies employing middle range social science theories to explore in Russia USSR dimensions of organizations ideology and decisionmaking technology transfer and cultural diffusion political culture public opinion and democratization and congruence of authority patterns in state society relations The book concludes with a chapter arguing the advantages of thinking theoretically about Russian and Soviet politics with the establishment of a new epistemic community organized around studies employing middle range theory This book presents examples of solutions to long standing debates between area studies and the academic disciplines and between idiographic and nomothetic approaches to knowledge in the social sciences In contrast to the tradition of Carnivals and Cockfights in Russian Soviet area studies since the mid 20th Century the book offers a new way of approaching the study of Russian politics for the 21st Century

The Cooperative Edge Debora L. Spar, 1994 From these four cases she builds a picture of cooperation that departs significantly from the conventional portrayal and that has wide ramifications for our understanding of cooperation among states as well as among firms

State Erosion Lawrence P. Markowitz, 2013-11-15 State failure is a central challenge to international peace and security in the post Cold War era Yet theorizing on the causes of state failure remains surprisingly limited In *State Erosion* Lawrence P. Markowitz draws on his extensive fieldwork in two Central Asian republics Tajikistan where state institutions fragmented into a five year civil war from 1992 through 1997 and Uzbekistan which constructed one of the largest state security apparatuses in post Soviet Eurasia to advance a theory of state failure focused on unlootable resources rent seeking and unruly elites In Tajikistan Uzbekistan and other countries with low capital mobility where resources cannot be extracted concealed or transported to market without state intervention local elites may control resources but they depend on patrons to convert their resources into rents Markowitz argues that different rent seeking opportunities either

promote the cooptation of local elites to the regime or incite competition over rents which in turn lead to either cohesion or fragmentation Markowitz distinguishes between weak states and failed states challenges the assumption that state failure in a country begins at the center and radiates outward and expands the resource curse argument to include cash crop economies where mechanisms of state failure differ from those involved in fossil fuels and minerals Broadening his argument to weak states in the Middle East Syria and Lebanon and Africa Zimbabwe and Somalia Markowitz shows how the distinct patterns of state failure in weak states with immobile capital can inform our understanding of regime change ethnic violence and security sector reform

The Top Books of the Year Soviet Prefects The Local Party Organs In Industrial Decision Making The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Soviet Prefects The Local Party Organs In Industrial Decision Making : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
