Soviet-East European Relations Robert L. Hutchings, 1987 **Soviet-East European Relations** Robert L. Hutchings, 1987 **Continuity And Change In Soviet-east European Relations** Marco Carnovale, 2019-04-10 This book is originated from the 1985 Rome conference on Soviet East European Relations Implications for the West which explored the elements of continuity and change especially the trends in intra Warsaw Pact relations It contains revised versions of the papers presented at the conference **Soviet-East European Relations as a Problem for the West** Richard D. Vine, 2022-12-28 Soviet East European Relations as a Problem for the West 1987 analyses the evolution of Eastern Europe both internally and in its relationship with the Soviet Union the development of relations between the two superpowers and the equilibrium between the two security systems It examines how these changes have altered Western policy options how internal Western frictions arising from differing interpretations of these developments can best be managed and the most appropriate future policies both to achieve Western goals and to benefit Eastern Europe **The Sovietization of Eastern Europe** Balzs Apor, Péter Apor, Rees E. A., 2008-04-21 This essay anthology offers enlightening perspectives on how East Central Europe was transformed into the other Europe during the Cold War era When the Second World War ended a new conflict arose between world powers jockeying for supremacy The Soviet Union pursued a policy of exporting its system of government in a process known as sovietization But there were also governments that sought to adopt a Soviet way of life on their own accord Dictated by ideological imperatives both styles of sovietization employed socialist strategies of state and nation building This volume not only examines the imposition of new forms of government but also the socialist response to modernity as reflected in approaches to new technology and management consumption and leisure patterns religious and educational policy political rituals and attitudes to the past The essays explore the diversity and the tensions within the sovietization process in the countries of the region This collection is a bold and timely attempt at shedding light on a rather insufficiently researched topic the diverse approaches ranging from socio cultural and economic history to psycho history Dr Dragos Petrescu University of Bucharest **Soldiers and Politics in Eastern Europe, 1945-90** Zoltan D. Barany, 1993-07-27 **Khrushchev and Khrushchevism** Martin McCauley, 1987-05-01 [A Companion to Europe Since 1945](#) Klaus Larres, 2014-01-28 A Companion to Europe Since 1945 provides a stimulating guide to numerous important developments which have influenced the political economic social and cultural character of Europe during and since the Cold War Includes 22 original essays by an international team of expert scholars Examines the social intellectual economic cultural and political changes that took place throughout Europe in the Cold War and Post Cold War periods Discusses a wide range of topics including the Single Market European American relations family life and employment globalization consumption political parties European decolonization European identity security and defence policies and Europe's fight against international terrorism Presents Europe in a broad geographical conception to give equal weighting to developments

in the Eastern and Western European states *The Rise and Fall of the Brezhnev Doctrine in Soviet Foreign Policy* Matthew J. Ouimet, 2003-01-01 Ouimet argues that the now famous reforms of Soviet bloc policy of the mid 1980s were not the instigation but rather the climax of a fundamental transformation in Soviet policy toward Eastern Europe that had its origins in the Brezhnev era **East Central Europe** Lawrence D. Orton, 1989
