Soviet Far Eastern Policy 1931-1945:

Soviet Far Eastern Policy, 1931-1945 Harriet Lucy Moore, 1945 **The China-Burma-India Campaign, 1931-1945** Eugene L. Rasor, 1998-03-19 The China Burma India campaign of the Asian Pacific war of World War II was the most complex if not the most controversial theater of the entire war Guerrilla warfare commando and special intelligence operations and air tactics originated here The literature is extensive and this book provides an evaluative survey of that vast literature A comprehensive compilation of some 1 500 titles the work includes a narrative historiographical overview and an annotated bibliography of the titles covered in the historiographical section Following an introductory historical essay and a chronology the historiographical narrative covers land water underwater air and combined operations intelligence matters diplomacy and logistics and supply It also examines the memoirs diaries autobiographies and biographies of the personnel involved Such cultural topics as journalism fiction film and art are analyzed and existing gaps in the literature are looked at The bibliography provides both descriptive and evaluative annotations **The Soviet High Command** John Erickson, 2001 The study makes extensive use of Soviet military histories specialist military monographs Red Army regulations military manuals and handbooks memoirs documentary collections on Soviet military organization and Army Party relations Unpublished captured German military documents describe the secret Red Army Reichswehr collaboration Japanese Army records provide detailed information on the Soviet military build up in the Far East The Origins of Soviet American Diplomacy Robert Paul Browder, 2015-12-08 When Litvinov arrived in Washington in 1933 after the sixteen years of diplomatic silence between his country and the U S he carried with him his commission as official representative to the U S dated 1918 and signed by Lenin and Chicherin as evidence of the long standing desire of the Soviet Union for recognition This is an absorbing narrative of the events which led up to this dramatic arrival heralded with such high hopes and good will and of the collapse into discord and disillusionment which followed A full length account of these negotiations it presents a new picture of the pressures for and against diplomatic recognition of the Soviet Union Originally published in 1953 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Japanese-Soviet Neutrality Pact** Boris Nikolaevich Slavinskiĭ, 2004 This book provides an in depth study of the Japanese Soviet neutrality pact which held between 1941 and 1945 and ended with the USSR's declaration of war against Japan *The Wars for Asia, 1911-1949* S. C. M. Paine, 2014-10-09 The Wars for Asia 1911-1949 shows that the Western treatment of World War II the Second Sino Japanese War and the Chinese Civil War as separate events misrepresents their overlapping connections and causes The Chinese Civil War precipitated a long regional war between

China and Japan that went global in 1941 when the Chinese found themselves fighting a civil war within a regional war within an overarching global war The global war that consumed Western attentions resulted from Japan s peripheral strategy to cut foreign aid to China by attacking Pearl Harbour and Western interests throughout the Pacific in 1941 S C M Paine emphasizes the fears and ambitions of Japan China and Russia and the pivotal decisions that set them on a collision course in the 1920s and 1930s The resulting wars together yielded a viscerally anti Japanese and unified Communist China the still angry rising power of the early twenty first century Maritime Security in the Indian Ocean and Western Pacific Howard M. Hensel,Amit Gupta,2017-11-28 Scholars and policy makers have traditionally viewed portions of the Indian Ocean and the Western Pacific as separate and discrete political economic and military regions In recent years however a variety of economic political and military forces have made many within the academic community as well as a growing number of national governmental leaders change their perceptions and recognize that these maritime expanses are one zone of global interaction Consequently political military and economic developments in one maritime region increasingly have an impact elsewhere Analyzing and assessing the contemporary maritime challenges in the Indian Ocean and the Western Pacific this valuable study highlights the current prospects for peace and security in what is rapidly becoming recognized as an integrated and interactive political military strategic and economic environment This work will be of interest to researchers and policy makers involved in regional studies as well as security studies conflict resolution military and peace studies
