Mathers, 2000-08-09 This book makes extensive use of Soviet sources to provide the first full analysis of Moscow's ballistic missile defence policy from its origins to the most recent post Soviet developments It considers the Soviets motivations for pursuing an anti ballistic missile capability and the extent of their success and reveals that ballistic missile defence policy was used by every political leadership from Krushchev to Yeltsin as a means of sending signals about Moscow's intentions to the West **The Nuclear Deception** Servando Gonzalez, 2002 The event known as the Cuban missile crisis the greatest of all Cold War crises is a milestone in the history of the Cold War According to the author the main questions of the situation have eluded satisfactory answers because analysts have neglected the true Cuban role in the event particularly the Russo-Cuban relations prior to the crisis **Professional Journal of the United States Army**, 1974 **Afghanistan And The Soviet Union** Milan Hauner, 2019-08-26 Since the dramatic events of a decade ago the revolutions in Kabul and Teheran the Soviet invasion of Afghanistan and the Gulf War Greater Central Asia has recaptured the imagination of academia Historians Islamicists anthropologists political scientists and defense analysts began to convene conferences and to produce collective volumes that concentrated on two seemingly unrelated subjects the continuity and strength of ethnocultural patterns in Muslim Central Asia on the one hand and the limited range of U S military options for defense of the oil rich Gulf region against hypothetical Soviet invasion on the other The contributors to this volume were asked to focus on the long term significance of the junction between Afghanistan and Soviet Eurasia through the Midlands region a relationship that could have wide implications **Military Review**, 1974
