MILITARY UNIFORMS IN EUROPE 1900 - 2000 Volume One R Spencer Kidd, 2013-10-01 This book Volume One gives an historical overview of 36 countries whose armed forces served in Europe 1900-2000 together with uniform descriptions. Includes 200 full colour paintings of the regular armies, marines, airforce and para military troops engaged in land exercises, operations and warfare in Europe including non European troops serving in Europe. Each entry is accompanied by a history and description of the uniforms illustrated. The author and illustrator Ron Kidd has been interested in both police and military history uniforms and insignia since he was a school boy in the 1950s. He has visited over 300 police and military museums world wide and has written and illustrated a number of magazine articles on both police and military history and uniforms. He is a member of both the Military Heraldry Society and the Military Historical Society. It is anticipated that Volume Two will be published in 2013.

KGB and Soviet State Security Uniforms László Békési, 2002 Covers uniforms, insignia, decorations and other militaria of the Soviet agencies of State Security and Internal Forces. The 300 color photographs are accompanied by highly detailed captions tracing the evolution of official regulations and unofficial practices. They show the uniforms and insignia of the State Security service, the Frontier Guards, Police forces, the Interior Ministry's troops and special forces. A short section of particular value to collectors and researchers illustrates the insignia of a number of other uniformed organizations which have often been misidentified as military or security items.

Heroines of the Soviet Union 1941-45 Henry Sakaida, 2012-04-20 When the Great Patriotic War began many women volunteered for the armed forces but most of them were rejected. They were steered towards nursing or other supportive roles. Many determined women managed to enter combat by first volunteering as field medics and nurses then simply picking up a gun during the battle and charging boldly into the line of fire. In the area of aviation women also contributed greatly to the war effort. In rickety biplanes they flew bombing missions at night without parachutes; their only protection was the darkness. This book tells the stories of the brave women that were awarded the Soviet Union's most prestigious title Hero of the Soviet Union for their bravery in protecting their homeland.
