Soviet War Documents , June, 1941-November 1943 Embassy of the USSR Washington,2003-05 Full text of addresses notes orders of the day and statements issued by the Soviet Embassy in Washington from June 1941 through November 1943 Soviet war documents ,1943 From Incarceration to Repatriation Susan C. I. Grunewald,2024-07-15 From Incarceration to Repatriation explores the lives and memories of the nearly 1 5 million German POWs who were held by the Soviet Union during and after World War II and released in phases through 1956 seven years longer than the prisoners of any other Allied nation Susan C I Grunewald argues that Soviet leadership deliberately kept able bodied German POWs to supplement their labor force after the end of the war The Soviet Union lost 27 million citizens and a quarter of its physical assets during the war motivating Soviet leadership to harness the labor of German POWs for as long as possible Engaging with recently declassified documents in former Soviet archives archival material from multiple German governments as well as innovative use of digital humanities methods and geographic information system GIS mapping Grunewald demonstrates that Soviet authorities detained German POWs primarily for economic rather than punitive reasons In fact the GIS mapping of the historical materials makes it clear that most of the four thousand POW camps across the USSR were strategically located near industrial infrastructure and natural resource sites that were critical to postwar economic reconstruction From Incarceration to Repatriation is the first book to draw together the distinct fields of Soviet and German history to provide a more nuanced and comprehensive understanding of German POW captivity in the USSR during and after World War II Attending to the ways that the memory of German POWs remains in circulation in both the former Soviet Union and Germany Grunewald tracks the political repercussions of war commemoration *Russia's Iron Age* William Henry Chamberlin,2013-04-26 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork *The Ashes of Babi Yar* Antonella Salomoni,2025 On September 29 and 30 1941 in one of the largest mass murders of the Holocaust German troops massacred 33 771 Jews at the vast gorge located near Kyiv known as Babi Yar Babij Jar During and after the war the territory was modified redesigned and converted in order to remove the physical signs of genocide including the exhumation and incineration of thousands of bodies In large part this erasure was the result of policies implemented by the Soviet regime which refused to accept that there had been a special war against Jews Beginning with an explication of the mass murders and their aftermath Antonella Salomoni examines the afterlife of a massacre whose physical remains were intentionally hidden She focuses especially on how the arts prose poetry music architecture and painting shaped a collective narrative that despite repression played a crucial role in preserving the history and memory of the genocide Consolidated Review of Current Information United States.
