Space Chantey:

Space Chantey Neil Gaiman, R. A. Lafferty, 2009-08-25 Chronicles the adventures of Space Captain Roadstrum and his crew on a journey through galaxies resonant with myth and peril as Roadstrum valiantly battles to return across the cosmos to Big Tulsa the Capital of the World and to his wife and young son Tele Max **Space Chantey** R. A. Lafferty, 1968

Summary of *Pity* about earth The old planet's gone but her ways are still headline news **R. A. Lafferty: Three Great Novels** R. A. Lafferty, 2018-09-20 Acclaimed as one of the most original voices in modern literature Raphael Aloysius Lafferty drew more from traditional oral storytelling techniques than from the usual pulp roots of SF His inventive style and fondness for tall tales marked him out from his contemporaries and writers of the calibre of Harlan Ellison Neil Gaiman and Gene Wolfe acknowledge him as a major influence and force in the field His fiction has garnered numerous award wins and nominations and he has been given the prestigious SFWA Grand Master Award and the World Fantasy Award for Lifetime Achievement This volume contains three of his early novels the Hugo and Nebula shortlisted *Past Master* space opera retelling of *The Odyssey* *Space Chantey* and *Fourth Mansions* also shortlisted for the Nebula *Cabin Boys, Milkmaids, and Rough Seas* Jessica M. Floyd, 2024-08-30 During his correspondence with erotic folklore collector Gershon Legman famed chantey singer and collector Stan Hugill 1906-1992 shared unexpurgated versions of the songs in his repertoire These bawdy songs were meant to be a part of Legman's larger project concerning erotic folksong Upon Legman's death in 1999 the unfinished and unpublished manuscript sank into obscurity and was believed by many to be permanently lost Thankfully this holy grail of chantey texts had been safe in the private collection of Legman's widow Judith Legman all along *Cabin Boys Milkmaids and Rough Seas* Identity in the *Unexpurgated Repertoire* of Stan Hugill is the first critical investigation of this repository reproduced here for the first time Training an interdisciplinary lens on twenty-four unexpurgated texts author Jessica M. Floyd interrogates the articulation of gender sexuality and identity as it is expressed in these cultural artifacts of the sea Opening with both a critical explication of the chantey genre as well as situating Hugill's repertoire in the canon of folksong the book introduces readers to the critical realities that attend this rich cultural tradition Analytical chapters demonstrate the kaleidoscopic representation of gender and sexuality in this finite repertoire Each inquiry is connected and overlapping demonstrating an ebb and flow not unlike the waters on which the songs were sung Words of warning heteronormative economies and queer undercurrents each collide to present an image of sailing life that is nuanced and complicated provocative and evocative transgressive and sometimes radical The volume allows scholars to place a finger on the pulse of maritime life feeling and experiencing one voice among the din of working-class song traditions

now classic guide to the major and minor SF writers active in the early 1970s **How to Live Forever** Stephen R L Clark, 2008-01-28 Immortality is a subject which has long been explored and imagined by science fiction writers In his intriguing new study Stephen R L Clark argues that the genre of science fiction writing allows investigation of philosophical questions about immortality without the constraints of academic philosophy He reveals how fantasy accounts of issues such as resurrection disembodied survival reincarnation and devices or drugs for preserving life can be used as an important resource for philosophical inquiry and examines how a society of immortals might function through a reading of the vampire myth *How to Live Forever* is a compelling study which introduces students and professional philosophers to the possibilities of using science fiction in their work It includes extensive suggestions for further reading both fictional and philosophical and examines the work of such major science fiction authors as Arthur C Clarke Frank Herbert Larry Niven William Gibson and Colin Wilson *The Return of Ulysses* Edith Hall, 2008-01-30 Whether they focus on the bewitching song of the Sirens his cunning escape from the cave of the terrifying one eyed Cyclops or the vengeful slaying of the suitors of his beautiful wife Penelope the stirring adventures of Ulysses Odysseus are amongst the most durable in human culture The picaresque return of the wandering pirate king is one of the most popular texts of all time crossing East West divides and inspiring poets and film makers worldwide But why over three thousand years has the *Odyssey*'s appeal proved so remarkably resilient and long lasting In her much praised book Edith Hall explains the enduring fascination of Homer's epic in terms of its extraordinary susceptibility to adaptation Not only has the story reflected a myriad of different agendas but from the tragedies of classical Athens to modern detective fiction film travelogue and opera it has seemed perhaps uniquely fertile in generating new artistic forms Cultural texts as diverse as Joyce's *Ulysses* Suzanne Vega's *Calypso* Monteverdi's *Il Ritorno d Ulisse in Patria* the Coen Brothers *O Brother Where Art Thou* Daniel Vigne's *Le Retour de Martin Guerre* and Anthony Minghella's *Cold Mountain* all show that Odysseus is truly a versatile hero His travels across the wine dark Aegean are journeys not just into the mind of one of the most brilliantly creative of all the ancient Greek writers They are as much a voyage beyond the boundaries of a narrative which can plausibly lay claim to being the quintessential global phenomenon Modern Classics of Fantasy Gardner Dozois, 2014-10-28 While humanity has been telling fantastic stories for millennia fantasy fiction has only come into its own as a genre in the latter half of the twentieth century as the works of such writers as J R R Tolkien and Robert E Howard have found a wide audience This wonderful collection celebrates fantasy's heyday with 33 masterpieces of short fiction ranging from 1940s stories by L Sprague de Camp H L Gold Fritz Leiber and Manly Wade Wellman to more recent tales by such towering modern talents as Peter S Beagle Terry Bisson James P Blaylock Suzy McKee Charnas John Crowley Tanith Lee Michael Swanwick Judith Tarr Howard Waldrop Jane Yolen and Roger Zelazny Just as Gardner Dozois's *Modern Classics of Science Fiction* has helped longtime fans and new readers alike discover the genre's finest short stories so too shall this anthology allow readers to find in one volume more than two dozen masterworks of fantasy *American*
